- (a) to re-state, with amendments, the law relating to water in Victoria;
- (b) to provide for the integrated management of all elements of the terrestrial phase of the water cycle;
- (c) to promote the orderly, equitable and efficient use of water resources;
- (d) to make sure that water resources are conserved and properly managed for sustainable use for the benefit of present and future Victorians;
- (e) to maximise community involvement in the making and implementation of arrangements relating to the use, conservation or management of water resources;
- (ea) to ensure that Victoria's water resources and waterways are managed in a way that considers—
 - (i) Aboriginal cultural values and uses of waterways; and
 - (ii) the social and recreational uses and values of waterways;

inserted by
No. 23/2019
s. 4.**

S. 1(l)
amended by
No. 110/1997
s. 22(1).

- (f) to eliminate inconsistencies in the treatment of surface and groundwater resources and waterways;
- (g) to provide better definition of private water entitlements and the entitlements of Authorities;
- (h) to foster the provision of responsible and efficient water services suited to various needs and various consumers;
- (i) to provide recourse for persons affected by administrative decisions;
- (j) to provide formal means for the protection and enhancement of the environmental qualities of waterways and their in-stream uses;
- (k) to provide for the protection of catchment conditions;
- (l) to replace many forms of detailed administrative supervision of Authorities with general supervision by the Minister, through approved corporate plans and express directions;
- (m) to continue in existence and to protect all public and private rights to water existing before the commencement of the relevant provisions of this Act.

2 Commencement

- (1) This Act (except sections 328 and 329) comes into operation on 1 September 1991 or an earlier day or days to be proclaimed.
- (2) Section 328 comes into operation on the day on which this Act receives the Royal Assent.
- (3) Section 329 must be taken to have come into operation on 6 July 1988.

No. 23/2019
s. 8.

In order to give effect to any intergovernmental agreement to which the State is a party and which is relevant to the operation of this Act, it is the intention of the Parliament that the operation of this Act, as far as possible, is to include operation in relation to the following—

- (a) things, including land, situated in or outside the territorial limits of Victoria;
- (b) acts, transactions and matters done, entered into or occurring in or outside the territorial limits of Victoria;
- (c) things, land, acts, transactions and matters (wherever situated, done, entered into or occurring) that would, apart from this Act, be governed or otherwise affected by the law of another jurisdiction.

6A Power to declare water systems

- (1) The Governor in Council may, on the recommendation of the Minister, by Order published in the Government Gazette, make a declaration that, on the day specified in the declaration, a water system becomes a declared water system.
- (2) A declaration under subsection (1)—
 - (a) must not be amended, unless to correct any clerical, factual or other inadvertent mistake in the declaration; and
 - (b) must not be revoked.
- (3) Before making a declaration under subsection (1), the Minister must consult with—
 - (a) the Authority or Authorities responsible for the supply of water from the water system to which the declaration relates; and
 - (b) the Registrar.

Part 2—Rights and liabilities

Division 1—Rights

7 Continuation of the Crown's rights to water

- (1) The Crown has the right to the use, flow and control of all water in a waterway and all groundwater².
- (2) Subject to subsection (3), the right of the Crown to the use, flow and control of all water referred to in subsection (1) is not diminished by the fact that—
 - (a) by or under this or any other Act rights to water are conferred on other persons; or
 - (b) under this Act the Minister may issue licences for the taking or use of water; or
 - (c) under this or any other Act approval may be given for works or activities that affect the use, flow or control of water.
- (3) The Crown must not exercise a right conferred by subsection (1) so as to limit a right to water conferred on any other person by section 8(1)(b), (c) or (d) or section 8(4)(c).
- (4) Despite anything to the contrary in this or any other Act—
 - (a) a right to water must not be conferred on another person by or under this or any other Act; and
 - (b) a licence for the taking or use of water must not be issued by or under this or any other Act; and

**S. 7(4)
inserted by
No. 99/2005
s. 5.**

- (c) an approval must not be given for works or activities that affect the use, flow or control of water under this or any other Act—

unless regard is had to the need to maintain the environmental water reserve in accordance with the environmental water reserve objective.

8 Continuation of private rights to water

- (1) A person has the right to take water, free of charge, for that person's domestic and stock use from a waterway or bore to which that person has access—

- (a) by a public road or public reserve; or
(b) because that person occupies the land on which the water flows or occurs; or
(c) in the case of a waterway, because that person occupies land adjacent to it and the bed and banks of the waterway have remained the property of the Crown by virtue of section 385 of the **Land Act 1958**³ or any corresponding previous enactment; or
(d) subject to section 33C, in the case of a bore, because that person occupies it.

S. 8(1)(d)
amended by
No. 5/2002
s. 6(1).

- (2) If required to do so by the regulations, a person taking water under subsection (1) must give the Minister, in accordance with the regulations, written notice of the amount taken.

S. 8(3)
substituted by
No. 32/2010
s. 4.

- (3) A person has the right to use water taken by that person from a waterway under subsection (1)(a), if the water is being used at the place at which it is taken.

- (3A) A person has the right to use water taken by that person from a waterway under subsection (1)(b), (c) or (d). **S. 8(3A) inserted by No. 32/2010 s. 4.**
- (3B) A person has the right to use water taken by that person from a bore under subsection (1). **S. 8(3B) inserted by No. 32/2010 s. 4.**
- (3C) A person has the right to use, while it is within the waterway or bore, water which that person has the right to take under subsection (1). **S. 8(3C) inserted by No. 32/2010 s. 4.**
- (4) A person has the right to use—
- (a) water taken or received by that person in accordance with a licence or other authority issued to that person under this Act or any corresponding previous enactment; or
 - (b) water lawfully taken or received by that person from the works of an Authority or of any other person; or
 - (c) rainwater or other water that occurs or flows (otherwise than in a waterway or bore) on land occupied by that person or, with the permission of the other person, on land occupied by another person.
- (5) Water referred to in subsection (4)(c) may be used for any purpose and on any land.
- (5A) Subsections (4)(c) and (5) do not apply to the use, other than domestic and stock use, of water from a spring or soak or water from a private dam (to the extent that it is not rainwater supplied to the dam from the roof of a building). **S. 8(5A) inserted by No. 5/2002 s. 6(2).**
- (6) A right conferred by this section is limited only to the extent to which an intention to limit it is expressly (and not merely impliedly) provided in—

S. 8(6)(a)
substituted by
No. 99/2005
s. 6.

- (a) this Act, any regulations or by-laws under this Act, or any permission, authority or agreement made under this Act; or
- (b) any other Act or in any permission or authority granted under any other Act; or
- (c) the conditions of a licence issued under this Act; or
- (d) the prescriptions contained in an approved management plan drawn up under Division 3 of Part 3 for a water supply protection area.

S. 8(6)(d)
amended by
No. 5/2002
s. 6(3).

- (7) The rights to water conferred by or under this Act on a person who has an interest in land replace any rights⁴—

- (a) to take or use water; or
- (b) to obstruct or deflect the flow of water⁵; or
- (c) to affect the quality of any water; or
- (d) to receive any particular flow of water; or
- (e) to receive a flow of water of any particular quality—

that the person might otherwise have been able to enforce against the Crown or any other person because of, or as an incident to, that interest.

- (8) This section does not authorise any act or omission that may—

- (a) cause any water to be polluted; or
- (b) obstruct the flow of any water in a waterway; or
- (c) erode or otherwise damage the surrounds of any waterway.

8A Traditional owner agreement for natural resources

If a traditional owner group entity has an agreement under Part 6 of the **Traditional Owner Settlement Act 2010**, a person who is a member of a traditional owner group bound by the agreement has the right to take and use water on the land that is subject to the agreement—

(3) The right conferred by subsection (1) is limited only to the extent to which an intention to limit it is expressly (and not merely impliedly) provided in—

- (a) this Act; or
- (b) any other Act; or
- (c) the conditions attached to the bulk entitlement.

10 Right to construct or operate works

- (1) An Authority or any other person may, in accordance with this Act, construct or operate works for, or which may result in—
 - (a) the drainage of any land; or
 - (b) the collection, storage, taking, use or distribution of any water; or
 - (c) the obstruction or deflection of the flow of any water.
- (2) The right conferred by subsection (1) is limited only to the extent to which an intention to limit it is expressly (and not merely impliedly) provided in—
 - (a) this Act; or
 - (b) any other Act; or
 - (c) the provisions of a licence issued, or entitlement granted, under this or any other Act.

11 Allocation of water right on subdivision

- (1) If—
 - (a) at the commencement of this section a right is conferred on a person by section 8(1)(b) or (c) to take water from a waterway because that person occupies land on which the water flows or occurs or land adjacent to the waterway; and

(b) on or after that commencement that land is subdivided—

only the person who occupies one of the subdivided lots has, after the subdivision, the right conferred by that section.

- (2) The subdivided lot the occupier of which has the right to take water from the waterway, must—
- (a) have the waterway flowing or occurring on it; or
 - (b) be adjacent to the waterway.
- (3) The Minister may, on the application of the subdivider, exempt a subdivision from subsections (1) and (2) and allocate the right or part of it to all or any of the subdivided lots.
- (4) The Minister may require an applicant under subsection (3) to give notice of the application in any manner specified by the Minister.
- (5) A notice given under subsection (4) may invite submissions on the application to be made in the manner specified in the notice within the period specified in the notice.
- (6) The Minister may appoint a panel of persons to consider submissions made on an application under subsection (3).
- (7) Subsections (2) to (6) of section 50 apply to a panel appointed under subsection (6) as if the reference in subsection (3) of that section to a notice given under section 49(2) were a reference to a notice given under subsection (4) of this section.
- (8) In considering an application under subsection (3), the Minister must have regard to—
- (a) the report of any panel appointed under subsection (6); and

- (b) the matters mentioned in paragraphs (b) to (l) of section 40(1) as if the reference in paragraph (e) to the applicant were a reference to the occupiers of the subdivided lots; and
 - (c) any other matter that the Minister thinks fit to have regard to.
- (9) In considering an application under subsection (3), the Minister must give effect to an approved management plan for any relevant water supply protection area.

12 Authorisation may be conditional⁶

- (1) An Authority, a public statutory body or any other person that has power under this or any other Act to authorise or permit any activity, or any change in the use of land, that may affect the existing drainage regime—
- (a) must make the authorisation or permission subject to any conditions that, in the opinion of the Authority, body or other person, are required to ensure the conservation of waterways, wetlands and aquifers; and
 - (b) may withhold the authorisation or permission until any works are carried out, or any measures undertaken (including the payment of compensation), that are required by the Authority, body or other person for avoiding or lessening any possible adverse effect of the granting of the authorisation or permission.
- (2) In subsection (1), *drainage regime* means all physical and hydrological circumstances that may affect drainage in a catchment, including the use of land but not including any circumstances arising from works that are unlawfully carried out or from any unlawful use of the land.

- (3) The failure of an Authority, a public statutory body or other person to comply with subsection (1)(a) does not invalidate any authorisation or permission granted by that Authority, body or other person.

Division 2—Liabilities

14 Application

Sections 15 and 16 apply whether the taking, using, polluting, constructing, maintaining, operating or interfering occurred before or after the commencement of this section.

15 Civil liability for unauthorised taking or use of water or for unauthorised works⁷

- (1) A person who—

- (a) takes water in an unauthorised manner or in unauthorised quantities; or
- (b) uses water in an unauthorised manner or for an unauthorised purpose; or
- (c) pollutes water, whether or not authorised to do so; or
- (d) constructs, maintains or operates any unauthorised works—

and by that act causes injury to any other person or damage to the property (whether real or personal) of any other person or causes any other person to suffer economic loss is liable to pay damages to that other person in respect of that injury or damage.

- (2) Paragraph (c) of subsection (1) does not apply to the discharge of saline matter in accordance with by-laws made under section 160(1)(d) of this Act or regulations made under section 324 of this Act and all other necessary authorisations.

S. 15(2)
amended by
Nos 121/1994
s. 187(a),
17/2012 s. 4.

- (3) Paragraph (d) of subsection (1) does not apply to any injury, damage or loss to which section 16 applies.

16 Liability arising out of flow of water etc.⁸

(1) If—

- (a) there is a flow of water from the land of a person onto any other land; and
- (b) that flow is not reasonable; and
- (c) the water causes—
 - (i) injury to any other person; or
 - (ii) damage to the property (whether real or personal) of any other person; or
 - (iii) any other person to suffer economic loss—

the person who caused the flow is liable to pay damages to that other person in respect of that injury, damage or loss.

(2) If—

- (a) a person interferes with a reasonable flow of water onto any land or by negligent conduct interferes with a flow of water onto any land which is not reasonable; and
- (b) as a result of that interference water causes—
 - (i) injury to any other person; or
 - (ii) damage to the property (whether real or personal) of any other person; or

(iii) any other person to suffer economic loss—

the person who interfered with the flow is liable to pay damages to that other person in respect of that injury, damage or loss.

(3) If the person who caused, or interfered with, the flow (as the case requires)—

(a) is the servant of another person and acted in the course of the servant's employment; or

(b) is the agent of another person and acted within the scope of the agent's authority—

that other person is liable to pay damages in respect of the injury, damage or loss.

(4) The existence of a liability under subsection (3) does not extinguish the liability of the servant or agent under subsection (1) or (2), as the case requires.

(5) If the causing of, or the interference with, the flow (as the case requires) was given rise to by works constructed or any other act done or omitted to be done on any land at a time before the current occupier became the occupier of the land, the current occupier is liable to pay damages in respect of the injury, damage or loss if the current occupier has failed to take any steps reasonably available to prevent the causing of, or the interference with, the flow (as the case requires) being so given rise to.

(6) The existence of a liability under subsection (5) extinguishes the liability under subsection (1) of the person who caused the flow or the liability under subsection (2) of the person who interfered with the flow (as the case requires).

17 Protection from liability⁹

- | | |

20 Matters to be taken into account in determining whether flow is reasonable or not reasonable

(1) In determining whether a flow of water is reasonable or not reasonable, account must be taken of all the circumstances including the following matters—

- (a) whether or not the flow, or the act or works that caused the flow, was or were authorised;
- (b) the extent to which any conditions or requirements imposed under this Act in relation to an authorisation were complied with;
- (c) whether or not the flow conforms with any guidelines or principles published by the Minister with respect to the drainage of the area;

- (d) whether or not account was taken at the relevant time of the likely impact of the flow on drainage in the area having regard to the information then reasonably available about the cumulative effects on drainage of works and activities in the area;
- (e) the uses to which the lands concerned and any other lands in the vicinity are put;
- (f) the contours of the lands concerned;
- (g) whether the water which flowed was—
 - (i) brought onto the land from which it flowed; or
 - (ii) collected, stored or concentrated on that land; or
 - (iii) extracted from the ground on that land—and if so, for what purpose and with what degree of care this was done;
- (h) whether or not the flow was affected by any works restricting the flow of water along a waterway;
- (i) whether or not the flow is likely to damage any waterway, wetland or aquifer;
- (j) in the case of a flow of, or interference with, water caused by the construction, removal or alteration of a levee in accordance with section 32AC of the **Victoria State Emergency Service Act 2005**, whether or not that construction, removal or alteration occurred in response to an emergency within the meaning of section 3 of the **Emergency Management Act 2013**.

If the Crown, an Authority or a public statutory body is the owner or has the management and control of any works which interfere, or may interfere, with the reasonable flow of water, in determining whether those works should be continued, removed or modified, account must be taken of all the circumstances including the following matters—

- (a) the circumstances, state of scientific knowledge and knowledge of local conditions at the time the works were constructed;

- (b) the nature and position of the works;
- (c) the likely effects and costs of continuing, removing or modifying the works;
- (d) the nature of any interest in land affected by the works and the effect on that interest of continuing, removing or modifying the works.

Part 3—Assessment of and accounting for water

Division 1—Role of Minister

22 Role of Minister

(1) The Minister—

- (a) must make sure that a continuous program of assessment of the water resources of the State is undertaken; and
- (ab) must make sure that a program of long-term water resources assessments is undertaken in accordance with this Act; and S. 22(1)(ab) inserted by No. 99/2005 s. 8(1)(a).
- (ac) must make sure that a program of sustainable water strategies is undertaken for the State in accordance with this Act; and S. 22(1)(ac) inserted by No. 99/2005 s. 8(1)(a).
- (b) subject to and in accordance with this Act, may allocate the available water resources; and S. 22(1)(b) amended by No. 99/2005 s. 8(1)(b).
- (c) may require an assessment of the environmental water reserve to be carried out. S. 22(1)(c) inserted by No. 99/2005 s. 8(1)(c).

(2) The water resources assessment program must provide for the collection, collation, analysis and publication of information about—

- (a) the availability of water, including surface water and groundwater; and S. 22(2)(a) substituted by No. 99/2005 s. 8(2)(a).
- (ab) the use of one water source as a substitute for another water source; and S. 22(2)(ab) inserted by No. 99/2005 s. 8(2)(a).
- (ac) the environmental water reserve; and S. 22(2)(ac) inserted by No. 99/2005 s. 8(2)(a).

22C Contents of a Sustainable Water Strategy

- (1) A Sustainable Water Strategy must provide for the strategic planning of the use of water resources in the region to which it applies—
 - (a) to identify threats to the reliability of supply and quality of water for both environmental and consumptive uses in the region; and
 - (b) to identify ways to improve and set priorities for improving the reliability of supply and quality of water, including managing demand for water, and investing in infrastructure for the supply of recycled water; and
 - (c) to identify ways to improve and set priorities for improving the maintenance of the environmental water reserve in accordance with the environmental water reserve objective; and
 - (d) to identify ways to increase and set priorities for increasing the volume of water in the environmental water reserve to improve the environmental values and health of water ecosystems; and
 - (e) to include an implementation plan, setting out timelines or targets for implementing key actions identified by the strategy.
- (2) A Sustainable Water Strategy must take into account—
 - (a) the results of any long-term water resources assessment undertaken under Division 1C;
 - (b) any relevant strategy or statement of policy or plan prepared under this Act, the **Catchment and Land Protection Act 1994**, the **Flora and Fauna Guarantee Act 1988**, the **Heritage Rivers Act 1992**, the **Planning**

Strategy applies;

(ii) the social and recreational uses and
values of waterways in the region to
which the Strategy applies; and

(b) take into account any of the following
agreements that are relevant to the region to
which the Strategy applies—

(i) a recognition and settlement agreement
and any further agreement to a
recognition and settlement agreement;

(ii) an Aboriginal cultural heritage land
management agreement within the
meaning of the **Aboriginal Heritage
Act 2006** that is recorded on the
Victorian Aboriginal Heritage Register
under section 145 of that Act; and

(c) take into account any determination of native
title that native title exists in relation to the
region to which the Strategy applies; and

(d) have regard to any relevant economic and
environmental matters.

- (1) In preparing a draft Sustainable Water Strategy, the Minister must—
- (a) consult with the consultative committee appointed by the Minister under section 22D;

- (b) give notice of the preparation of the Strategy to—
- (i) any Authority whose interests the Minister considers are likely to be affected by the Strategy; and
 - (ii) each specified Aboriginal party for an area that is wholly or partly within the region for which the Strategy is being prepared;
- (c) publish notice of the undertaking of the strategy and the preparation of the Strategy in a local newspaper circulating generally in the area to which the Strategy applies;
- (d) make the draft Strategy available for inspection by the public for at least 2 months after its preparation;
- (e) publish a notice in a newspaper circulating generally in the State and in a local newspaper circulating generally in the region which will be affected by the Strategy stating where and when the draft Strategy can be inspected and inviting public comment by a set date;
- (f) consider any comments made by the set date;
- (g) consider any comments of any panel appointed under section 22F;
- (h) make any appropriate changes to the draft Strategy.
- (2) The set date in a notice under subsection (1)(e) must be a day not less than 35 days after the day on which the notice is published.

22R Review process

- (1) In conducting a review under section 22P, the Minister must—
 - (a) consult with the consultative committee appointed by the Minister under section 22Q;

- (b) give notice of the review to—
- (i) any Authority or other person whose interests the Minister considers are likely to be affected by the review; and
 - (ii) each specified Aboriginal party for an area that is wholly or partly within the area to which the water resources the subject of the review are related;
- (c) publish notice of the commencement of the review in a local newspaper circulating generally in the area to which the review relates;
- (d) make any draft review available for inspection by the public for at least 2 months after its preparation;
- (e) publish a notice in a newspaper, circulating generally in the State and a local newspaper circulating generally in the area to which the review relates, stating where and when the draft review can be inspected and inviting public comment by a set date;
- (f) consider any comments made by the set date;
- (g) consider any comments of the panel appointed under section 22S;
- (h) make any appropriate changes to the draft review.

22T Consideration and publication of review

- (1) After—
 - (a) considering the report prepared by the panel under section 22S; and
 - (b) after making the report available to the public under section 22S(7)—the Minister must consider the review and may—
 - (c) endorse the Review; or

- (d) endorse the Review with any amendments the Minister considers appropriate; or
 - (e) refuse to endorse the Review.
- (2) On completion of a review under section 22P, the Minister must—
 - (a) make a copy of the review available for inspection, during business hours, free of charge at the offices of the Department; and
 - (b) make a copy of the review available on the Department's website; and
 - (c) publish a notice of the availability of the copy of the review in a newspaper circulating generally in the area to which the review applies; and
 - (d) make a copy of the review available for inspection during business hours, free of charge, at the office of the Department located in the region to which the assessment applies.

No. 99/2005
s. 11.**

- (1) Within 6 months of the publication of a notice under section 22T(2)(c) the Minister must determine a program of implementation of the review and publish a statement of the actions required to implement that program.
- (2) If, as part of a program of implementation of a review, the Minister determines to qualify rights under section 33AAB, the Minister must set out

notice of that determination in the statement
published under subsection (1).

Division 2—Water resources assessment program

23 Powers of Minister in relation to assessment program¹⁰

- (1) The Minister may do anything that is necessary or convenient to be done for or in connection with, or as incidental to, the undertaking of the water resources assessment program including (but not limited to) the following—
- (a) carrying out surveys and holding inquiries;
 - (b) measuring and recording the flow of water in—
 - (i) waterways; and
 - (ii) other areas in which water collects;
 - (c) investigating groundwater;
 - (ca) investigating whether or not the environmental water reserve is being maintained in accordance with the environmental water reserve objective;
 - (d) monitoring the physical, chemical and bacteriological quality of water;
 - (e) investigating the effect of climatic conditions on the occurrence and quality of water;
 - (f) investigating the interaction between groundwater and surface water;
 - (g) monitoring the flows of receiving waters for drainage, sewage and trade waste;
 - (h) establishing and maintaining works.

27 Declaration of water supply protection area

- (1) The Minister, on the Minister's initiative or on an application from a person referred to in subsection (3), may, by Order published in the Government Gazette, declare an area to be a water supply protection area.
- (2) An area may be declared under subsection (1) to be a water supply protection area for the protection of the groundwater resources in the area or the surface water resources in the area or both.
- (3) An application for a declaration under subsection (1) may be made by—
 - (a) a person authorised to use groundwater or surface water under this Act; or
 - (b) an Authority that—
 - (i) holds a bulk entitlement; or
 - (ii) uses groundwater; or
 - (iii) supplies water; or

- (c) a body that has responsibilities under any Act relating to the conservation or management of water, or of land—
in the area concerned or in an area where the water supply is affected by the taking and use of groundwater or surface water (as the case requires) in the area concerned.
- (4) The Minister may only make a declaration under subsection (1) if—
 - (a) the Minister has first caused notice of the proposed declaration to be—
 - (i) published in a newspaper circulating generally in the area concerned; and
 - (ii) given by post to the relevant persons listed in subsection (5); and
 - (b) the Minister has considered any submissions made within 60 days after the publication or giving of notice of the proposed declaration under subparagraph (i) or (ii) of paragraph (a), whichever is the later.
- (5) For the purposes of subsection (4)(a)(ii) the relevant persons are—
 - (a) the Minister administering the **Conservation, Forests and Lands Act 1987**; and
 - (b) the Minister administering the **Planning and Environment Act 1987**; and
 - (c) any Authority exercising a function under Part 8 or 11 in the area concerned; and
 - (d) any Authority that holds a bulk entitlement to water from a source in the area concerned; and

- (e) any public statutory body which the Minister considers may be directly affected by the declaration; and
 - (f) any council in whose municipal district the area concerned is wholly or partly situated; and
 - (g) the responsible authority under the **Planning and Environment Act 1987** in relation to a planning scheme for the whole or any part of the area concerned.
- (6) If an application under subsection (1) is made for a declaration, the publication or giving notice of the proposed declaration is to be at the expense of the applicant.
- (7) The Minister may require further information with respect to the proposed declaration to be provided by the applicant for the declaration or any Authority with a function under this Act in the area concerned.
- (8) The Minister must make a decision whether to declare an area to be a water supply protection area within 60 days after the period of 60 days referred to in subsection (4)(b).
- (9) If the Minister decides to declare an area to be a water supply protection area, the Minister must cause a notice to that effect to be published in a newspaper circulating generally in the area.
- (10) If the Minister decides not to declare an area to be a water supply protection area, the Minister must cause a notice to that effect to be published in a newspaper circulating generally in the area.
- (11) The Minister must cause a declaration under subsection (1) to be laid before each House of Parliament within 5 sitting days of that House after it is made.

28 Amendment or abolition of water supply protection area

**S. 28
substituted by
No. 5/2002
s. 10.**

- (1) The Minister may, by a subsequent Order published in the Government Gazette, amend the boundaries of, or abolish, a water supply protection area.
- (2) Section 27 applies (with any necessary modifications) to an Order under subsection (1) as if it were a declaration under section 27(1).

29 Consultative committee

**S. 29
substituted by
No. 5/2002
s. 10.**

- (1) If the Minister makes a declaration under section 27(1), the Minister must appoint a consultative committee to prepare a draft management plan for the area that is the subject of the declaration.
- (2) The following provisions apply with respect to the membership of a consultative committee appointed under this section—
 - (a) the Minister must make sure that, so far as is possible—
 - (i) all relevant interests are fairly represented on the committee;
 - (ii) the membership consists of persons who have knowledge or experience in the matters to be covered in the management plan;
 - (iii) if there are one or more specified Aboriginal parties for an area that is wholly or partly within the area that is the subject of the declaration, the membership consists of at least one person who is a representative of one of the specified Aboriginal parties;

**S. 29(2)(a)(iii)
inserted by
No. 23/2019,
s. 21.**

- (b) at least one half of the membership must consist of persons who are owners or occupiers of land in the area concerned appointed after consultation by the Minister with bodies representative of those persons;
 - (c) any public statutory body which the Minister considers to be directly affected by the declaration must, after consultation by the Minister with it, be represented on the committee.
- (3) Unless the area that is the subject of the declaration is wholly within an urban area, the persons referred to in subsection (2)(b) must be farmers who own or occupy farming land in the area, appointed by the Minister after consultation with the Victorian Farmers Federation.
- (4) Section 318(2) to (6) applies to a consultative committee appointed under this section.

30 Guidelines for preparation of draft management plans

- (1) The Minister may prepare guidelines for the preparation of a draft management plan for an area that is the subject of a declaration under section 27(1).
- (2) The Minister may from time to time amend or revoke any guidelines prepared under subsection (1).
- (3) The Minister, as soon as practicable after preparing, amending or revoking guidelines under this section must give the relevant consultative committee—
 - (a) a copy of the guidelines or the amendment;
or
 - (b) notice of the revocation of the guidelines.

- (1) Despite anything to the contrary in this Division but subject to this section, the Minister may approve a plan for the management of surface water resources that has been prepared or partly prepared by or for the department for a particular area before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002**.

- (2) Before approving a plan as a management plan under subsection (1), the Minister may—
 - (a) review or revise the plan; or
 - (b) appoint an advisory committee to assist in developing or completing the plan.
- (3) An advisory committee is to consist of such persons as the Minister thinks fit.
- (4) The Minister must not approve the plan unless the Minister is satisfied that the plan complies with section 32A(1) to (5).
- (5) On the approval by the Minister of a plan under subsection (1)—
 - (a) the particular area to which the plan relates is deemed to be a water supply protection area for the protection of surface water resources; and
 - (b) the plan is deemed to be an approved management plan for the surface water resources of the relevant water supply protection area and may be amended or revoked in accordance with this Division.

32F Compensation in certain circumstances

- (1) The owner and occupier of any works is entitled to be paid, by the person specified by the consultative committee that prepared the plan, or specified by the Minister in a plan referred to in section 32E, compensation for any loss suffered or expenses sustained as a result of—
 - (a) being directed under section 32B(1)(a) to carry out works or install equipment; or
 - (b) being ordered under section 32B(1)(b) to remove works.

- (2) If as a result of the enforcement of an approved management plan a benefit is conferred on one person and a detriment is suffered by another person, the second-mentioned person is entitled to be paid by the first-mentioned person compensation for the detriment suffered.
- (3) The amount of compensation payable under subsection (1) or (2) is as agreed by the parties or, in the absence of agreement, as determined by the Authority that has the duty of administering and enforcing the plan, and that amount may be enforced as a debt in a court of competent jurisdiction.
- (4) A person whose interests are affected by a decision—
 - (a) of an Authority under subsection (3) as to the amount of compensation payable; or
 - (b) of a consultative committee or the Minister under subsection (1)—
 - (i) that a specified person must pay compensation; or
 - (ii) that no compensation is payable—may apply to the Tribunal for review of the decision.
- (5) An application for review must be made within 28 days after the later of—
 - (a) the day on which the decision is made;
 - (b) if, under the **Victorian Civil and Administrative Tribunal Act 1998**, the person requests a statement of reasons for the decision, the day on which the statement of reasons is given to the person or the person is informed under section 46(5) of that Act that a statement of reasons will not be given.

- (2) For the purposes of subsection (1), the Water Holder may make seasonal watering plans for different parts of the State.
- (3) A seasonal watering plan must include the following information in respect of the water season to which the plan relates and in respect of the part of the State to which the plan relates, if the plan is made for a part of the State—
- (a) a forecast of climatic conditions; and
 - (b) priorities for the performance of its functions under section 33DD(a) and (b); and
 - (c) any other information required to be included by any relevant rules made under Division 6.
- (4) A seasonal watering plan may be varied by the Water Holder at any time.
- (5) Before making or varying a seasonal watering plan, the Water Holder must—
- (a) take into consideration any relevant seasonal proposals prepared by an Authority that has a waterway management district under section 192A; and
 - (b) ensure the plan is consistent with any requirements set out in a bulk entitlement or an environmental entitlement held by the Water Holder; and

- (c) comply with any procedural or consultative requirements under any relevant rules made under Division 6; and
 - (d) have regard to any matters required under any relevant rules made under Division 6.
- (6) The Water Holder must make a seasonal watering plan publicly available at the office of the Water Holder or on its website.

- (1) The Water Holder may issue a seasonal watering statement for any part of the State in respect of the whole or a part of a water season.
- (2) A seasonal watering statement may authorise an Authority that has a waterway management district to apply or use water in the Water Holdings or otherwise exercise rights in the Water Holdings within the waterway management district of the Authority on behalf of the Water Holder.
- (3) A seasonal watering statement must include, in respect of the part of the State and the water season to which the statement relates—
 - (a) the Authority that may apply or use water in the Water Holdings or otherwise exercise rights in the Water Holdings on behalf of the Water Holder; and
 - (b) in respect of water that is to be applied or used, the rights that are to be exercised under the rights or entitlements in the Water Holdings and any other rights in the Water Holdings that are to be exercised; and
 - (c) the purpose for which, the amounts of which and the circumstances in which water under rights and entitlements referred to in paragraph (b) is to be applied or used; and

- (d) any other information required to be included by any relevant rules made under Division 6.
- (4) A seasonal watering statement may be made at any time during the water season to which the statement relates.
- (5) A seasonal watering statement must be consistent with a seasonal watering plan for the same water season to which the statement relates.
- (6) Before making a seasonal watering statement the Water Holder must—
 - (a) ensure the statement is consistent with any requirements set out in a bulk entitlement or an environmental entitlement held by the Water Holder; and
 - (b) comply with any procedural or consultative requirements under any relevant rules made under Division 6; and
 - (c) have regard to any matters required under any relevant rules made under Division 6.
- (7) In the event of any inconsistency between seasonal watering statements, the most recent statement is to prevail to the extent of that inconsistency.
- (8) The Water Holder must make a seasonal watering statement publicly available at the office of the Water Holder or on its website.

33DZ Water Holder may request information relating to water season

The Water Holder, by giving written notice to an Authority that has a waterway management district, may require the Authority to give the Water Holder any information relating to the application or use of water in the Water Holdings or other exercise of rights in the Water Holdings

within the waterway management district of the Authority in accordance with a seasonal watering statement.

Division 6—Ministerial rules relating to Water Holder

33DZA Ministerial rules relating to Water Holder

- (1) The environment Minister, by Order published in the Government Gazette, may make rules in relation to—
- (a) information for the purposes of reporting requirements under section 33DT;
 - (b) information for the purposes of recording requirements under section 33DU;
 - (c) procedural and consultative requirements relating to the preparation of corporate plans, seasonal watering plans and seasonal watering statements;
 - (d) matters that the Water Holder must have regard to when preparing corporate plans, seasonal watering plans and seasonal watering statements;
 - (e) information that must be included in corporate plans, seasonal watering plans and seasonal watering statements;
 - (f) consultative requirements to be undertaken by the Water Holder with communities and stakeholders;
 - (g) requirements as to the reporting by the Water Holder to the environment Minister in relation to the performance of its functions, powers and duties;

Part 3A—Water shares

Division 1—Offence as to taking of water

33E Offences for taking water without a water share¹¹

- (1) A person must not knowingly take water from a relevant water source in a declared water system without being authorised to do so under a water share, being a taking that results in—

- (a) land, works or water being seriously damaged; or
- (b) another person suffering substantial economic loss.

Penalty: For an individual, 10 years imprisonment or 1200 penalty units or both;

For a body corporate, 6000 penalty units.

- (2) A person must not recklessly take water from a relevant water source in a declared water system without being authorised to do so under a water share, being a taking that results in—

- (a) land, works or water being seriously damaged; or
- (b) another person suffering substantial economic loss.

Penalty: For an individual, 5 years imprisonment or 600 penalty units or both;

For a body corporate, 3000 penalty units.

- (3) A person must not take water from a relevant water source in a declared water system without being authorised to do so under a water share.

Penalty: For an individual, 240 penalty units;

For a body corporate, 1200 penalty units.

- (4) A person does not commit an offence under subsection (1), (2) or (3) if the person takes water—

(a) for domestic and stock use from a spring or soak; or

(b) from a dam, that is water taken from the dam other than for domestic and stock use, being water in the dam—

(i) that has been taken from another relevant water source under an authorisation to do so under this or any other Act; or

(ii) that has been collected from a roof; or

(c) from a dam, that is water taken from the dam for domestic and stock use, other than water in the dam that has been taken from a waterway or aquifer without an authorisation to do so under this or any other Act; or

(d) under any other authorisation to do so by or under this or any other Act.

- (5) In this section—

relevant water source means any of the following—

(a) a waterway (including the River Murray);

(b) an aquifer;

- (c) a spring or soak;
- (d) a dam.

33EA Evidentiary provisions for offences under section 33E

- (1) In any proceeding for an offence under section 33E(1), (2) or (3) against a person, evidence that water has been taken to, diverted to or used on land occupied by the person is evidence that the person took the water and, in the absence of evidence to the contrary, is proof of that fact.
- (2) To avoid doubt, subsection (1) applies to a person who is the occupier of land who is also the owner of the land.
- (3) In a proceeding for an offence under section 33E(1), (2) or (3), if a person has been found guilty of an offence under section 288(1), (2) or (3) in relation to a meter of an Authority that measures the amount of water that is taken to, delivered to or used on land, the finding of guilt is evidence that—
 - (a) the person took water and, in the absence of evidence to the contrary, is proof of that fact; and
 - (b) the person was not authorised to take the water and, in the absence of evidence to the contrary, is proof of that fact.

33EB Power to issue infringement notice in relation to offence under section 33E(3)

- (1) An authorised water officer may serve an infringement notice on a person whom the officer has reason to believe has contravened section 33E(3) if the person—

- (a) was not authorised to take water under a water share; and
 - (b) took an amount of water equal to, or less than, 10 megalitres.
- (2) An authorised water officer may serve an infringement notice on a person whom the officer has reason to believe has contravened section 33E(3) if the person—
- (a) was authorised to take a specified amount of water under a water share (the ***authorised amount***); and
 - (b) took an amount of water in addition to the authorised amount and the amount of that additional water—
 - (i) was equal to, or less than, 20% of the total authorised amount; and
 - (ii) was equal to, or less than, 10 megalitres.

33G Matters the Minister must determine in issuing a water share

On issuing a water share the Minister must determine—

- (a) the water system for which the share is issued, and, if that water system is divided into zones, the zone for which the water share is issued; and
- (b) the share of water available from the water system under the water share, which must be expressed as a maximum volume of water over a period defined by the Minister; and
- (c) the class of reliability of the share; and
- (d) any other prescribed matter.

33H Matters Minister must specify in issuing water share

S. 33H
inserted by
No. 99/2005

On issuing a water share the Minister must specify—

- (a) in the case of a water share issued under this Part to more than one person, whether the share is to be held by those persons—
 - (i) as joint tenants; or
 - (ii) as tenants in common;
- (b) whether or not the water share is an associated water share, and if the water share is an associated water share—
 - (i) the land specified in a water-use licence or water-use registration with which it is associated; and
 - (ii) the water-use licence or water-use registration in which the land is so specified;
- (c) the Authority (if any) that is responsible for providing services in respect of the water share.

33J Matters to be considered in issuing certain water shares

- (1) The Minister, in issuing a water share and in making a determination under section 33G(b) or (c) in respect of a water share, where the associated water system for that water share is subject to a bulk entitlement or is a water system in respect of which a permissible consumptive volume has been declared, must consider—
 - (a) whether the issue of the share would be consistent with the bulk entitlement or with the permissible consumptive volume for the water system (as the case requires); and
 - (b) the effect that the issue is likely to have on—
 - (i) other water shares for which the water system is the associated water system; and
 - (ii) any environmental entitlement to which the associated water system is subject; and
 - (iii) the needs of other potential applicants.
- (2) The Minister, in issuing a water share and in making a determination under section 33G(b) or (c) in respect of a water share to which subsection (1) does not apply, must consider—
 - (a) the existing and projected availability of water in the associated water system for the water share; and

- (b) the existing and projected quality of water in the associated water system; and
- (c) any adverse effect that the allocation or use of water under the water share is likely to have on—
 - (i) existing authorised uses of water provided from the associated water system; and
 - (ii) any waterway or aquifer; and
- (d) any water in the associated water system in respect of which the applicant is already the owner of a water share; and
- (e) the need to protect the environment, including the riverine and riparian environment; and
- (f) the conservation policy of the government; and
- (g) any adverse effect the issue of the share or the determination (as the case requires) is likely to have on the maintenance of the environmental water reserve in accordance with the environmental water reserve objective; and
- (h) government policies concerning the preferred allocation or use of water resources; and
- (i) the needs of other potential applicants; and
- (j) so far as is available to the Minister—
 - (i) any relevant report or statement prepared under any Act; and
 - (ii) the findings of or any evidence given or submissions made to any relevant investigation or inquiry held under any Act or held by any Committee of the

Cabinet, government department or public statutory body, whether or not under an Act; and

(k) any other matter that the Minister thinks fit to have regard to.

 - (i) the owner or occupier of land specified in a water-use licence or water-use registration; or
 - (ii) a related person to a person who is the owner or occupier of any such land; or

- (b) in the case of an application by a person or persons who are or who will become joint tenants of the share, half or more of the tenants are persons who are—
 - (i) the owner or owners or occupier or occupiers of land specified in a water-use licence or water-use registration; or
 - (ii) a related person or related persons to a person who is or persons who are the owner or owners or occupier or occupiers of any such land; or
 - (c) in the case of an application by a person or persons who are or who will become tenants in common of the share, half or more of the ownership of the share is by a person who is or persons who are—
 - (i) the owner or owners or occupier or occupiers of land specified in a water-use licence or water-use registration; or
 - (ii) a related person or related persons to a person who is or persons who are the owner or owners or occupier or occupiers of any such land.
- (2) The Minister must not make a determination under section 33AL unless—
- (a) the Minister is satisfied that the maximum volume of the share together with the maximum volumes of any other water shares that are associated with the land specified in the application is not more than twice the maximum volume of water that is allowed to be used under the water-use licence or water-use registration (as the case requires) on the land; and
 - (b) the application is consistent with any relevant rules made under Division 13.

- (3) The Minister must not determine that a water share is associated with land that is specified in a water-use licence or a water-use registration if there are no works or systems that are available or that are reasonably likely to be available to supply or deliver water to the land.

45 Minor amendment of bulk entitlement by notice

- (1) The Minister may amend a bulk entitlement by notice given to the holder of the entitlement.
- (2) The Minister must not amend a bulk entitlement under subsection (1) unless—
- (a) the Authority holding the entitlement has applied to the Minister for the amendment; or
 - (b) the Minister has consulted with the Authority holding the entitlement about the amendment before making the amendment.
- (3) In making an amendment under subsection (1), the Minister must be of the opinion that the amendment is necessary—
- (a) to correct a mistake in the description of any element of the entitlement; or
 - (b) to make a minor variation arising from practical operations (including any dealing in a right or entitlement under this Act); or
 - (c) to vary an obligation or impose a new obligation on a resource manager, storage manager or environmental manager; or
 - (d) to make any other amendment to the entitlement that does not impact on another person's entitlement to water and does not adversely affect the environmental water reserve.

- (4) An amendment to a bulk entitlement that is made by notice under subsection (1) does not have effect until notice of the making of the amendment has been published in the Government Gazette.

- (1) The Minister may—
- (a) on a request from the Authority, approve the assigning of a water allocation for the purposes of section 46; or
 - (b) on an application by a person, approve the assigning of a water allocation for the purposes of section 46A.
- (2) The Minister, in deciding whether or not to approve an assignment under subsection (1), must have regard to—
- (a) any adverse effect that the assignment is likely to have on—
 - (i) other persons that take water from the same water system; and
 - (ii) on the maintenance of the environmental water reserve in accordance with the environmental water reserve objective;
 - (b) whether the assignment is in accordance with any relevant rules made by the Minister under section 47E;
 - (c) any other prescribed reason.
- (3) Any request or application to the Minister to which subsection (1) applies must—
- (a) be made in a form and manner approved by the Minister; and

46D Transfer of bulk entitlement

- (1) An Authority that holds a bulk entitlement under this Division may, by instrument, transfer the bulk entitlement, in whole or in part, to any person.
- (2) An Authority must not transfer a bulk entitlement under subsection (1) unless the Authority has first applied for and obtained the approval of the Minister.
- (3) An application to the Minister under subsection (2) must—
 - (a) be made in a form and manner approved by the Minister; and
 - (b) contain any information that is required by the Minister; and
 - (c) be accompanied by the prescribed fee, if any, for the application.

46E Ministerial approval for transfer

- (1) Subject to this section, the Minister, on receiving an application under section 46D(2), may approve a transfer under section 46D.
- (2) The Minister must not approve a transfer of the whole or a part of a bulk entitlement held by the Water Holder unless the Minister has first obtained the approval of the environment Minister.

(3) The Minister—

- (a) must not approve the transfer if he or she is of the opinion that—
 - (i) the transfer is likely to have an adverse effect on the maintenance of the environmental water reserve in accordance with the environmental water reserve objective; or
 - (ii) the entitlement or part to be transferred is not surplus to the needs of the Authority; or
- (b) in any other case, the Minister, in considering whether or not to approve the transfer, must have regard to—
 - (i) any of the matters mentioned in section 40(1); and
 - (ii) any relevant rules made under section 47E.
- (4) In considering whether or not to approve the transfer the Minister must give effect to an approved management plan for any relevant water supply protection area.
- (5) The Minister must not deal with a transfer in a way that is inconsistent with anything specified in the Order granting the entitlement under section 43(d).

46F Sale of bulk entitlement

- (1) For the purposes of transferring a bulk entitlement under section 46D, the Authority has the power to sell the whole or part of the bulk entitlement—
 - (a) at auction; or
 - (b) by inviting tenders; or
 - (c) in any other manner it thinks fit.

46G Effect of transfer of bulk entitlement

- (1) For the purposes of the transfer of a bulk entitlement or a part of a bulk entitlement under this Division, the Minister, by notice published in the Government Gazette—
 - (a) must determine the right or entitlement under this Act that the transferred entitlement is to become; and
 - (b) may determine any conditions that are to apply to the specified right or entitlement.
- (2) The Minister must not determine a right or entitlement under subsection (1) that the person to whom it is being transferred is not otherwise capable of holding.
- (3) On the publication of the notice under subsection (1), the entitlement or part that has been transferred becomes the right or entitlement determined by the Minister and is taken to have been granted in accordance with this Act to the person to whom the entitlement has been transferred.
- (4) On the publication of the notice under subsection (1), in the case of the transfer of a part of a bulk entitlement, the transfer has, in respect of the bulk entitlement from which it is to be

transferred, the effect that the bulk entitlement is taken to be varied in accordance with this Act to remove that part of the entitlement that is transferred.

- (5) In making a determination as to a right or entitlement under this section, the Minister is not required to comply with any other provisions of this Act.

47 Conversion of existing entitlements

- (1) An Authority that has an entitlement to take water referred to in paragraph (aa), (a) or (b) of section 35(2) or section 35(3) may apply to the Minister to have the whole or part of that entitlement converted into an entitlement or two or more entitlements granted under this Division.
- (2) An application must—
- (a) be made in a form and manner approved by the Minister; and
 - (b) contain particulars of the entitlement held by the applicant; and
 - (c) be accompanied by any prescribed application fee.
- (3) The Minister must forward a copy of an application to any entitlement holder whom the Minister considers may be directly affected by the application.
- (4) After considering any comments made on the application by an entitlement holder to whom the Minister forwarded a copy of the application, the Minister may deal with an application in any of the following ways—
- (a) refuse it;

- (1) An Authority referred to in section 34(1)(c) must comply with the specifications of an Order granting a bulk entitlement to it.
- (2) An Authority which contravenes subsection (1) is guilty of an offence against this Act and liable to a penalty of not more than 200 penalty units and in the case of a continuing offence to a daily penalty of not more than 80 penalty units for each day the offence continues after conviction or after service by or on behalf of the Minister of notice of contravention of this section.
- (3) The Minister may, by notice in writing to an Authority which contravenes subsection (1), require the Authority to take any action specified in the notice within the time (being not less than 2 days) that is specified in the notice or any longer time allowed by the Minister, to remedy the contravention.
- (4) If a notice of contravention is not complied with within the time specified or any longer time allowed by the Minister, the Minister may—

- (a) cause to be carried out any works and take any other action the Minister decides is necessary to remedy the contravention, and recover reasonable costs from the Authority on which the notice was served; and
- (b) cause to be removed or disconnected any works of the Authority in relation to which the contravention occurs, and recover reasonable costs from the Authority on which the notice was served; and
- (c) apply to a court for an injunction restraining the Authority on which the notice was served from contravening the notice.

47CB Effect of conversion

- (1) On determining that a licence under section 51 or water share is converted to a bulk entitlement, the Minister must, by notice published in the Government Gazette—
- (a) in the case of a licence under section 51, cancel the licence and either—
 - (i) amend an existing bulk entitlement to add the amount of water that may be taken and used in accordance with the licence; or
 - (ii) create a new bulk entitlement to the amount of water that may be taken and used in accordance with the licence; or
 - (b) in the case of a water share, cancel the water share and either—
 - (i) amend the bulk entitlement to add the maximum volume of the water share; or
 - (ii) create a new bulk entitlement with the maximum volume of the water share.
- (2) The Minister may impose any terms and conditions on the bulk entitlement created or amended under subsection (1) that the Minister thinks fit.
- (3) In creating or amending bulk entitlement under this section, the Minister is not required to comply with any other provisions of this Act.

47D Minister may sell unallocated water

(1) If—

- (a) an entitlement to take water has been converted, whether before or after the commencement of section 11 of the **Water (Further Amendment) Act 1995**, in accordance with section 47; and
- (b) the entitlement is in respect of water in a storage which on 1 January 1995 was owned by the Rural Water Corporation; and
- (c) there is water in the storage that is not allocated to the converted entitlement; and
- (d) the Minister has determined that the flow of water out of the storage is adequate having regard to the need to maintain the environmental water reserve in accordance with the environmental water reserve objective—

the Minister may, by notice published in the Government Gazette, declare that an amount of water is unallocated water.

(2) If the Minister has made a declaration under subsection (1), the Minister—

- (a) may by notice published in a newspaper circulating generally in the area concerned, declare that the unallocated water is available for purchase by any person holding the qualifications specified in the notice on the terms and conditions specified in the notice; and
- (b) must consult with the Authority responsible for delivery of the water before determining the terms and conditions of sale.

 - (b) specify the adjustment, if any, of volumes to be applied to the transfer; and
 - (c) specify that, if unallocated water is to be converted to a bulk entitlement after sale, the sale is void if the Order granting the bulk entitlement is disallowed by the Parliament under section 34; and
 - (d) give details of the method by which the unallocated water is to be sold, whether at auction or by inviting tenders or in any other manner that the Minister thinks fit.
- (4) A transfer under this section is permanent.
- (5) Following a transfer under this section, the Minister must do any or all of the following as is appropriate in the circumstances—
 - (a) grant a bulk entitlement to the purchaser by Order published in the Government Gazette;
 - (b) amend a bulk entitlement held by the purchaser in accordance with section 44 or 45;
 - (c) in the case of—
 - (i) water in a non-declared water system, issue a licence under section 51 to the purchaser; or
 - (ii) water in a declared water system, issue a water share under Part 3A to the purchaser;

48F Matters to be considered

- (1) Before making an allocation under section 48B, the Minister must have regard to the following matters—
 - (a) the report of any panel appointed under this Division;
 - (b) any adverse effect that the allocation or use of water under the entitlement is likely to have on existing authorised uses of water in the water systems for which the allocation is to be made;
 - (c) the conservation policy of the government;
 - (d) government policies concerning the preferred allocation or use of water resources;

- (e) the maintenance of the environmental water reserve in accordance with the environmental water reserve objective;
 - (f) whether the water for which the allocation is to be made is from a water system that is within a heritage river area or natural catchment area (within the meaning of the **Heritage Rivers Act 1992**);
 - (g) any relevant Sustainable Water Strategy that has been endorsed under section 22G(1);
 - (h) any other matter that the Minister thinks fit to have regard to.
- (2) In considering a request, the Minister must give effect to an approved management plan for any relevant water supply protection area.

48I Requirements as to instrument allocating entitlement

An instrument allocating an entitlement under this Division may specify in relation to the entitlement allocated all or any of the following—

- (a) a means of quantifying the amount of water that the entitlement consists of;

Note

The means of quantifying the amount of water that the entitlement consists of may be by volume or by reference to the level of flow at a specified point or by reference to a share of flow or storage or by any other means or combination of means, and if the amount of water is quantified by reference to a share of storage, then by reference, for example, to—

- (i) the volumetric share of the system capacity of any system within the water system in which the entitlement is allocated;
- (ii) the share of inflow to any storage within the water system in which the entitlement is allocated;
- (iii) the volumetric share of releases from any storage within the water system in which the entitlement is allocated;
- (iv) the seepage and evaporative loss adjustments to be debited from the entitlement;
- (v) the share of inflow to be credited to the entitlement when the share of storage capacity of any storage within the area does not allow for a full share of inflow determined under subparagraph (ii) to be available—

and if the amount of water is quantified by reference to a share of flow, then by reference, for example, to the share of flow past a specified point.

- (b) water accounting procedures for accounting for the water in the entitlement;
- (c) any condition imposed on the allocation of the entitlement under section 48J;
- (d) the class of reliability of the entitlement.

48J Conditions relating to entitlements

48OD Effect of transfer of environmental entitlement

- (1) For the purposes of the transfer of an environmental entitlement or a part of an environmental entitlement under this Division, the Minister, by notice published in the Government Gazette—
 - (a) must determine the right or entitlement under this Act that the transferred entitlement is to become; and
 - (b) may determine any conditions that are to apply to the specified right or entitlement.
- (2) The Minister must not determine a right or entitlement under subsection (1) that the person to whom it is being transferred is not otherwise capable of holding.

- (3) On the publication of the notice under subsection (1), the entitlement or part that has been transferred becomes the right or entitlement determined by the Minister and is taken to have been granted in accordance with this Act to the person to whom the entitlement has been transferred.
- (4) On the publication of the notice under subsection (1), in the case of the transfer of a part of an environmental entitlement, the transfer has, in respect of the environmental entitlement from which it is to be transferred, the effect that the environmental entitlement is taken to be varied in accordance with this Act to remove that part of the entitlement that is transferred.
- (5) In making a determination of a right or entitlement under this section, the Minister is not required to comply with any other provisions of this Act.

48OG Effect of conversion

- (1) On determining that a licence under section 51 or water share is converted to an environmental entitlement, the Minister must, by notice published in the Government Gazette—
- (a) in the case of a licence under section 51, cancel the licence and either—
 - (i) amend an existing environmental entitlement to add the amount of water that may be taken and used in accordance with the licence; or
 - (ii) create a new environmental entitlement to the amount of water that may be taken and used in accordance with the licence; or
 - (b) in the case of a water share, cancel the water share and either—
 - (i) amend the environmental entitlement to add the maximum volume of the water share; or
 - (ii) create a environmental bulk entitlement with the maximum volume of the water share.
- (2) The Minister may impose any terms and conditions on the environmental entitlement created or amended under subsection (1) that the Minister thinks fit.

- (3) In creating or amending an environmental entitlement under this section, the Minister is not required to comply with any other provisions of this Act.

- (2) A holder of an original registration licence may apply to the Minister (without payment of an application fee) for—
 - (a) the original registration licence to be amended so that it authorises water to be taken and used from a single spring, soak or dam specified in the application, being a spring, soak or dam from which water was authorised to be taken and used under the

- licence immediately before its amendment under this section; and
- (b) the issue of a licence to take and use water from each other spring, soak or dam from which water was authorised to be taken and used under the original registration licence immediately before its amendment under this section.
- (3) An application under this section must—
- (a) be made in a form and manner approved by the Minister; and
 - (b) contain any information or document that is required by the Minister.
- (4) The Minister, on receiving an application under this section, may—
- (a) amend the original registration licence so that it authorises water to be taken and used from the spring, soak or dam specified in the application; and
 - (b) issue a licence to take and use water from each other spring, soak or dam from which the holder of the original licence was authorised to take and use water under the original registration licence.
- (5) The Minister, in amending an original registration licence under subsection (4)(a), must reduce the volume of water authorised to be taken and used under that licence by an amount that is equivalent to the amount that is authorised to be taken and used under every licence issued under this section.
- (6) Subject to subsection (8), an original registration licence that is amended under subsection (4)(a) continues to be subject to any condition to which the licence was subject immediately before the licence was amended.

- (7) A licence issued under this section—
 - (a) must not authorise the taking and use of water from more than one spring, soak or dam; and
 - (b) subject to subsection (8), is subject to any condition to which the taking and use of water from the relevant spring, soak or dam was subject under the original registration licence.
- (8) The Minister may amend a condition referred to in subsection (6) or (7)(b) to the extent necessary to reflect the amendment of the original registration licence and the issue of every licence under this section.
- (9) In this section, *original registration licence* means a registration licence issued under section 51(1A) that authorises water to be taken and used from more than one spring, soak or dam.

- (1) This section applies despite anything to the contrary in section 51.
- (2) A person who is a successor in title to the owner of a part or parcel of land from which water was taken and used under an original registration licence may apply (without payment of an application fee) to the Minister for the issue of a licence to take and use water from each spring, soak or dam on that part or parcel of land from which water was authorised to be taken and used under the original registration licence.
- (3) An application under subsection (2) must—
 - (a) be made in a form and manner approved by the Minister; and

- (b) contain any information or document that is required by the Minister.
- (4) Subject to this section, the Minister may issue a licence to take and use water from each spring, soak or dam specified in the application if the Minister is satisfied that—
 - (a) the applicant is the successor in title to the owner of the part or parcel of land from which water was taken and used under an original registration licence; and
 - (b) the original registration licence has not been surrendered under section 51A.
- (5) Before issuing a licence under this section, the Minister must—
 - (a) give notice of the application to the holder of the original registration licence at the person's last known address; and
 - (b) consider any submission made within 28 days after the date of the notice by the holder of the original registration licence.
- (6) If the Minister issues a licence under this section, the Minister must—
 - (a) amend the original registration licence so that the original registration licence ceases to authorise the taking and use of water from the spring, soak or dam specified in a licence issued under this section; and
 - (b) make any other amendment to the original registration licence that is necessary to reflect the amendment of that licence under paragraph (a) and the issue of a licence under this section.
- (7) The Minister, in amending an original registration licence under subsection (6)(a), must reduce the volume of water authorised to be taken and used

under that licence by an amount that is equivalent to the amount that is authorised to be taken and used under every licence issued under this section.

- (8) A licence issued under this section—
- (a) must not authorise the taking and use of water from more than one spring, soak or dam; and
 - (b) subject to subsection (9), is subject to any condition to which the taking and use of water from the relevant spring, soak or dam was subject under the original registration licence.
- (9) The Minister may amend a condition referred to in subsection (8)(b) to the extent necessary to reflect the amendment of the original registration licence and the issue of every licence under this section.
- (10) In this section, *original registration licence* has the same meaning as in section 51AA.

51C Bodies must consider application

- (1) Within 30 days after receipt of an application referred to a body under section 51B, the body—
- (a) must consider the application; and

- (b) may advise the Minister in writing that—
 - (i) it does not object to the issue of a licence; or
 - (ii) it does not object if the licence is issued subject to the conditions specified by the body; or
 - (iii) it objects to the issue of the licence on any specified ground; and
 - (c) may give to the Minister its comments on the application.
- (2) If a body makes no response to the Minister within 30 days after receipt of an application referred to it under section 51B, the Minister may proceed to determine the application.

(4) For the purposes of this section, a relevant application in relation to an area proposed to be declared or declared as a water supply protection area—

- (a) for the protection of the groundwater resources, is an application relating to groundwater; and
- (b) for the protection of the surface water resources, is an application relating to surface water; and
- (c) for the protection of both groundwater resources and surface water resources, is an application relating to either groundwater or surface water—

made on or after the commencement of section 24 of the **Water (Irrigation Farm Dams) Act 2002**.

55 Determination of application

- (1) Subject to section 51A, the Minister may either refuse an application under section 51 or approve it and issue a licence under that section.
S. 55(1) amended by Nos 5/2002 s. 25(1), 32/2010 s. 77(Sch.).
- (2) Subject to section 51A, the Minister must refuse the application if, in his or her opinion, the allocation or use of water under the licence would be in conflict with an approved management plan for any relevant water supply protection area.
S. 55(2) amended by No. 5/2002 s. 25(1)(2).
- (2A) If an application under section 51 relates to a State observation bore, the Minister must refuse the application if, in the Minister's opinion, the exercise of rights under the proposed licence will or may interfere with the function of the bore as a State observation bore.
S. 55(2A) inserted by No. 5/2002 s. 25(3).
- (2B) Subject to section 51A, the Minister must refuse an application under section 51 if, in the Minister's opinion—
S. 55(2B) inserted by No. 5/2002 s. 25(4), substituted by No. 99/2005 s. 27.

- (a) the allocation or use of water under the licence will or may result in the permissible consumptive volume for the area for that year or a future year being exceeded; or
 - (b) the allocation under the licence is likely to have an adverse effect on maintaining the environmental water reserve in accordance with the environmental water reserve objective.
- (3) Without limiting subsection (1), the Minister may refuse the application if, in his or her opinion, the applicant should instead have applied for the grant of a bulk entitlement to water under Division 1.

- (1) A licence issued under section 51 is subject to—
- (a) any conditions that are prescribed or fixed by the Minister relating to—
 - (i) the protection of a waterway or an aquifer; or
 - (ii) the purposes for which the water may be used; or
 - (iii) in the case of a licence issued under section 51, the maximum amounts of water which may be taken in particular periods or circumstances; or

- (iv) in the case of a licence issued under section 51, payment for the amount of water used; or
- (v) the protection of the environment, including the riverine and riparian environment; or
- (va) the maintenance of the environmental water reserve in accordance with the environmental water reserve objective; or
S. 56(1)(a)(va) inserted by No. 99/2005 s. 28(1).
- (vi) the conservation policy of the Government; or
- (vii) the efficient use of water resources; or
- (viii) if appropriate, the proper management of the waterway and its surrounds or of the aquifer; or
- (ix) the drainage regime within the meaning of section 12(1); or
- (x) the manner in which the licensee is to compensate any person whose existing authorised use of water may be adversely and materially affected by the allocation or use of water under the licence; or
- (xi) the protection or control of in-stream uses; or
- (xii) in the case of a licence issued under section 51, the installation and use of measuring devices or pumps; and
- (xiii) notification of change of ownership of land on which water is taken under a registration licence; and

57 Sale of licence by Minister

- (1) Instead of issuing a licence on an application under section 51(1) the Minister may, after having considered the matters mentioned in section 53, sell a licence—
- (a) at auction; or
 - (b) by inviting tenders; or
 - (c) in any other manner that he or she thinks fit.
- (2) If the Minister decides to sell a licence under subsection (1), he or she must cause a notice to be published in the Government Gazette and in a newspaper circulating generally in the area concerned—
- (a) declaring that the licence is available for purchase by any person holding the qualifications specified in the notice; and
 - (b) giving details of the method by which the licence is to be sold; and
 - (c) specifying the conditions to which the licence will be subject and the period for which it is capable of remaining in force.

The procedure that applies under this Division to an application for the issue of a licence under section 51(1) or for a registration licence applies, with any necessary modifications and subject to

section 59C, to an application under section 59A for the amendment of such a licence.

59C Ministerial consideration of application

In considering an application under section 59A that relates to a licence issued under section 51(1), the Minister—

- (a) must have regard to any matter referred to in section 53(1)(a) to 53(1)(b); and
- (b) must give effect to the matters referred to in section 53(2); and
- (c) may have regard to any other matter that the Minister thinks fit.

60 Suspension and cancellation of licence

- (1) The Minister may suspend or cancel a licence issued under section 51(1) or a registration licence if—

- (a) the Minister reasonably believes that—
 - (i) there has been a failure to comply with this Act or regulations made under this Act; or
 - (ii) there has been a failure to comply with any conditions to which the licence is subject; or
 - (iii) the holder of the licence has not paid an applicable fee or charge payable in respect of the licence; or
 - (iv) in the case of a licence relating to works, the works are being operated contrary to the provisions of this Act; or
- (b) any prescribed circumstances apply.

- (2) The Minister must give the licence holder written notice of a decision under subsection (1).
- (3) If the Minister decides to suspend the licence, the notice under subsection (2) must specify—
 - (a) the period of suspension, which may extend beyond the period of the current licence to any period of renewal; and
 - (b) any actions the licence holder must take before the end of the period of suspension in order for the suspension to be lifted.
- (4) A suspension under this section remains in force until the earlier of the following—
 - (a) the end of the period specified in subsection (3)(a), if no actions have been specified under subsection (3)(b);
 - (b) if the Minister is satisfied that the licence holder has taken the actions specified under subsection (3)(b), the date specified by the Minister by notice in writing to the licence holder as the date on which the suspension is no longer in force (which may not be later than 2 days after the date of the notice).

60A Process for suspension or cancellation of licence

- (1) Before suspending or cancelling a licence under section 60(1), the Minister must—
 - (a) notify the holder of the licence in writing as to—
 - (i) the grounds specified in section 60(1) on which the Minister proposes to suspend or cancel the licence; and
 - (ii) the rights the holder of the licence has under this section to make submissions on the proposal; and

- (iii) if the Minister proposes to suspend the licence, any actions the holder of the licence would need to take in order for the proposed suspension to be lifted; and
 - (b) allow the holder of the licence an opportunity to make written submissions on the proposal to suspend or cancel the licence within the period specified in the notice under paragraph (a), which must not be less than 35 days after the Minister gives the notice.
- (2) The Minister—
 - (a) must have regard to any submissions made under subsection (1)(b) when making a decision under section 60(1); and
 - (b) must not make a decision under section 60(1) until the period specified in subsection (1)(b) has elapsed.

61 Surrender of licence

- (1) A licensee may surrender to the Minister a licence issued under section 51(1) or a registration licence. **S. 61(1)**
amended by
Nos 32/2010
s. 77(Sch.),
24/2013 s. 18.
- (2) The Minister may refund to the licensee all or part of any charge paid by the licensee in respect of a licence surrendered under subsection (1).

61A Cancellation of licence where water share obtained in declared water system

62A Declaration for taking of water under a licence in subsequent water season

S. 62A(1)
amended by
No. 24/2013
s. 20.

- (1) The Minister may make a declaration in respect of licences issued under section 51(1), or registration licences, to take water in a water system, authorising that holders of the licences may take water that is entitled to be taken under

the licences in any particular water season in a subsequent water season.

- (2) A declaration under subsection (1) may apply to—
 - (a) licences in a water system or part of a water system; or
 - (b) a class or classes of licences in a water system or part of a water system.
- (3) Any taking of water under a declaration of the Minister under subsection (1) is subject to—
 - (a) any terms and conditions of the licence to which the water allocation applies; and
 - (b) any terms and conditions specified by the Minister in the declaration.
- (4) The Minister must cause notice of the making of a declaration under subsection (1) to be—
 - (a) published in the Government Gazette; and
 - (b) in a newspaper circulating generally in the area to which the declaration applies.
- (5) A declaration under subsection (1) has effect on the publication of notice of the making of the declaration in the Government Gazette.

63 Offences for taking or using water from a non-declared water system¹⁴

- (1) A person must not knowingly take or use water from a relevant water source in a non-declared water system without being authorised to do so by or under this or any other Act, being a taking or using that results in—
 - (a) land, works or water being seriously damaged; or

- (b) another person suffering substantial economic loss.

Penalty: For an individual, 10 years imprisonment or 1200 penalty units or both;

For a body corporate, 6000 penalty units.

- (2) A person must not recklessly take or use water from a relevant water source in a non-declared water system without being authorised to do so by or under this or any other Act, being a taking or using that results in—

- (a) land, works or water being seriously damaged; or

- (b) another person suffering substantial economic loss.

Penalty: For an individual, 5 years imprisonment or 600 penalty units or both;

For a body corporate, 3000 penalty units.

- (3) A person must not take or use water from a relevant water source in a non-declared water system without being authorised to do so by or under this or any other Act.

Penalty: For an individual, 240 penalty units;

For a body corporate, 1200 penalty units.

- (4) A person does not commit an offence under subsection (1), (2) or (3) if the person takes or uses water—

- (a) from a spring or soak for domestic and stock use; or

- (b) from a dam, that is water taken or used other than for domestic and stock use, being water in the dam—
 - (i) that has been taken from another relevant water source under an authorisation to do so under this or any other Act; or
 - (ii) that has been collected from a roof; or
 - (c) from a dam, that is water taken or used for domestic and stock use, other than water in the dam that has been taken from an aquifer or a waterway (within the meaning of the definition of ***relevant water source***) without an authorisation to do so under this or any other Act.
- (5) In this section—
- relevant water source*** means any of the following—
- (a) a waterway including—
 - (i) the River Murray; and
 - (ii) any collection of water which is from time to time replenished in whole or in part by water coming by a natural sub-surface path from a waterway;
 - (b) an aquifer;
 - (c) a spring or soak;
 - (d) a dam.

63A Evidentiary provisions for offences under section 63

- (2) A determination under subsection (1) must be made before the commencement of the water season to which it relates.
- (3) An Authority that has made a determination under subsection (1) may, from time to time during the season, if the Authority is of the opinion that there is additional water available in the system, determine that additional water is available in the water system—
 - (a) for each class of water shares issued in the system; and
 - (b) for each bulk entitlement in the system; and
 - (c) for each environmental entitlement in the system.
- (4) An Authority must not make a determination under this section until the Authority has assessed the amount of water available in the system to be taken and the amount reserved for the environment—
 - (a) in any case where a bulk entitlement applies to the system, by applying the rules specified for the purposes of any such determination in any Order granting the bulk entitlement; or
 - (b) in the case where a bulk entitlement does not apply to the system, by applying the rules specified for the purposes of any such determination in the management plan, approved under section 32A, applying to the system.
- (5) In making a determination under this section, the Authority may have regard to the state of the system in the part of the season to which the

determination relates and the expected state of the system.

- (6) A determination under this section must apply—
- (a) to each water share in a class of water shares in the same proportion; and
 - (b) to each bulk entitlement in the same proportion; and
 - (c) to each environmental entitlement in the same proportion—
- subject to—
- (d) any rules specified for the purposes of any such determination in any Order granting any bulk entitlement in the system; or

64L Power to grant water-use licences

(1) The Minister, on receiving an application under this Division from an owner of land, may grant to that person a licence that authorises—

(a) the use of water (authorised to be taken under Part 3A) for the purposes of irrigation on the land that is owned by that person and that is specified in the licence; and

(b) the use of water (authorised to be taken under Part 3A) on the land specified in the licence for any other purposes that are specified in the licence.

(2) The Minister must set out in the licence—

(a) the name and address of the licence holder; and

(b) a description of the land specified in the licence; and

(c) the conditions to which the licence is subject (including the annual use limit); and

(d) the date on which the licence takes effect.

The Minister, in granting a water-use licence, must consider the following matters—

- (a) the impact the proposed use of water may have on other persons or the environment (in particular waterlogging, salinity and nutrient impacts); and
- (b) whether or not the proposed use can meet standard water-use conditions that would apply to the licence, if granted; and
- (c) whether or not the proposed use is consistent with the water use objectives that would apply to the licence, if granted; and
- (d) if the application has been referred to the Catchment Management Authority, any comments received from that Authority, within 30 days of the application being referred to that Authority; and
- (e) any other matters the Minister considers relevant.

64AE Effect of inconsistency between standard water-use conditions and other conditions on licences

- (1) If a water-use licence is subject to a standard water-use condition at the time a particular condition is imposed on the licence, being a standard water-use condition that is inconsistent with the particular condition, the standard water-use condition is void (on and from the imposition of the particular condition) to the extent of that inconsistency.
- (2) If a water-use licence becomes subject to a standard water-use condition after a particular condition has been imposed on a water-use

licence, being a standard water-use condition that is inconsistent with the particular condition, the particular condition is void (on and from the commencement of the application of the standard water-use condition to the licence) to the extent of that inconsistency.

- (3) In this section *particular condition* means a condition that is imposed under Division 5 on a water-use licence.

64AF Offence to fail to comply with licence condition

The holder of a water-use licence must comply with the conditions imposed on the licence in accordance with Division 4 or Division 5 to the extent that the conditions are not void under section 64AE.

- (ii) the rights the holder of the licence has under this section to make submissions on the proposal; and
 - (b) allow the holder an opportunity to make written submissions on the proposal to vary the licence.
- (4) Submissions under subsection (3) must be made within 2 months of the giving of the notice.
- (5) In deciding whether or not to make a variation under this section, the Minister must—
 - (a) have regard to submissions made under subsection (3) within the period for the making of submissions; and
 - (b) notify the holder of the licence of the Minister's decision.
- (6) A variation under this section has effect from the later of—
 - (a) the date that the notice under subsection (5) is served; or
 - (b) the date that is specified by the Minister in that notice.

64AH Variation of water-use licence on application of licence holder

- (1) The Minister may, on the application of the holder of a water-use licence, vary or revoke a condition on the licence.
- (2) The holder of a licence may apply to the Minister for a variation of a licence under subsection (1).
- (3) Where there is a joint application under this section for the variation of two water-use licences by the holders of the licences, being an application where—

- (a) the holder of one licence is applying to reduce the annual use limit for the licence held by that person; and
- (b) the holder of the other licence is applying to increase the annual use limit for the licence held by that person; and
- (c) the application is made under an agreement between both parties—

the Minister must approve the applications if the Minister is satisfied that the salinity impacts of the proposed reduction and increase will not have an adverse impact on other persons or the environment.

64AI Form of applications for variation

- (1) An application under this Division must—
 - (a) be in a form approved by the Minister; and
 - (b) contain any prescribed particulars; and
 - (c) be accompanied by any prescribed documents or prescribed information or information or documents required by the Minister; and
 - (d) be accompanied by the fee determined by the Minister.
- (2) The powers of the Minister in relation to applications for licences apply in respect of an application for variation of a licence under this Division as if it were an application for a water-use licence.

64AJ Suspension of water-use licence

- (1) The Minister may suspend a water-use licence if the Minister reasonably believes that—
 - (a) there has been a failure to comply with a condition to which the licence is subject; or
 - (b) there has been a failure to comply with a notice of contravention under section 151 that relates to the licence; or
 - (c) the holder of the licence has not paid a fee payable in respect of the licence or any charge payable under section 287A.
- (2) Before suspending a licence under this section, the Minister must—
 - (a) notify the holder of the licence as to—
 - (i) the reason for proposing to suspend the licence; and
 - (ii) the rights the holder of the licence has under this section to make submissions on the proposal; and
 - (iii) the terms on which the suspension will be lifted; and
 - (b) allow the holder an opportunity to make written submissions on the proposal to suspend the licence; and
 - (c) notify any person who has a registered mortgage (under the **Transfer of Land Act 1958**) over the land specified in the licence of the proposed suspension of the licence.
- (3) Submissions under subsection (2)(b) must be made within 2 months of the giving of the notice.

- (4) In deciding whether or not to suspend a licence under this section, the Minister must have regard to submissions made under subsection (2)(b) within the period for the making of submissions.
- (5) The Minister must not suspend the licence on the ground of the failure to pay—
 - (a) a fee payable in respect of the licence; or
 - (b) a charge payable under section 287A—if the fee has been paid within the period allowed under subsection (3) for the making of submissions.
- (6) On making a decision as to whether or not to suspend a licence under this section, the Minister must notify the holder of the licence of that decision.
- (7) A suspension under this section remains in force until the Minister, in writing, notifies the holder of the licence that it is no longer in force.

64AK Revocation of water-use licence

- (1) The Minister may revoke a water-use licence if the Minister reasonably believes that—
 - (a) in the case of the holder of a water-use licence who has been found guilty of a failure to comply with a condition of the licence, that person has continued after that finding of guilt to fail to comply with that condition; or
 - (b) in the case of a licence that is or has been suspended, water has been used during the suspension on the land specified in the licence for a purpose for which a water-use licence would be required; or

- (c) in the case of a licence that has been suspended, the holder of the licence has, within 3 years of the completion of the period of suspension, failed to comply with a condition of the licence.
- (2) Before revoking a licence under this section, the Minister must—
 - (a) notify the holder of the licence as to—
 - (i) the reason for proposing to revoke the licence; and
 - (ii) the rights the holder of the licence has under this section to make submissions on the proposal; and
 - (b) allow the holder an opportunity to make written submissions on the proposal to revoke the licence; and
 - (c) notify any person who has a registered mortgage (under the **Transfer of Land Act 1958**) over the land specified in the licence of the proposed revocation of the licence.
- (3) Submissions under subsection (2) must be made within 2 months of the giving of the notice.
- (4) In deciding whether or not to revoke a licence under this section, the Minister must have regard to submissions made under subsection (2) within the period for the making of submissions.
- (5) On making a decision as to whether or not to revoke a licence under this section, the Minister must notify the holder of the licence of that decision.

64AZ Rule making powers for water-use licences and water-use registrations

- (1) The Minister may, by Order, published in the Government Gazette, set out rules—
 - (a) as to the circumstances in which the Minister will give consents under this Part;
 - (b) as to any other matters the Minister is authorised to make rules for under this Part.
- (2) An Order under this section may be amended or revoked in the same manner as that in which it is made.

Part 5—Works

Division 1—General

65 Advertisement etc. of application

- (1) This section applies to an application—
- (a) under section 67 for the issue of a licence to construct, alter, operate, remove or decommission works, a bore or a private dam; or
 - (b) under section 72(1) for the renewal of a licence referred to in paragraph (a); or
 - (c) under section 74(3) for approval of the transfer of a licence referred to in paragraph (a); or
 - (d) under section 76(1) for approval to dispose of any matter underground by means of a bore.
- (2) The Minister may require an applicant to give notice of an application to which this section applies in any manner specified by the Minister.
- (3) A notice given under subsection (2) may invite submissions on the application to be made in the manner specified in the notice within the period specified in the notice.

S. 65(1)(a)
amended by
No. 5/2002
s. 34(a)(b).

66 Appointment of panel

- (1) The Minister may appoint a panel of persons to consider submissions made on an application to which section 65 applies.
- (2) Subsections (2) to (6) of section 50 apply to a panel appointed under subsection (1) as if the reference in subsection (3) of that section to a notice given under section 49(2) were a reference to a notice given under section 65(2).

Division 2—Licence to construct works, etc.

67 Licence to construct works etc.

S. 67(1)
amended by
No. 5/2002
s. 35(1).

- (1) An Authority or any other person may apply to the Minister for the issue of a licence to construct, alter, operate, remove or decommission—
- (a) any works on a waterway (including the River Murray), including works to deviate (temporarily or permanently) a waterway; or
 - (b) a bore.

S. 67(1A)
inserted by
No. 5/2002
s. 35(2).

- (1A) A person may apply to the Minister for the issue of a licence to construct, alter, operate, remove or decommission a private dam, other than on a waterway, that—
- (a) has a wall that is 5 metres or more high above ground level at the downstream end of the dam and a capacity of 50 megalitres or more; or
 - (b) has a wall that is 10 metres or more high above ground level at the downstream end of the dam and a capacity of 20 megalitres or more; or
 - (c) has a wall that is 15 metres or more high above ground level at the downstream end of the dam, regardless of the capacity; or
 - (d) is a dam belonging to a prescribed class of dams.
- (2) An application must—
- (a) be made in a form and manner approved by the Minister; and
 - (b) contain any information that—
 - (i) is prescribed; or
 - (ii) is required by the Minister; and

- (c) be accompanied by—
- (i) any application fee fixed by the Minister; and S. 67(2)(c)(i) amended by No. 110/1997 s. 17(5).
 - (ii) if the land on which the works are, or are proposed to be, situated—S. 67(2)(c)(ii) amended by No. 5/2002 s. 35(3).
 - (A) is not Crown land (other than land which is subject to a licence granted under Part 3A of the **Victorian Plantations Corporation Act 1993**); and S. 67(2)(c)(ii)(A) amended by No. 35/1998 s. 21(2).
 - (B) is not occupied by the applicant—
the written consent of the occupier.
- (3) This section does not apply to the abandonment or decommissioning of any works of an Authority, if the works are major works. S. 67(3) inserted by No. 85/2006 s. 46.
- (4) After consultation with the Minister administering the **Conservation, Forests and Lands Act 1987**, a licence issued under this section may include authority to enter on any Crown land other than land which is subject to a licence granted under Part 3A of the **Victorian Plantations Corporation Act 1993** and to install and operate works on that land, under the licence, for the purpose of raising water. S. 67(4) inserted by No. 85/2006 s. 46.
- (5) The licensee is liable to compensate any person who suffers any pecuniary loss as a direct, natural and reasonable consequence of the exercise of an authority granted under subsection (4). S. 67(5) inserted by No. 85/2006 s. 46.
- (6) The amount of compensation payable is as agreed by the parties or, in the absence of agreement, as determined by the Tribunal. S. 67(6) inserted by No. 85/2006 s. 46.

67B Bodies must consider application

- (1) Within 30 days after receipt of an application referred to a body under section 67A, the body—
 - (a) must consider the application; and
 - (b) may advise the Minister in writing that—
 - (i) it does not object to the issue of a licence; or
 - (ii) it does not object if the licence is issued subject to the conditions specified by the body; or
 - (iii) it objects to the issue of the licence on any specified ground; and
 - (c) may give to the Minister its comments on the application.

- (2) If a body makes no response to the Minister within 30 days after receipt of an application referred to it under section 67A, the Minister may proceed to determine the application.

68 Matters to be taken into account

In considering an application under section 67, the Minister must—

- (a) have regard to the report of any panel appointed under section 66; and
- (ab) have regard to any advice and comments received within the period of 30 days referred to in section 67B(1); and
- (b) have regard to any adverse effect that the exercise of rights under the licence is likely to have—
 - (i) on the drainage regime within the meaning of section 12(1); or
 - (ii) on in-stream uses of water; or
 - (iii) otherwise on the aquifer or on the flow of water within the waterway, including effects on the land that forms the waterway or its surrounds; or
 - (iv) on the implementation of the conservation policy of the government; and

- (3) A person must not carry out any regulated activity without being authorised to do so by or under this or any other Act.

Penalty: For an individual, 240 penalty units;
For a body corporate, 1200 penalty units.

- (4) A person does not commit an offence under subsection (1), (2) or (3) if the person—
- (a) performs work on a bore that is necessary—
 - (i) to prevent the immediate waste, misuse or pollution of groundwater; or
 - (ii) for the purpose of obtaining water for domestic and stock use; and
 - (b) gives notice to the Minister of the work within 7 days after starting it.

- (5) In this section—

regulated activity means any of the following—

- (a) the obstruction of, or interference with, a waterway;
- (b) the construction, alteration, operation, removal or decommissioning of any works on a waterway;
- (c) the obstruction of, or interference with, any works on a waterway;
- (d) the erosion or damaging of the surrounds of a waterway;
- (e) the construction, alteration, operation, removal or decommissioning of a private dam within the meaning of section 67(1A);
- (f) the construction, deepening, enlarging or alteration of a bore;

- (g) the interfering with or the damaging or destroying of a bore or ancillary works.

Division 3—Underground disposal

76 Power of Minister to approve underground disposal

- (1) A person may apply to the Minister for approval to dispose of any matter underground by means of a bore.
- (2) An application must—
 - (a) be made in a form and manner approved by the Minister; and
 - (b) contain any information that—
 - (i) is prescribed; or
 - (ii) is required by the Minister; and
 - (c) be accompanied by any application fee fixed by the Minister.
- (3) In considering an application the Minister must have regard to the report of any panel appointed under section 66.
- (4) The Minister may by notice in writing to the applicant—
 - (a) approve the application subject to any conditions that he or she thinks fit and specifies in the notice; or
 - (b) refuse to approve the application and specify the reasons for that refusal.
- (5) The Minister must not approve an application in respect of a disposal which, in the opinion of the Minister, would cause the pollution of any groundwater or be detrimental to any aquifer or bore.

- (8) The Minister may exempt a person from the requirement to obtain approval under this section to dispose of any matter underground by means of a bore—

(a) if—

- (i) the matter is to be injected into or stored in a part of a geological formation in a permit area under a greenhouse gas assessment permit; and
- (ii) the Minister administering the **Offshore Petroleum and Greenhouse Gas Storage Act 2010** has consulted with the Minister administering this section at least 40 days before approving, under section 291 of that Act, the carrying on of key greenhouse gas operations under the permit referred to in subparagraph (i); or

(b) if—

- (i) the matter is to be injected into or stored in an identified greenhouse gas storage formation in a lease area under a greenhouse gas holding lease; and
- (ii) the Minister administering the **Offshore Petroleum and Greenhouse Gas Storage Act 2010** has consulted with the Minister administering this section at least 40 days before approving, under section 329 of that Act, the carrying on of key greenhouse gas operations under the lease referred to in subparagraph (i); or

(c) if—

- (i) the matter is to be injected into or stored in an identified greenhouse gas storage formation in a licence area under a greenhouse gas injection licence; and
- (ii) the Minister administering the **Offshore Petroleum and Greenhouse Gas Storage Act 2010** has consulted with the Minister administering this section at least 40 days before approving a site plan for that injection licence under regulations made under that Act.

(9) In this section—

greenhouse gas assessment permit, greenhouse gas holding lease, greenhouse gas injection licence and key greenhouse gas operation have the same meanings as in the **Offshore Petroleum and Greenhouse Gas Storage Act 2010**.

76A Offences as to disposal of matter underground¹⁸

- (1) A person must not knowingly dispose of any matter underground by means of a bore without being authorised to do so by or under this or any other Act, being an activity that results in—

- (a) land, works or water being seriously damaged; or
- (b) another person suffering substantial economic loss.

Penalty: For an individual, 10 years imprisonment or 1200 penalty units or both;

For a body corporate, 6000 penalty units.

- (2) A person must not recklessly dispose of any matter underground by means of a bore without being authorised to do so by or under this or any other Act, being an activity that results in—

- (a) land, works or water being seriously damaged; or
- (b) another person suffering substantial economic loss.

Penalty: For an individual, 5 years imprisonment or 600 penalty units or both;

For a body corporate, 3000 penalty units.

- (3) A person must not dispose of any matter underground by means of a bore without being authorised to do so by or under this or any other Act.

Penalty: For an individual, 240 penalty units;

For a body corporate, 1200 penalty units.

77 Other permits etc. still necessary

The approval of an application under section 76 in respect of a disposal does not remove the need to apply for any authorisation or permission necessary under any other Act with respect to the disposal.

Division 4—Directions

78 Power of Minister to give directions

(1) The Minister may, by notice in writing, direct the occupier of any works on a waterway or of a bore—

- (a) to operate or alter those works in compliance with the conditions specified in the notice; or
- (b) to take the measures specified in the notice, being measures that the Minister thinks necessary—

- (i) to secure compliance with this Act or the conditions of any licence granted under this Act; or

- (ii) to prevent the waste, misuse or pollution of water;

inserted by
No. 53/2014
s. 4.

84AAA Definitions

S. 84AAA
inserted by
No. 53/2014
s. 4.

In this Part—

land manager, in relation to specified Crown land, means—

- (a) if responsibility for the management of the land is given by an Act to a person, that person; or
- (b) if responsibility for the management of the land is not given by an Act to a person, the Minister administering the Act under which the land is managed;

levee means a mound or bank (whether or not on a waterway) constructed primarily of earth, stone or gravel, the purpose of which is to obstruct or deflect the flow of water over the surface of land;

maintenance, in relation to a levee, includes reconstruction of a part of the levee;

specified Crown land means land that is—

- (a) reserved under the **Crown Land (Reserves) Act 1978**; or
- (b) reserved forest within the meaning of the **Forests Act 1958**; or
- (c) unreserved Crown land under the **Land Act 1958**; or

(d) described in Schedule Two, Two B, Three or Four to the **National Parks Act 1975** other than—

(i) a wilderness zone (within the meaning of that Act); or

(ii) a remote and natural area (within the meaning of that Act); or

(iii) a designated water supply catchment area (within the meaning of that Act); or

(e) a State Wildlife Reserve or a Nature Reserve within the meaning of the **Wildlife Act 1975**—

but does not include—

(f) a natural catchment area within the meaning of the **Heritage Rivers Act 1992**; or

(g) an area proclaimed to be a reference area under the **Reference Areas Act 1978**.

Division 2—Authority conferred by permits

S. 84AAB
inserted by
No. 53/2014
s. 4.

84AAB What a levee maintenance permit authorises

(1) A levee maintenance permit authorises the holder to—

(a) carry out maintenance on a levee that is located on specified Crown land; and

(b) enter or pass over any specified Crown land for that purpose.

(2) A levee maintenance permit does not authorise the use of machinery or the introduction of soil or other material to the land to carry out the

maintenance after the first 12 months of the period the permit is in effect.

Note

It is an offence to construct, remove, alter or carry out maintenance on a levee on specified Crown land other than under and in accordance with a levee maintenance permit or other authority. See—**Crown Land (Reserves) Act 1978, Forests Act 1958, Land Act 1958, National Parks Act 1975** and **Wildlife Act 1975**.

Division 3—Application for permit

84AAC Application

**S. 84AAC
inserted by
No. 53/2014
s. 4.**

- (1) A person may apply to the Minister for a levee maintenance permit.
- (2) An application must—
 - (a) be made in a form and manner approved by the Minister; and
 - (b) contain any information that is required by the Minister; and
 - (c) be accompanied by—
 - (i) any application fee fixed by the Minister; and
 - (ii) the written consent of any lessee of—
 - (A) the land on which the levee is located; and
 - (B) the land over which access is required by the applicant.

84AAD Referral of application to land manager

**S. 84AAD
inserted by
No. 53/2014
s. 4.**

- (1) The Minister must refer a copy of an application under section 84AAC to the land manager.
- (2) Within 28 days (or any longer period that the Minister allows) after receiving a copy of the application, the land manager—

- (a) must consider the application; and
- (b) may—
 - (i) advise the Minister that the land manager does not require the permit to be subject to any condition; or
 - (ii) specify any condition (which must be a reasonable condition) to which the land manager requires the permit to be subject.
- (3) If a land manager makes no response to the Minister within 28 days (or any longer period that the Minister allowed) after receipt of a copy of the application, the Minister may proceed to determine the application.

84AAE Determination of application

On receiving an application under section 84AAC, the Minister, subject to this Part, may—

- (a) approve the application and issue a levee maintenance permit; or
- (b) refuse the application.

S. 84AAF
inserted by
No. 53/2014
s. 4.

84AAF Matters to be set out in permit

A levee maintenance permit must set out the following—

- (a) the name and address of the holder;
- (b) a description of the specified Crown land on which the levee is located;
- (c) a description of the location of the levee;

- (d) any condition to which the permit is subject;
- (e) the period the permit is in effect;
- (f) any other information that the Minister considers necessary.

84AAG Conditions of levee maintenance permit

**S. 84AAG
inserted by
No. 53/2014
s. 4.**

- (1) A levee maintenance permit is subject to—
 - (a) any prescribed condition; and
 - (b) any condition specified by the land manager under section 84AAD(2)(b)(ii); and
 - (c) any other condition that the Minister thinks fit and specifies in the permit.
- (2) Without limiting subsection (1)(c), the Minister may specify a condition about any one or more of the following—
 - (a) the dimensions that the levee must not exceed;
 - (b) the maintenance authorised by the permit.
- (3) In specifying the dimensions of a levee for the purpose of a condition referred to in subsection (2)(a), the Minister may have regard to—
 - (a) the past or present condition of the whole or any part of the levee; or
 - (b) the past or present height or width of any part of the levee.

84AAH Period a levee maintenance permit is in effect

**S. 84AAH
inserted by
No. 53/2014

84AAL Variation of conditions on Minister's initiative

- (1) The Minister, on the Minister's initiative, may—
 - (a) vary a condition to which a levee maintenance permit is subject; or
 - (b) remove a condition to which a levee maintenance permit is subject; or
 - (c) impose a new condition on a levee maintenance permit.
- (2) The Minister may only act under subsection (1) after obtaining the written consent of any lessee of—
 - (a) the land on which the levee is located; or
 - (b) the land over which access is required by the applicant who is likely to be affected by the variation or removal of the condition or the new condition.
- (3) The Minister must give at least 28 days' written notice of the variation or removal of the condition, or the new condition, to the permit holder before it takes effect. However, a variation may take effect earlier if the permit holder agrees.
- (4) A notice under subsection (3) must specify the reasons for the variation or removal of the condition or the new condition.

84AAM Referral of proposal to land manager in certain circumstances

- (1) This section applies if—
 - (a) the Minister proposes to vary or remove a condition to which a levee maintenance permit is subject, or to impose a new

- condition on a levee maintenance permit, under section 84AAL; and
- (b) the Minister is of the opinion that the land manager is likely to be affected by the variation or removal of the condition or the new condition.
- (2) The Minister must refer a copy of the permit, together with details of the proposed variation or removal of the condition, or the proposed new condition, to the land manager.
- (3) Within 28 days (or any longer period that the Minister allows) after receiving a copy of the permit and details of the proposed variation or removal of the condition, or the proposed new condition, the land manager—
- (a) must consider the proposed variation or removal of the condition or the proposed new condition; and
 - (b) may—
 - (i) advise the Minister that the land manager does not object to the variation or removal of the condition or the new condition; or
 - (ii) advise the Minister that the land manager objects to the variation or removal of the condition, or the new condition, on the ground specified by the land manager (which must be a reasonable ground); or
 - (iii) specify any variation (which must be a reasonable variation) to the condition that the land manager requires.

- (4) If the land manager makes no response to the Minister within 28 days after receipt of the copy of the permit and the details of the proposed variation or removal of the condition, or the new condition, the Minister may proceed to vary or remove the condition or impose the new condition.

109 Effect of pecuniary interests

- (1) A member of the board of directors of a water corporation who has a pecuniary interest in any matter in which the water corporation is concerned must—
- (a) if the member is present at a meeting of the board of directors or any of its committees at which the matter is to be considered, disclose the nature of the interest immediately before the consideration; or

- (b) if the member is aware that the matter is to be considered at a meeting of the board of directors or any of its committees at which the member does not intend to be present, disclose the nature of the interest to the chairperson of the water corporation before the meeting is held.
- (2) If a member of the board of directors of a water corporation has disclosed an interest to the chairperson under subsection (1)(b), the chairperson must disclose that interest at the meeting at which the matter is considered, before the consideration of the matter.
- (3) The member of the board of directors—
 - (a) may stay in the meeting during any consideration of the matter; and
 - (b) may take part in the discussion; and
 - (c) must not move or second a motion on a question relating to the matter; and
 - (d) must leave the meeting while any vote is taken on a question relating to the matter; and
 - (e) may, when notified by the chairperson that the vote has been declared, return to the meeting.
- (4) If a member of the board of directors discloses an interest under subsection (1), a statement showing—
 - (a) that the disclosure was made; and
 - (b) the nature of the matter and the nature of the disclosed interest; and

- (c) whether any vote was taken on a question relating to the matter and, if so, whether the member was present while the vote was taken; and
 - (d) whether the member left the meeting at any time during consideration of the matter and, if so, at what stage the member left—
must—
 - (e) in the case of a disclosure made at or before a meeting of the board of directors, be included in the minutes of the meeting; and
 - (f) in the case of a disclosure made at or before a meeting of a committee, be recorded by the committee and presented to, and included in the minutes of the next ordinary meeting of the board of directors.
- (5) A person must comply with subsections (1) and (3).
Penalty: 20 penalty units.
- (6) It is a defence to a charge under subsection (5) for the person charged to prove that the person did not know—
 - (a) that he or she had a pecuniary interest in the matter; or
 - (b) that a matter in which he or she had a pecuniary interest was considered or to be considered at the meeting.
- (7) The Magistrates' Court has jurisdiction over a charge under this section even though title to land may be genuinely in question.
- (8) A charge may not be filed for an offence under this section more than 3 years after the commission of the alleged offence.

- (9) The Minister may, by notice in writing to a water corporation, remove any disability imposed by this section in any case if so many of the members of the board of directors of the water corporation are affected that the Minister decides that the transaction of the business of the water corporation would be impeded.
- (10) For the purposes of subsection (9), the Minister may remove, either indefinitely or for a specified time, any disability that would otherwise attach to a member, or class of members, of the board of directors, because of any interests, and in respect of any matters, that the Minister specifies in the notice.

110 What constitutes a pecuniary interest?

S. 110
substituted by
No. 85/2006
s. 54.

- (1) In this section *shares* includes stock, and *share capital* must be read accordingly.
- (2) A member of the board of directors of a water corporation does not have a pecuniary interest to which section 109 applies in relation to a matter only because that member has an interest in the matter—
 - (a) as a person who receives a service from the water corporation in common with other persons who receive a service from the water corporation; or
 - (b) as a person who is, or may become, entitled to an allowance or other payment under this Act, if the maximum amount of the allowance or payment, or the rate at which the amount is to be calculated, is fixed under this Act; or
 - (c) as a member of a club or other association (incorporated or not) that is conducted primarily for charitable, benevolent, recreational or community purposes; or

- (d) as a member of an employers' or employees' association; or
 - (e) as a person to whom the water corporation offers, or proposes to offer, goods and services which are, or are proposed to be, offered generally by the water corporation on the same terms and conditions as to that member; or
 - (f) as a person who receives a service from the water corporation, or as a resident of a district under the control of the water corporation, who may be required by the water corporation to make any payment that other persons who receive that service, or other residents of the district, may be required by the water corporation to make.
- (3) Unless subsection (4) provides otherwise, a person has a pecuniary interest in a matter if—
- (a) the person or his or her nominee is a member of a company or other body which has a pecuniary interest in the matter; or
 - (b) the person is the sole proprietor, a partner, a director or an employee of a person who has a pecuniary interest in the matter.
- (4) Subsection (3) does not apply—
- (a) to membership of any body (incorporated or not) which results from an appointment or nomination made by the board of directors of a water corporation; or
 - (b) to membership or directorship of any body (incorporated or not) if the member or director has no beneficial interest in any capital or income of the body.

- (5) If a member of a board of directors of a water corporation has a pecuniary interest in a matter only because he or she has a beneficial interest in the shares of a body, and if the total nominal value of those shares is not more than \$2000 or 1 per cent of the total nominal value of the issued share capital of the body (whichever is less), section 109 does not preclude the member from taking part in the consideration of the matter.
- (6) If the share capital of a body is of more than one class, subsection (5) does not apply if the total nominal value of all the shares of any one class in which the member of the board of directors has a beneficial interest is more than 1 per cent of the total nominal value of the issued share capital of that class of the body.
- (7) The interest of a spouse or domestic partner of a member of the board of directors must, if known to the member, be taken to be an interest of the member for the purposes of this section.

111 Pecuniary interest does not prevent voting and consideration of some questions

112 Effect of finding of guilt for offence against section 109

- (1) A member of the board of directors of a water corporation who is found guilty of an offence against section 109 or any corresponding previous enactment is not capable of being or continuing to be a member of a board of directors of a water corporation for 7 years after that finding of guilt, unless—
- (a) on application by the person found guilty, the court by which he or she is found guilty; or
 - (b) a court hearing an appeal under subsection (2)—

thinks it is appropriate in the circumstances to reduce or waive the period of disqualification.

- (2) A person may, within 6 months after a decision on an application under subsection (1)(a), appeal from that decision—

S. 112(2)(a)
amended by
No. 3/2016
s. 97.

- (a) if the person was found guilty by the Magistrates' Court (other than the Magistrates' Court constituted by the Chief Magistrate who is a dual commission holder)—to the County Court; and
 - (b) in any other case—to the Supreme Court.
- (3) An appeal is by way of re-hearing of the application, and the court may do anything that it would be entitled to do if the appeal were an appeal against the sentence imposed on the finding of guilt giving rise to the disqualification.

113 Submission of returns by members of the board and nominated officers

- (1) A person who becomes a member of a board of directors of a water corporation must within 30 days after becoming a member submit a

primary return in the prescribed form to the managing director of the water corporation.

Penalty: 20 penalty units.

- (2) If a person is re-appointed on completion of his or her term of office as a member of the board of directors of a water corporation, the member need not submit a new primary return.
- (3) If the board of directors of a water corporation has resolved that nominated officers must submit returns—
 - (a) each nominated officer must within 30 days after the resolution; and
 - (b) any person who becomes a nominated officer after the resolution must within 30 days after his or her nomination as a nominated officer—

submit a primary return in the prescribed form to the managing director of the water corporation.

Penalty: 20 penalty units.

- (4) A member of the board of directors of a water corporation or a nominated officer of a water corporation must, on or before 31 July each year, submit an ordinary return in the prescribed form to the managing director of the water corporation.

Penalty: 20 penalty units.

114 Information to be disclosed in primary and ordinary returns

**S. 114
substituted by
No. 85/2006
s. 54.**

- (1) Each member of the board of directors of a water corporation and each nominated officer of a water corporation must disclose the following information in the primary return as at the date of the primary return—

- (a) the name of any company or other body, corporate or unincorporate, in which he or she held an office whether as a director or otherwise;
- (b) the information referred to in paragraphs (b), (c), (d) and (f) of subsection (2).

Penalty: 20 penalty units.

- (2) Each member of the board of directors of a water corporation and each nominated officer must disclose in an ordinary return the following information in relation to the return period—
 - (a) if he or she has held an office, whether as director or otherwise, in any company or body, corporate or unincorporate—the name of the company or body;
 - (b) the name or description of any company, partnership, association or other body in which he or she holds a beneficial interest which exceeds \$2000 in value;
 - (c) the address or description of any land in any district of the water corporation or in a district which adjoins a district of the water corporation in which he or she has any beneficial interest other than by way of security for any debt;
 - (d) a concise description of any trust—
 - (i) in which he or she holds a beneficial interest; or
 - (ii) of which he or she is a trustee and in which a relative holds a beneficial interest;
 - (e) particulars of any gift of \$2000 or more in value received by him or her from a person other than a relative; and

- (f) any other substantial interest, whether of a pecuniary nature or not, of the person, or of a relative of which interest the person is aware and which the person ought reasonably to consider might appear to raise a material conflict between his or her private interest and his or her public duty as a member or nominated officer.

Penalty: 20 penalty units.

- (3) If a member of the board of directors of a water corporation or a nominated officer has already submitted one or more ordinary returns he or she must disclose in any subsequent ordinary return any change in the information disclosed in the last return and any additional information of the kind set out in subsection (2)(a) to (f) required to be disclosed, but he or she is not required to disclose any information already disclosed in a previous return.

Penalty: 20 penalty units.

- (4) In this section *relative* of a member of the board of directors of a water corporation or nominated officer includes a domestic partner, or relative of a domestic partner, of the member or nominated officer.

115 Water corporation to maintain register

- (1) A water corporation must—
 - (a) maintain a register of the interests of members of the board of directors and, where required, nominated officers; and
 - (b) enter in the register all the information given in the returns.

S. 115
substituted by
No. 85/2006

- (2) A water corporation must allow a person to inspect the register if that person applies, in writing and in accordance with the regulations, to the water corporation to do so.
- (3) The register may be inspected at the principal office of the water corporation during normal office hours.
- (4) A water corporation must take all reasonable steps to make sure that a person who has not applied does not have access to, and is not permitted to inspect, the register or any return.
- (5) A person must not publish any information derived from the register unless that information is a fair and accurate summary or copy of the information derived from the register.

Penalty: 20 penalty units.

- (6) A person employed by a water corporation must not, whether before or after he or she ceases to be so employed, make a record of, divulge or communicate to any person any information in relation to a matter dealt with by this section that is gained by or conveyed to him or her during his or her employment with the water corporation, or make use of that information for any purpose other than the discharge of his or her official duties under this Act.

Penalty: 20 penalty units.

- (7) A water corporation must—
 - (a) retain the returns of a member of the board of directors or a nominated officer for 3 years after the person has ceased to be a member or a nominated officer; and
 - (b) at the end of that period, destroy the returns.

- (8) As soon as practicable after a person ceases to be a member of the board of directors of a water corporation or a nominated officer, the water corporation must delete the entries relating to that person from the register.

119 Employment of officers of water corporations

- (1) A water corporation may employ, on terms and conditions determined by the water corporation, such officers and employees as it considers necessary for the carrying out of its functions.
- (2) An officer of a water corporation must not, without permission from the water corporation—
 - (a) engage in any business; or
 - (b) engage in the private practice of any profession or trade; or
 - (c) hold any office in any corporation, other than a municipal council; or
 - (d) engage in any employment other than that connected with the duties of office.
- (3) An officer who has been employed by a water corporation for 10 years is entitled in accordance with the regulations to be granted by the water corporation 3 months' long service leave with pay in respect of that 10 years' service and 1½ months' long service leave with pay in respect of each additional 5 years of completed service.

- (4) The Governor in Council may, in accordance with section 324, make regulations for or with respect to long service leave, including but not limited to the following—
- (a) entitlements on retirement, death or termination of service;
 - (b) when long service leave may be taken;
 - (c) prohibiting an officer on long service leave from taking other employment for hire or reward;
 - (d) the nature of the service, and the computation of the period of the service, that entitles an officer to long service leave;
 - (e) the method of computing pay for long service leave;
 - (f) requiring water corporations to establish funds for the purpose of making payments in relation to long service leave;
 - (g) regulating the transfer of amounts from those funds;
 - (h) regulating agreements between water corporations;
 - (i) requiring the exchange of information between water corporations;
 - (j) regulating agreements between water corporations and other persons.
- (5) Any person who, in accordance with the regulations, enters into an agreement about long service leave with a water corporation is empowered to enter into that agreement and may do anything necessary or convenient for giving effect to the agreement.

120 Meetings and proceedings at meetings of the boards of directors

- (1) The board of directors of a water corporation must hold at least one ordinary meeting every 3 months.
- (2) Subject to this Act, the board of directors of a water corporation may regulate its own procedure.
- (3) The chairperson or, in his or her absence, the deputy chairperson or, in the absence of both the chairperson and deputy chairperson, a member of the board of directors of a water corporation elected by the members present at the meeting, must preside at a meeting of the board.
- (4) The quorum for a meeting of the board of directors of a water corporation is a majority of the members for the time being.
- (5) A question arising at a meeting of the board of directors of a water corporation is determined by a majority of the votes of the members present and voting on the question.
- (6) The person presiding at a meeting has a deliberative vote and, in the event of an equality of votes on any question, a second or casting vote.
- (7) The board of directors of a water corporation must ensure that minutes are kept of each meeting of the board.
- (8) The board of directors of a water corporation must record in the minutes—
 - (a) the names of the members present; and
 - (b) the names of the members voting on any question in relation to which a division is called.
- (9) The board of directors of a water corporation may permit its members to participate in a particular meeting by—

- (a) telephone; or
 - (b) closed-circuit television; or
 - (c) any other means of electronic or instantaneous communication.
- (10) A member of the board of directors of a water corporation who participates in a meeting under subsection (9) is deemed to be present at the meeting.

(1) The board of directors of a water corporation—

- (a) may establish a committee to advise the water corporation on any matter referred by the board of directors; and

- (b) may establish a committee to exercise any power or perform any function, authority or discretion delegated to it by the board of directors.
- (2) The following provisions apply to committees—
 - (a) the board of directors may at any time remove from office a member of a committee and must provide in writing to the member the reasons for the removal;
 - (b) a committee may act despite any vacancy in its membership;
 - (c) subject to this Act and any rules made under paragraph (d), a committee may regulate its own proceedings;
 - (d) the board of directors of a water corporation may, by resolution, make rules, with which committees must comply, about—
 - (i) their quorums; and
 - (ii) voting powers of their members; and
 - (iii) their proceedings;
 - (e) the Minister by notice published in the Government Gazette may declare that a committee is a corporation, and may dissolve a corporation of that sort in the same way;
 - (f) a water corporation must obtain the Minister's consent before it delegates any of its powers, functions, authorities or discretions to a committee of which any members are not members or officers of the water corporation;
 - (g) the Minister may specify rules of procedure for the exercise of a delegated power by a committee referred to in paragraph (f) and any purported exercise of that delegated

power by such a committee otherwise than in accordance with those rules is void.

- (3) A water corporation that has an irrigation district may, in accordance with section 160, make by-laws about the constitution, functions and duties of a committee established in relation to an irrigation district or part of an irrigation district.
- (4) By-laws made under subsection (3) prevail, to the extent of any inconsistency, over the provisions of subsection (2).
- (5) A member of a committee is entitled to be paid any fees and allowances fixed by the Minister.
- (6) A committee established by the board of directors of a water corporation is subject to the requirements of Part 13 about annual reports and audits as if it were a part of the water corporation.

122D Incorporated committees

- (1) If the Minister declares a committee to be a corporation under section 122C(2)(e), then on the publication of the notice in the Government Gazette—
 - (a) the committee specified in the notice is a body corporate by the name assigned to it in the notice, with perpetual succession and a common seal, and is by that name capable in law of suing and being sued and, subject to this Act, of holding, acquiring and disposing of personal property; and
 - (b) the powers, functions, discretions and authorities of that committee, whether conferred or imposed by this Act or otherwise, must be taken to be conferred or imposed on the corporation alone; and

**S. 122D

- (c) the duties, liabilities, responsibilities and obligations imposed on that committee are transferred to the corporation; and
 - (d) the corporation becomes the successor in law of that committee.
- (2) The common seal of a corporation constituted under section 122C(2)(e) must be kept in the custody that the corporation directs, and must not be used except as authorised by the corporation.
- (3) All courts must take judicial notice of the common seal of a corporation constituted under section 122C(2)(e) affixed to any document and, until the contrary is proved, must presume that it was duly affixed.
- (4) If the Minister declares a corporation to be dissolved under section 122C(2)(e), then on the publication of the notice in the Government Gazette—
 - (a) the members who constituted the corporation specified in the notice constitute the committee; and
 - (b) the powers, functions, discretions and authorities of the corporation specified in the notice must be taken to be conferred or imposed on that committee; and
 - (c) the duties, liabilities, responsibilities and obligations imposed on the corporation specified in the notice are transferred to that committee; and
 - (d) that committee becomes the successor in law of the corporation specified in the notice.

- (5) A committee declared to be a corporation under section 122C(2)(e)—
- (a) consists of the members who constituted the committee immediately before the publication in the Government Gazette of the notice declaring the committee to be a corporation; and
 - (b) is subject to all the provisions of this Act and the regulations relating to committees.

130 Acquisition of land

- (1) An Authority may purchase or compulsorily acquire any land which is or may be required by the Authority for or in connection with, or as incidental to, the performance of its functions or the achievement of its objects.
- (2) The **Land Acquisition and Compensation Act 1986** applies to this Act and for that purpose—
 - (a) the **Water Act 1989** is the special Act; and
 - (b) the acquiring Authority is the Authority; and
 - (c) *land* includes—
 - (i) any land that—
 - (A) is actually comprised by measurement in the land described in the Crown grant of the land; and
 - (B) forms part of the bed and banks of a watercourse; and
 - (C) is declared to remain the property of the Crown by section 385 of the **Land Act 1958**; and
 - (ii) strata above or below the surface of land and easements and rights to use land or strata above or below the surface of land.

S. 130(4)
amended by
No. 76/1998
s. 29(e).

- (3) If an Authority acquires any right in the nature of an easement or purporting to be an easement, that right must be taken to be an easement even though there is no land vested in the Authority which is benefited or capable of being benefited by that right.
- (4) If any land to be acquired by an Authority is held by a licensee or lessee of the Crown, the Authority must notify the Department Head of its intention to acquire the land, and must include in the notice a description of the land.
- (5) If a Crown grant is issued to any person of the land out of which, in respect of which or over which any land or easement has been compulsorily acquired, the land or easement so acquired must be taken to be exempted from the grant, and remains vested in the Authority.
- (6) If any land acquired by an Authority is Crown land other than that referred to in subsection (4), the Authority must, as soon as practicable after the acquisition, notify the Department Head of the acquisition.

131 Management of Crown land

- (1) The Governor in Council may, on the recommendation of the Minister and the Minister for the time being administering the **Conservation, Forests and Lands Act 1987**, by Order published in the Government Gazette, declare that the Crown land specified in the Order is, subject to any conditions specified in the Order, placed under the management and control of the Authority specified in the Order.
- (2) The Governor in Council may, at any time and without compensation, by Order published in the Government Gazette, resume any Crown land specified in the Order that was by an Order under

subsection (1) placed under the management and control of an Authority and that is required for any public purpose or for any public highway.

- (3) An Authority may, at any time, subject to the approval of the Governor in Council, surrender to the Crown any Crown land that was, by an Order under subsection (1), placed under the management and control of the Authority.
- (4) Any Crown land that is surrendered under subsection (3) becomes, by virtue of that surrender, unalienated Crown land.

132 Other dealings with land

- (1) An Authority may, for or in connection with, or as incidental to, the performance of its functions—
 - (a) obtain a lease or licence over land; or
 - (b) exchange any land for any other land; or
 - (c) grant leases and licences; or
 - (d) grant easements over its land; or
 - (e) sell any land by public auction or public tender; or
 - (f) in accordance with any guidelines issued by the Minister, sell any land by private treaty.
- (2) If the relevant water authority within the meaning of the **Murray-Darling Basin Act 1993** sells by private treaty or leases any land acquired by it at or near Lake Dartmouth for or in connection with the Dartmouth township or works for the construction of Dartmouth Reservoir, it must make any payments that the Minister determines to any public statutory body towards the cost of providing or maintaining services in the land.

- (1) An Authority may reduce or restrict the quantity of water supplied to any person, or discontinue the supply of water to any person, if—
 - (a) the Authority is, because of a shortage of water or for any other unavoidable cause, unable to supply the quantity of water which would otherwise be supplied to the person; or
 - (b) the Authority reasonably believes that the reduction, restriction or discontinuance is necessary—
 - (i) to avoid future water shortages; or

- (ii) because there is insufficient capacity in the distribution works of the Authority for the Authority to meet its obligations under the Act to supply and deliver water to the person; or
- (c) the quality of water available for supply does not meet the standards for its intended authorised use; or
- (d) any private works for the supply of water to the person—
 - (i) are, in the opinion of the Authority, inadequate or not properly constructed or maintained and a notice to repair has been issued under section 150 and not complied with by the time specified or allowed under that section; or
 - (ii) do not, in the opinion of the Authority, comply with the regulations; or
- (e) the person has contravened this Act, the regulations or the Authority's by-laws in relation to the misuse of water supplied to the person by the Authority; or
- (f) the person has contravened this Act, the regulations or the Authority's by-laws in relation to the taking of water; or
- (g) the person has refused entry to an authorised water officer, or an officer of an Authority, who intended to exercise powers conferred by or under this Act to investigate any suspected contravention referred to in paragraph (e) or (f); or
- (h) the person has refused or failed to pay any money due to the Authority for the supply or delivery of water to the person.

- (1) A water corporation may estimate in accordance with subsection (2) the amount of water supplied or delivered to land, used on land or taken to land, if one or more of the following applies—
- (a) the water corporation is of the opinion that a meter belonging to it or under its control or management is not functioning accurately or has been interfered with;
 - (b) the water corporation supplies or delivers water to any land and there is no meter on that land to measure the amount of water supplied or delivered to land;
 - (c) water is taken to or used on any land under an authorisation to take or to use water under this or any other Act and there is no meter to measure the amount of water taken or used on the land under the authorisation;
 - (d) water is taken to or used on any land without an authorisation to take or use water under this or any other Act.
- (2) For the purposes of subsection (1), a water corporation may estimate the amount of water supplied or delivered to land, used on land or taken to land, during a specified period—

- (a) by having regard to the amount of water supplied or delivered to or used on or taken to—
 - (i) the land in any previous or subsequent period or periods; or
 - (ii) similar land during the specified period; or
- (b) in any other way that is prescribed.

149 Removal of trees²⁹

(1) An Authority may, by notice in writing, require the owner of any property to remove any tree on that property if the Authority reasonably decides that the tree is obstructing or damaging the Authority's works or that it is likely to obstruct or damage them.

(2) If the tree required to be removed is not on land over which—

(a) an easement exists in favour of the Authority; or

(b) an easement exists for water supply, sewerage or drainage purposes—

the Authority must, subject to subsection (7), pay appropriate compensation to the owner of the property in accordance with Part 5 of the **Land Acquisition and Compensation Act 1986**.

(3) The owner may, within 7 days after receiving a notice to remove a tree, object to the Authority.

(4) An Authority must take into account any objection made to it.

(5) If the owner refuses or fails to comply with the notice—

(a) within the time specified in the notice; or

(b) if the owner has objected, within 7 days after he or she receives notice from the Authority that the objection is not upheld; or

(c) within any longer time allowed by the Authority—

the Authority may, after giving 21 days' notice of its intention to do so, remove the tree and recover from the owner the reasonable costs of the removal.

- (6) The Authority may recover from the owner the cost of any repairs to the Authority's works that are necessary to repair the damage caused by a tree that is removed by the owner or the Authority after service of a notice under subsection (1).
- (7) An Authority is not liable to pay compensation for the removal of a tree that is planted after the completion of the works of the Authority that are obstructed, damaged or at risk.
- (8) An owner may apply to the Tribunal for review of a decision by an Authority not to uphold the owner's objection to a notice to remove a tree.
- (9) An application for review must be made within 28 days after the later of—
- (a) the day on which the decision is made;
 - (b) if, under the **Victorian Civil and Administrative Tribunal Act 1998**, the owner requests a statement of reasons for the decision, the day on which the statement of reasons is given to the owner or the owner is informed under section 46(5) of that Act that a statement of reasons will not be given.

- (2) A person on whom a notice of contravention is served must make sure that the notice is complied with within the time specified, or any longer time allowed by the Authority.

Penalty: 20 penalty units.

- (3) If a notice of contravention is not complied with within the time specified or any longer time allowed by the Authority, the Authority may—
- (a) carry out any works and take any other action it decides is necessary to remedy the contravention, and recover its reasonable costs from the person on whom the notice was served; and
 - (b) remove or disconnect any service to the property in relation to which the contravention occurs, and recover its reasonable costs from the person on whom the notice was served; and
 - (c) apply to a court for an injunction restraining the person on whom the notice was served from contravening the notice.

152 Notice of intention to affect works

- (1) An Authority that intends to do anything that will affect the works of another Authority or a public statutory body must, except in an emergency or with the consent of that Authority or public statutory body to a shorter period, give 14 days' notice of its intention to that other Authority or public statutory body.

- (2) If the other Authority or public statutory body notifies the Minister of its objection to the proposal, the matter must be resolved in accordance with section 154.
- (3) An Authority that, in an emergency, affects the works of another Authority or a public statutory body must, as soon as practicable after the works are affected, notify the other Authority or public statutory body.
- (4) This section does not apply to the closure of a road, or any part of it, under section 137.
- (5) In this section and in sections 153 and 154 *public statutory authority* includes—
 - (a) a passenger transport company within the meaning of the **Transport (Compliance and Miscellaneous) Act 1983**;

- (2) If the other Authority or public statutory body notifies the Minister of its objection to the notice, the matter must be resolved in accordance with section 154.

154 Determination of disputes³³

- (1) The Minister may determine any dispute that arises between Authorities over a notice under section 152 or 153 and that determination is binding on the parties and is final.
- (2) The Minister may refer to the Governor in Council any dispute that arises between an Authority and any other public statutory body (other than another Authority) over a notice under section 152 or 153, and that determination of the Governor in Council is binding on the parties and is final.
- (3) A determination under this section may include the allocation or apportionment of costs.

155 Compensation for damage

- (1) An Authority must cause as little damage and inconvenience as possible in the performance of its functions.
- (2) An Authority is liable, unless this Act specifically provides otherwise, to compensate any person who has—
 - (a) sustained any pecuniary loss; or
 - (b) incurred any expense—as a direct, natural and reasonable consequence of the performance of the Authority's functions.
- (3) An Authority is not liable to compensate a person for consequential loss.

- (4) Any claim for compensation must be made and dealt with in accordance with the **Land Acquisition and Compensation Act 1986** as if it were a claim under section 47(1) of that Act.
- (5) This section does not apply to any injury, damage or loss to which section 157 applies.

155A Compensation for loss of services on declaration of cessation

S. 155A
inserted by
No. 99/2005
s. 59.

- (1) An Authority is liable to compensate any person who is the owner of a property in the district of the Authority which has ceased to be a serviced property by the operation of a declaration made by the Authority under section 161J if the owner has—
 - (a) sustained any pecuniary loss; or
 - (b) incurred any expense—as a direct, natural and reasonable consequence of the property ceasing to be a serviced property.
- (2) For the purposes of subsection (1) a "direct natural and reasonable consequence of the property ceasing to be a serviced property" does not include the lost opportunity of the transfer of the service to another property.
- (3) An Authority is not liable to compensate the owner of a property under subsection (1) for consequential loss.
- (4) Any claim for compensation under this section must be made and dealt with in accordance with the **Land Acquisition and Compensation Act 1986**, as if it were a claim under Part 5 of that Act.

156 Authority may send water into waterway etc.

- (1) An Authority may send water into any waterway, works or natural channel which crosses any land.
- (2) An Authority with functions under Part 8 and Part 11 which exercises its powers under subsection (1) must—
 - (a) construct and maintain any bridge or other crossing made necessary by the introduction of the water; or
 - (b) if alternative access is available to the land, pay compensation to the owner of the land.
- (3) The obligation of the Authority to maintain any crossing under subsection (2)(a) ceases if any area of land connected by the crossing to any other land ceases at any time to be owned by the person who, at that time, owns that other land.
- (4) The owner of the land may apply to the Tribunal for review of the decision of the Authority as to—
 - (a) the number, type and position of any crossings to be constructed; or
 - (b) the amount of compensation to be paid.
- (5) An application for review must be made within 28 days after the later of—
 - (a) the day on which the decision is made;
 - (b) if, under the **Victorian Civil and Administrative Tribunal Act 1998**, the owner requests a statement of reasons for the decision, the day on which the statement of reasons is given to the owner or the owner is informed under section 46(5) of that Act that a statement of reasons will not be given.

157 Liability of Authorities arising out of flow of water³⁴

(1) If—

(a) as a result of intentional or negligent conduct on the part of an Authority in the exercise of a function under Part 8, Part 9, Division 2, 3 or 5 of Part 10, or Part 11 or any corresponding previous enactment, a flow of water occurs from its works onto any land; and

S. 157(1)(a)
amended by
No. 17/2012
s. 27.

(b) the water causes—

- (i) injury to any other person; or
- (ii) damage to the property (whether real or personal) of any other person; or
- (iii) any other person to suffer economic loss—

the Authority is liable to pay damages to that other person in respect of that injury, damage or loss.

(2) If it is proved in a proceeding brought under subsection (1) that water has flowed from the works of an Authority onto any land, it must be presumed that the flow occurred as a result of intentional or negligent conduct on the part of the Authority unless the Authority proves on the balance of probabilities that it did not so occur.

(3) For the purposes of a proceeding brought under subsection (1)—

- (a) a flow of water is to be taken to have occurred as a result of intentional conduct on the part of an Authority if the flow—
 - (i) was designed or intended by the Authority; or
 - (ii) inevitably and without intervening cause resulted from the exercise of a power by the Authority; and

- (b) in determining whether or not a flow of water occurred as a result of negligent conduct on the part of an Authority, account must be taken of all the circumstances including any omission or failure, in the planning, design, construction, maintenance or operation of the works, to provide reasonable standards of capacity or efficiency or exercise reasonable care or skill having regard to the following matters—
- (i) the state of scientific knowledge and knowledge of local conditions at any relevant time;
 - (ii) the nature and situation of the works;
 - (iii) the service to be provided by the works;
 - (iv) the circumstances and cost of—
 - (A) the works; and
 - (B) the maintenance and operation of the works; and
 - (C) works which it would have been necessary to construct to avoid the occurrence of any relevant injury, damage or loss.

- (4) The following provisions apply with respect to a proceeding brought under subsection (1)—

S. 157(4)(a)
repealed by
No. 52/1998
s. 311(Sch. 1
item 105.22).

* * * * *

- (b) the proportion (if any) of the responsibility of the Authority for the injury, damage or loss must be assessed and only that proportion of the assessed damages must be awarded against the Authority;

- (c) in assessing damages in respect of damage to property or economic loss the measure of damages is the direct pecuniary injury to the person bringing the proceeding by the loss of something of substantial benefit accrued or accruing and does not include remote, indirect or speculative damage;
- (d) if damages are assessed in the proceeding in respect of any continuing cause of action, they may, in addition to being assessed down to the time of assessment, be assessed in respect of all future injury, damage or loss and, if so, the Authority is not liable to pay any further damages in respect of that injury, damage or loss;

- (3) An Authority to which an application is made must issue to the applicant a statement that gives details of the following things in relation to the described land arising from the performance of any of the Authority's functions under this or any other Act—
 - (a) any encumbrance affecting the land, other than—
 - (i) an encumbrance that would be disclosed by search at the Office of Titles or the Office of the Registrar-General; and
 - (ii) a matter required to be included in any other statement or certificate under this Act;
 - (b) any works that are required to be carried out (whether deferred by the Authority or not) or any matters that are outstanding and in respect of which the Authority has served any notice, made any resolution, exercised any discretion or entered into any agreement under this Act;
 - (c) any relevant tariff or other charge, including any amounts outstanding;
 - (d) whether or not the land is serviced property and, if so, the purposes for which the land is serviced property.
- (4) The Authority may also include in the statement any other information concerning the land that the Authority in its absolute discretion considers relevant.

159 Notice of disposition of land

A prescribed person must, in relation to the disposition of any land, give notice—

- (a) in a prescribed form containing prescribed particulars; and
- (b) to each prescribed person; and
- (c) within a prescribed period.

Penalty: 10 penalty units.

159A Requirement to make emergency management plan

**S. 159A

159E Emergency

- (1) The Governor in Council, on the recommendation of the Minister by Order published in the Government Gazette, may direct a water corporation to take the action specified in the Order in relation to any area specified in the Order during any period specified in the Order or in any circumstances specified in the Order.
- (2) The Minister must not recommend to the Governor in Council the making of an Order under subsection (1) unless he or she is of the opinion that an emergency exists in the area to which the Order is to apply and that the making of

the Order is necessary to deal with that emergency.

- (3) An Order under subsection (1) must specify the period of time for which it is to remain in force.
- (4) An Order under subsection (1) has effect despite anything to the contrary in an emergency management plan, for so long as the order is in force.

- (i) the lodging of plans of sanitary drains as they appear after they have been installed or altered; and
 - (ii) specifying the details that the plans must contain; and
 - (iii) the providing of the copies of the plans; and
 - (iv) fixing fees for the lodging, copying and viewing of the plans;

- (d) (in the case of an Authority authorised by the Minister to do so) prescribing standards for any saline matter (whether in liquid form or not) that may be discharged—
 - (i) into works under its control; or
 - (ii) into any waterway; or
 - (iii) onto any place from which it may enter into—
 - (A) any works under the control of the Authority; or
 - (B) any waterway; or
 - (C) any aquifer; or
 - (D) any bore; and
 - (e) (in the case of an Authority authorised by the Minister to do so) regulating or prohibiting the clearing of land within 20 metres of a channel which is under the control of the Authority; and
 - (f) generally prescribing anything that is authorised or required to be prescribed by by-laws or that is necessary or convenient for performing the functions of the Authority under this Act.
- (2) A power conferred by this Act to make by-laws may be exercised—
- (a) either in relation to all cases to which the power extends, or in relation to all those cases subject to specified exceptions, or in relation to any specified case or class of case; and

- (b) so as to make, as respects the cases in relation to which the power is exercised—
 - (i) the same provision for all cases in relation to which the power is exercised, or different provisions for different cases or classes of case, or different provisions for the same case or class of case for different purposes; or
 - (ii) any such provision either unconditionally or subject to any specified condition.
- (3) By-laws made under this Act may be made—
 - (a) so as to apply—
 - (i) at all times or at a specified time; or
 - (ii) throughout the whole of the State or in a specified part of the State; or
 - (iii) as specified in both subparagraphs (i) and (ii); and
 - (b) so as to require a matter affected by the by-laws to be—
 - (i) in accordance with a specified standard or specified requirement; or
 - (ii) approved by or to the satisfaction of a specified person or a specified class of persons; or
 - (iii) as specified in both subparagraphs (i) and (ii); and
 - (c) so as to adopt any model by-law issued by the Minister; or
 - (d) so as to apply, adopt or incorporate any matter contained in any document, code, standard, rule, specification or method

- formulated, issued, prescribed or published by any person whether—
- (i) wholly or partially or as amended by the by-laws; or
 - (ii) as formulated, issued, prescribed or published at the time the by-laws are made or at any time before then; or
 - (iii) as formulated, issued, prescribed or published from time to time; and
- (e) so as to confer a discretionary authority or impose a duty on a specified person or a specified class of persons; and
- (f) so as to provide in a specified case or class of case for the exemption of people or things or a class of people or things from any of the provisions of the by-laws, whether unconditionally or on specified conditions and either wholly or to such an extent as is specified; and
- (g) so as to impose a penalty for a contravention of the by-laws, not exceeding 20 penalty units and, in the case of a continuing offence, an additional penalty not exceeding 5 penalty units for each day on which the offence continues—
- (i) after service of a notice of contravention on the person under section 151; or
 - (ii) if no notice of contravention is served, after conviction of the person for the offence.
- (4) By-laws made under this Act may prescribe a fee by reference to a number (whether whole or fractional) of charge units and that fee may be determined by multiplying the number of charge

units by a number of dollars fixed by resolution of the Authority.

- (5) For the purposes of subsection (1) land acquired for the purposes of the **Murray-Darling Basin Act 1982** or for the purposes of works carried out or to be carried out under that Act or under the Murray-Darling Basin Agreement must be taken to be under the management and control of the relevant water authority within the meaning of the **Murray-Darling Basin Act 1993**.

A reconfiguration plan may include—

- (a) arrangements for the upgrading,
downgrading or discontinuation of works
that provide irrigation or other rural water
services to properties within the relevant
district of the Authority and any associated
drainage works; and
- (b) arrangements as to pricing and management
of services provided to properties within the
relevant district of the Authority or works of
the Authority.

161E Directions of Minister as to reconfiguration plans

- (1) The Minister may issue directions that apply to reconfiguration plans.
- (2) Directions issued under subsection (1) may include all or any of the following—
 - (a) the circumstances in which an Authority will be required to prepare a reconfiguration plan; and
 - (b) the circumstances in which compensation will be payable by an Authority for reducing services under a reconfiguration plan; and
 - (c) any processes for the initiation of the preparation of reconfiguration plans; and
 - (d) any processes an Authority preparing a reconfiguration plan must implement before the plan is adopted, including processes as to the identification and discussion of funding and charging options; and
 - (e) whether or not a draft reconfiguration plan, on adoption under section 161F, must be approved under section 161G; and
 - (f) any matters that must be taken into account by an Authority in preparing a reconfiguration plan; and
 - (g) any persons to whom reconfiguration plans or classes of reconfiguration plans must be referred for consideration; and

- (h) any requirements for advertising or consultation for reconfiguration plans or classes of reconfiguration plans.
- (3) The Minister must cause directions issued under this section to be published in the Government Gazette.

161F Adoption of reconfiguration plans by Authority

S. 161F
inserted by
No. 99/2005
s. 60.

- (1) An Authority may adopt a reconfiguration plan on completing preparation and consideration of a draft reconfiguration plan in accordance with this Part and after complying with any directions.
- (2) Subject to section 161BA, an Authority must not adopt a reconfiguration plan under subsection (1) that proposes termination of the whole or a part of the services provided by the Authority, unless the Authority has—
 - (a) notified the owner of each serviced property to which the services that are proposed to be terminated are provided; and
 - (b) allowed the owner of each such property an opportunity to make written submissions to the Authority about the plan; and
 - (c) given consideration to arrangements to meet any ongoing domestic and stock use requirements for each property.
- (3) In the case of a reconfiguration plan that, under the directions, does not require the approval of the Minister, on adoption of the plan under this section, the Authority must cause notice of the adoption to be published in the Government Gazette.

161G Approval of reconfiguration plans by the Minister

- (1) In the case of a reconfiguration plan that, under the directions, on adoption by the Authority, also requires approval of the Minister, the Minister may approve the plan—
 - (a) on being satisfied that the Authority has adopted the plan under section 161F; and
 - (b) on being satisfied that the Authority has complied with the directions; and
 - (c) after considering the report of any panel the Minister has appointed to consider the plan.
- (2) Before approving a plan under subsection (1), the Minister may refer the plan to a panel for advice.

S. 161H

161H Appointment of Panel

- (1) The Minister may, by instrument, appoint a panel of persons to give advice under section 161G(2) on an adopted reconfiguration plan, and the persons appointed to the panel must be persons who have knowledge of or experience in the matters that the panel is to give advice on.
- (2) Subject to anything specified by the Minister in the instrument of appointment of the panel, a panel may regulate its own proceedings.
- (3) After considering the plan, the panel must report its findings to the Minister within the period specified by him or her.
- (4) The panel may include in its report any recommendations that it thinks fit.
- (5) A member of the panel is entitled to be paid any fees and allowances fixed by the Governor in Council.
- (6) The Minister is not bound by the report of the panel under this section.

- (7) The Minister must make a copy of any report of the panel available for inspection by the public within one month after it is received by the Minister.

161I Approval and notification of plan

161J Termination of services to properties consequent on plans for reconfiguration

- (1) An Authority may, by notice in writing, declare serviced properties on any land in any part of its district to cease to be serviced properties for the purposes of this Act.
- (2) An Authority must not make a declaration under subsection (1) unless a plan adopted under section 161F and (where the case so requires) approved under section 161G includes a proposal to make such a declaration.
- (3) On making a declaration under this section the Authority must serve notice on the owner of each serviced property in the part of the district to which the declaration relates of the making of the declaration and of the day on which the declaration comes into effect.
- (4) A notice under subsection (3) must set out the date on which it takes effect, which must be more than 12 months after the day on which the Authority makes the declaration.

170A Preparation and adoption of permanent water saving plan

- (1) An Authority must prepare a permanent water saving plan and submit that plan to the Minister for approval on or before the date specified by the Minister.
- (2) The Minister may, by notice served on the Authority, give directions or issue guidelines concerning the form of, and the information to be contained in, such a plan.

- (3) In preparing a plan, an Authority must—
 - (a) comply with any written directions; and
 - (b) have regard to any written guidelines—
given or issued by the Minister under
subsection (2).
- (4) Without limiting subsection (2), a plan must contain a Schedule setting out restrictions or prohibitions on the use of water in any area, or a specified part of any area, in respect of which the Authority has the function of providing a water supply system.
- (5) Without limiting subsection (4), a restriction may require a use of water to be approved by a specified person or a specified class of person.
- (6) Before submitting a plan to the Minister under subsection (1), an Authority must ensure that a notice in accordance with subsection (7) is published in the Government Gazette and a newspaper circulating generally in any area capable of being affected by the plan.
- (7) A notice must—
 - (a) summarise the restrictions and prohibitions proposed by the plan;
 - (b) specify where a copy of the proposed plan can be obtained;
 - (c) invite public comments or submissions within such time (being not less than 28 days from the latest day on which the notice is published under subsection (6)) as is specified in the notice.

- (8) An Authority must ensure that all comments and submissions received before the date specified in the notice in response to the notice are considered, and any variations to the proposed plan that the Authority thinks fit are made, before the proposed plan is submitted to the Minister under subsection (1).
- (9) An Authority must adopt a plan as approved by the Minister under subsection (1).

170B Variation of plan

- (1) An Authority may at any time, in accordance with this section, make any variations to an adopted permanent water saving plan that it thinks fit.
- (2) Before making any variation to an adopted plan, an Authority must submit the proposed variation to the Minister for approval.
- (3) The Minister may at any time, by notice served on the Authority, require an Authority to review a permanent water saving plan and submit a revised plan to the Minister for approval on or before the date specified by the Minister.
- (4) In preparing a variation to an adopted plan or a revised plan, an Authority must—
 - (a) comply with any written directions; and
 - (b) have regard to any written guidelines—
given or issued by the Minister under section 170A(2) concerning the form of, and the information to be contained in, a permanent water saving plan.
- (5) Except with the approval of the Minister, before submitting a proposed variation or revised plan to the Minister under subsection (2) or (3), an Authority must ensure that a notice in accordance with subsection (6) is published in the Government Gazette and a newspaper

circulating generally in any area capable of being affected by the proposed variation or revised plan.

- (6) A notice must—
- (a) summarise the proposed variation or revised plan;
 - (b) specify where a copy of the proposed variation or revised plan can be obtained;
 - (c) invite public comments or submissions within such time (being not less than 28 days from the latest day on which the notice is published under subsection (5)) as is specified in the notice.
- (7) An Authority must ensure that all comments and submissions received before the date specified in the notice in response to the notice are considered, and any changes to the proposed variation or changes to the proposed revised plan that the Authority thinks fit are made, before the proposed variation or revised plan is submitted to the Minister under subsection (2) or (3).
- (8) An Authority must vary a permanent water saving plan, or adopt a revised permanent water saving plan, as approved by the Minister under subsection (2) or (3).

- (1) An Authority may, subject to subsection (2), exercise its functions outside its district, including outside the State.
- (2) An Authority must not provide a service under this Part outside its sewerage district unless—
- (a) the service is capable of being conveniently provided by the use of resources that are not immediately required in carrying out the Authority's functions under this Act; and
 - (b) if the service relates to land in another Authority's sewerage district, that Authority has agreed to the service being provided.

175 New works

- (1) Subject to subsection (4), at least 14 days before starting construction of any sewer an Authority must—
- (a) serve a notice on each owner or occupier of land which will be affected by the proposed construction; and
 - (b) publish a notice in a newspaper circulating generally in the area concerned—

which contains a statement of the Authority's intention to construct the sewer, information about where and when a copy of the plan of the works for the sewer may be inspected, and notice that

submissions are invited within 14 days after publication.

- (2) A person who objects to the proposed construction may, within 14 days after the date of publication of the notice, make a submission to the Authority, and the Authority must, before starting construction, consider any submissions received.
- (3) The Authority may construct the sewer—
 - (a) after considering any submissions; or
 - (b) if no submissions are received, 14 days after the date of publication of the notice.
- (4) If the Authority has the consent in writing of each owner or occupier who would be affected by the construction of a sewer, it may construct the sewer without following the procedure specified in subsections (1) to (3).

176 Compensation not payable in certain cases

- (1) Despite any other provision, an Authority is not liable to pay compensation for damage caused in the course of works to provide a sewer that the Authority decides is necessary for the proper sewerage of allotments of land, unless that damage is to buildings and is not repaired by the Authority.
- (2) Subsection (1) applies only to land—
 - (a) that is subdivided in such a way that the allotments abut each other, back to back or side to back, without any right of way between them; and
 - (b) in relation to which the sewer is underground and close to the boundary of an allotment.

177 Testing etc. of waste

- (1) A person authorised by an Authority to do so may—
 - (a) at any reasonable time, but in an emergency at any time, enter land and—
 - (i) measure flows of trade waste; or
 - (ii) take samples of any trade waste that is to be received by the Authority or of any matter used or produced in a process involving trade waste, and analyse those samples; or
 - (iii) inspect any fittings, private works and works ancillary to them that are used or provided for conveying trade waste to the Authority's sewerage system; and
 - (b) require any person to supply any information relating to any trade waste that is to be received by the Authority or any matter used or produced in a process involving trade waste.
- (2) Powers conferred by subsection (1) are in addition to any other powers of an Authority.
- (3) A person must not disclose any information supplied to the person as required under subsection (1)(b) unless that disclosure is made—
 - (a) to the Authority; or
 - (b) for the purposes of legal proceedings; or
 - (c) with the consent of the person who supplied the information.

Penalty: 20 penalty units.

178 Protection of sewers³⁷

- (1) A person must not cause or permit anything other than—

- (a) sewage; or
- (b) trade waste discharged in accordance with a trade waste agreement—

to be discharged into the sewerage system of an Authority.

Penalty: 200 penalty units and, for a continuing offence, an additional penalty of 80 penalty units for each day on which the offence continues—

- (c) after service of a notice of contravention on the person under section 151; or
 - (d) if no notice of contravention is served, after conviction of the person for the offence.
- (2) Subsection (1) does not apply to or in relation to a discharge that occurs in circumstances that constitute an offence against the **Environment Protection Act 1970**.

179 Special sewerage services

- (1) An Authority with the management and control of a sewerage district may, by notice in writing, declare any land within the district to be a serviced property for the purposes of providing services to the land under sections 180 or 183.
- (2) Section 144(2), (3) and (4) apply to a notice under subsection (1) as if it were a notice under section 144(1).
- (3) An Authority may impose a fee under a tariff on a property that is a serviced property because of a notice under subsection (1), in relation to any service provided by the Authority under section 180 or 183.

180 Septic tank permit applications

- (1) A council that receives an application for a permit for a septic tank system in respect of land within an Authority's sewerage district must forward a copy of the application to the Authority, if the Authority has lodged with the council a standing written request for referral of those applications.
- (2) The Environment Protection Authority must forward any applications it receives for a permit for a septic tank system in respect of land within an Authority's sewerage district if the Authority has lodged with the Environment Protection Authority a standing written request for referral of those applications.
- (3) The Authority must, within 21 days after the copy of the application is forwarded to it, notify the council or the Environment Protection Authority (as appropriate) of—
 - (a) the location of the sewer nearest to the land; and
 - (b) the availability of works to service the land; and
 - (c) any requirements with which the council or the Environment Protection Authority must comply.
- (4) The council and the Environment Protection Authority must comply with any requirement of the Authority in relation to the application that is notified to the council or the Environment Protection Authority within 21 days after the application is forwarded to the Authority.
- (5) The council or the Environment Protection Authority must not make a decision in relation to an application within 21 days after the copy is forwarded to the Authority.

183 Powers in relation to septic tanks

S. 183(3)
amended by
No. 46/2008
s. 292.

- (1) An Authority may inspect and measure existing septic tank systems within its sewerage district.
- (2) An Authority may, by notice in writing served on the owner of land which is within its sewerage district and on which there is a septic tank system, require the owner to carry out in relation to that septic tank system any repairs or maintenance specified in the notice.
- (3) The carrying out of any repairs or maintenance required by an Authority under subsection (2) does not relieve the owner from the duty to comply with the **Environment Protection Act 1970** and the **Public Health and Wellbeing Act 2008**.
- (4) If a septic tank system is on land owned by more than one person, a notice under subsection (2) may be served on any or all of the owners of that land.
- (5) Section 150(3) and (4) apply to a notice under subsection (2) as if it were a notice under section 150(1).

 - (b) requiring—
 - (i) the regular maintenance and cleaning of those works or apparatus; and
 - (ii) the payment of a fee for any maintenance or cleaning of those works or apparatus that is carried out by or on behalf of the Authority;
 - (c) prohibiting septic tank discharge within its district without the consent of the Authority;
 - (d) imposing penalties for contravention of the by-laws.
- (2) A penalty imposed for a contravention of a by-law made under subsection (1)(c) must not exceed—
- (a) for a first offence, 20 penalty units or imprisonment for 3 months; and
 - (b) for a subsequent offence, 40 penalty units or imprisonment for 6 months—
- and, in the case of a continuing contravention, an additional penalty of 5 penalty units for each day on which the offence continues—
- (c) after service of a notice of contravention on the person under section 151; or
 - (d) if no notice of contravention is served, after conviction of the person for the offence.

- (f) to provide advice about flooding and controls on development to local councils, the Secretary to the Department and the community.

203 Declarations by Authorities

- (1) An Authority that has the functions referred to in section 202(1)(b) and (c) or section 202(2)(b) and (c) may declare—
 - (a) a flood level in relation to a specified area; or
 - (b) a flood fringe area; or
 - (c) a building line in relation to either side of a designated waterway or of designated land or works.
- (2) Notice of intention to make a declaration under subsection (1) must—
 - (a) be published in the Government Gazette; and
 - (b) be published in a newspaper circulating generally in the area concerned; and
 - (c) state that any person may, within 6 weeks after the date of notice, make a submission to the Authority.
- (3) An Authority must, before making a declaration, consider any submissions received under subsection (2).

S. 203(1)
amended by
Nos 12/1996
s. 8(3),
85/2006 s. 87,
32/2010
s. 77(Sch.).

- (4) The Authority may revoke or vary a declaration and must publish notice of any revocation or variation in the same way as the original declaration was published.

204 Adoption of flood level

- (1) In making a declaration under section 203(1), an Authority may adopt a flood level, a flood fringe area or a building line which, in its opinion, is the best estimate, based on the available evidence, of a flood event which has a probability of occurrence of 1 per cent in any one year.
- (2) Despite any other provision, an Authority may designate a flood level that allows a risk of flooding to exist in the use of lands.

205 Declarations by the Minister

S. 205(1)
amended by
No. 12/1996
s. 9(1).

- (1) The Minister may, by Order published in the Government Gazette, declare any area to be an area of land liable to flooding or to be a floodway area.

- (2) A declaration may only be made—

- (a) at the request of an Authority that has the functions referred to in section 202(1)(a), (b) and (c) or that has the functions referred to in section 202(2)(a), (b) and (c);

S. 205(2)(b)
amended by
No. 12/1996
s. 9(2)(3).

- (b) in the case of a declaration of an area to be an area of land liable to flooding, on the basis of flood levels declared by the Authority under section 203 or, where flood levels have not been declared, on the basis of the Authority's best estimate of the area liable to flooding from a flood event which has a probability of occurrence of 1 per cent in any one year; and

- (c) in the case of a declaration of an area to be a floodway area, on the basis of the Authority's best estimate of the area constituting the high hazard area of the floodplain comprising active flow paths or storage areas or both. **S. 205(2)(c) inserted by No. 12/1996 s. 9(3).**
- (3) Before requesting a declaration, an Authority must—
- (a) notify any council or public statutory body that functions in the area of its intention; and
- (b) notify the owners of land within the area of its intention, and advise them that they may, within 6 weeks after the date of the notice, make a submission to the Authority.
- (4) An Authority must, before requesting a declaration, consider any submissions received under subsection (3).

206 Notice of declarations

- (1) As soon as practicable after an Order is published in the Government Gazette under section 205, the Authority that requested the making of the Order must—
- (a) publish notice of the Order in a newspaper circulating generally in the area affected; and
- (b) notify any council or public statutory body that functions in the area; and
- (c) notify the Secretary to the Department and all responsible authorities under the **Planning and Environment Act 1987** that are likely to be affected by the declaration; and **S. 206(1)(c) amended by Nos 46/1998 s. 7(Sch. 1), 85/2006 s. 89.**
- (d) notify the owners of land in the area.

- (2) A responsible authority referred to in subsection (1)(c) must, in relation to any planning scheme, have regard to the particulars of the declaration.
- (3) A council or other public statutory body that has power to do so must prevent land uses that are inconsistent with any identified flood hazards.

207 Review of declarations

- (1) A person who is aggrieved by a declaration, revocation or variation under section 203 or a declaration under section 205 may apply, within 1 month after publication of the declaration, revocation or variation, to the Minister for review.
- (2) The Minister must notify the applicant of his or her decision on the application.
- (3) Subsection (1) does not apply if the person is aggrieved by a variation that was made at the direction of the Minister as a result of an earlier application by that person.

(i) controlling or mitigating floodwaters; or

- (ii) discharging stormwater; or
- (iii) excluding tidal water; or
- (iv) concentrating or diverting floodwater or stormwater;
- (b) works or a structure between a building line and any part of the designated waterway or designated land or works in relation to which the building line was declared;

relevant Authority means an Authority to which this Division applies and that has the function referred to in section 202(1)(d) or (e) or (2)(d) or (e).

209 Removal of existing works and structures

- (1) An Authority to which this Division applies and that has the function referred to in section 202(1)(d) or (e) or referred to in section 202(2)(d) or (e) may, by notice in writing to the owner of the affected land, require the owner to allow the Authority to enter the land and demolish or modify any works or structures that—
 - (a) are within an area liable to flooding or a floodway area, or between a building line and any part of the designated waterway or designated land or works in relation to which the building line was declared; and
 - (b) existed at the time of the declaration of the area liable to flooding or of the floodway area or of the building line.

Division 5—Water management schemes

213 Functions of the Minister

The Minister has the following functions in relation to water management schemes throughout the State—

- (a) to cause assessment and investigations connected with water resources and the environment in connection with waterways to be undertaken;
- (b) to cause schemes for the improved management of waterways, drainage and floodplains to be prepared and implemented;
- (c) to develop public education programs for promoting broad community awareness of the role of waterway management authorities in the overall resource conservation and development in Victoria.

214 Investigations

- (1) The Minister may, if he or she decides that an investigation in relation to water management should be carried out, publish in the Government Gazette and in a newspaper circulating generally in the affected area a notice which—
 - (a) states the intention of the Minister to appoint a community-based committee to carry out the investigation; and
 - (b) briefly describes the proposal to be investigated; and
 - (c) describes the general area affected by the proposal.
- (2) The following provisions apply with respect to the membership of a committee appointed under this section—

- (a) more than one half of the membership must consist of persons who are owners or occupiers of land in the affected area;
 - (b) any council whose municipal district is wholly or partly within the affected area must be represented on the committee;
 - (c) any public statutory body which the Minister considers to be directly affected by the proposal must be represented on the committee;
 - (d) the Minister must make sure that, so far as possible, all relevant interests (including environmental interests) are fairly represented on the committee.
- (3) The Minister must give the committee sufficient resources to enable it to carry out the investigation.
 - (4) Subsections (2) to (6) of section 318 apply to a committee appointed under this section.
 - (5) The committee must carry out an investigation in accordance with the terms of the notice.
 - (6) In carrying out an investigation, the committee must consult with all public statutory bodies that function in the area affected by the proposal.
 - (7) A committee performing functions under this section, section 215 or section 216 performs those functions as the delegate of the Minister.

215 Water management schemes

- (1) When it has completed an investigation into a proposal the committee may prepare a water management scheme for the area affected by the proposal.

- (2) When it has prepared a water management scheme the committee must publish in the Government Gazette and in a newspaper circulating generally in the area affected a notice which—
- (a) states that the scheme has been prepared; and
 - (b) states where the scheme is available for inspection; and
 - (c) states the nature of the scheme and a description of it; and
 - (d) if the scheme provides for the execution of works, calls for all people affected by the proposed works to make submissions to the committee within 6 weeks after the date of publication in the Government Gazette.
- (3) The committee may modify the scheme as a result of any submission made in response to the notice.
- (3A) The committee may submit the scheme to the Minister for his or her acceptance.
- (3B) The Minister may—
- (a) accept the scheme as submitted by the committee; or
 - (b) reject the scheme; or
 - (c) modify the scheme and accept the scheme as so modified.
- (4) The Minister must publish in the Government Gazette and in a newspaper circulating generally in the area affected a notice—

- (1) At least 6 weeks after the notice required by section 215(2) is published, and after any applications to the Tribunal have been determined, the Minister may by Order published in the Government Gazette and in a newspaper circulating generally in the area affected—

S. 216(1)(b)
amended by
No. 12/1996
s. 11(1).

- (a) declare the scheme to be an approved scheme; and
 - (b) nominate the Authorities or, with its or their agreement, the council or councils responsible for implementing the scheme.

- (2) After an Order has been published, an Authority or council nominated in the Order must notify the Secretary to the Department of Transport, Planning and Local Infrastructure and all responsible authorities under the **Planning and Environment Act 1987** that are likely to be affected by the scheme.
- (3) A responsible authority referred to in subsection (2) must, in relation to any planning scheme, have regard to the provisions of the approved scheme.
- (4) Any area that benefits from or is affected by the scheme may be identified in the Order as an area for which the Authority may, in accordance with Part 13, impose fees under a tariff or require contributions from other Authorities or councils under Part 13 to fund the scheme.
- (5) The period (if limited) for which the tariff may be imposed must be specified in the Order.

217 Removal or modification of works

The Authority or council responsible for implementing a water management scheme approved under section 216 may apply to the Tribunal under Division 2 of Part 2 for an Order with respect to the removal or modification of any works that—

- (a) cause a flow of water which is not reasonable, or interfere with a reasonable flow; and
- (b) are identified in that scheme—

whether or not the Authority or council owns the land on which those works are situated.

- (5) The Minister may, by notice in writing in accordance with subsection (3), revoke a declaration, wholly or in part—
 - (a) on application by any person or body referred to in subsection (2)(a); and
 - (b) if the Minister is satisfied that the whole or any part of the area subject to the declaration should no longer be subject to it.
- (6) Section 207 applies to a declaration under subsection (1) or a revocation under subsection (5) as if it were a declaration under section 203.

- (7) The Authority or public statutory body must act in accordance with a management plan for the drainage course that is approved by the Minister, and a responsible authority referred to in subsection (4) must, in relation to any planning scheme, have regard to the particulars of the declaration.
- (8) The Authority or public statutory body having the management and control of the drainage course may at any time by notice in writing to the owner or occupier of any land in the drainage course (or, with the consent of the Minister, to any other public statutory body) require the owner or occupier or the other public statutory body—
- (a) to remove anything obstructing or interfering with the flow of water in the drainage course; or
 - (b) to carry out any works that are reasonably necessary to control that flow; or
 - (c) to maintain any structure or works in the drainage course in such a condition so as not to obstruct or interfere with that flow.
- (9) A person whose interests are affected by a decision of the Authority or public statutory body to make a requirement under subsection (8) may apply to the Tribunal for review of the decision.
- (9A) An application for review must be made within 28 days after the later of—
- (a) the day on which the requirement is made;

- (b) comply with a requirement of the kind referred to in subsection (8)(c).

Penalty: 20 penalty units.

(11) An owner or occupier of land in a drainage course must—

- (a) comply with a requirement of the kind referred to in subsection (8)(a) or (b)—
 - (i) if there has been no application for review under subsection (9)—within one month after the expiry of the time during which the person is entitled to apply, or any further period that the Authority or public statutory body allows; and
 - (ii) if there has been an unsuccessful application—within one month after the disallowance of the application, or any further period that the Authority or public statutory body allows; and
- (b) comply with a requirement of the kind referred to in subsection (8)(c)—
 - (i) if there has been no application for review under subsection (9)—as from the expiry of the time during which the person is entitled to apply; and

- (ii) if there has been an unsuccessful application—as from the disallowance of the application.

Penalty: 20 penalty units.

- (12) A person must not, except in accordance with a requirement made under subsection (8) or with the consent of the Authority or public statutory body in any manner interfere with or obstruct the flow of water in a drainage course.

Penalty: For a first offence, 20 penalty units or imprisonment for 3 months.

For a subsequent offence, 40 penalty units or imprisonment for 6 months.

For a continuing offence, an additional penalty of 5 penalty units for each day on which the offence continues—

221 Functions of Authorities under this Part

An Authority has the following functions in relation to the irrigation district of the Authority—

- (a) to provide, manage and operate systems for the delivery of water to lands and appropriate drainage and protection of those lands;
- (b) to identify community needs relating to irrigation, drainage and salinity mitigation, and plan for the future needs of the community relating to irrigation, drainage and salinity mitigation;
- (c) to develop and implement programs for improved irrigation practices, improved drainage practices and improved salinity mitigation practices;
- (d) to investigate any matter related to its functions, powers and duties in relation to irrigation, drainage and salinity mitigation.

at the volumes and for the periods that are determined by the Authority in accordance with this Part; and

- (b) may provide the service of delivering water to the owner or occupier of any property in its irrigation district; and
 - (c) may sell water the Authority owns or is authorised to take and use under a bulk entitlement to the owner or occupier of any land, whether within or outside its irrigation district.
- (2) A service provided by an irrigation Authority under subsection (1) may be provided on any terms and conditions that are set out in a determination of the Authority.
- (3) An Authority is not required to provide the service of delivering water to the owner or occupier of land under subsection (1), if—
- (a) the owner is not the holder of a water-use licence or water-use registration (as the case requires); or
 - (b) neither the owner nor the occupier of the land has a water allocation.
- (4) Nothing in this Act entitles any person to a service under subsection (1) other than during an irrigation period.

Division 3—Specific provisions as to volume and period of delivery

S. 223
substituted by
No. 99/2005
s. 61.

223 Authority to determine volumes and periods of delivery

- (1) An Authority, when commencing the service of delivering water for irrigation or for domestic and stock use to a serviced property under section 222(1), must determine the volumes at which and the periods for which the water is to be delivered for irrigation or stock and domestic use to that property.
- (2) A determination under subsection (1) may apply to more than one serviced property in a declared water system in an irrigation district of the Authority.
- (3) A determination under subsection (1) must be in writing and must be made in the manner set out in a conditions determination of the Authority.

S. 224
substituted by
No. 99/2005
s. 61.

224 Variation of delivery determinations on application

- (1) An Authority may, on receiving an application to do so by the owner of a serviced property within the irrigation district of the Authority, vary a delivery determination that applies to that property by varying either or both the volumes at which and periods for which water is to be delivered to that property.
- (2) On the making of a determination under subsection (1), the determination is deemed to have effect as so varied.
- (3) In making a determination under subsection (1), the Authority must have regard to any matters set out in any conditions determination of the Authority.

- (4) An owner of a serviced property may apply to an Authority for variation of a determination under subsection (1) in relation to that property.
- (5) An Authority may refuse to make a determination under this section that reduces the level of service to the owner of a property unless the owner pays to the Authority an amount that the Authority reasonably believes represents the present value of fees that would otherwise be payable, under a tariff under section 259(1), by the owner of the property in respect of the irrigation service provided by the Authority before the variation.

225 Variation of delivery determination on motion of Authority

S. 225
substituted by
No. 99/2005
s. 61.

- (1) An Authority may, on its own motion, vary a delivery determination it has made by varying either or both the volumes at which and the periods for which water is to be delivered to a property or any of the properties to which the delivery determination relates.
- (2) On the making of a determination under subsection (1), the delivery determination is deemed to have effect as so varied.
- (3) A determination under this section that applies to more than one property, must apply the variation to all such properties equally.
- (4) In making a determination under subsection (1), the Authority—
 - (a) must have regard to the matters (if any) set out in any conditions determination of the Authority; and

226 Determination to transfer volume or periods

- (1) An Authority may, on receiving an application to do so from the owners of two parcels of land in an irrigation district of the Authority, determine to transfer to one of the parcels of land specified in the application the whole or a part of—
 - (a) either or both the volumes at which and the periods for which water is to be delivered to the other parcel of land specified in the application; or
 - (b) either or both the volumes at which and the periods for which water is to be delivered to the other parcel of land specified in the application, for the limited period of time that is specified in the application.
- (2) An Authority must refuse an application under subsection (1)(a) if consent has not been obtained to the application to transfer a volume or period from any one of the mortgagees of any parcel of land from which the volume or period is being transferred.
- (3) If the Authority refuses an application under subsection (1), the Authority must give the applicants reasons for that refusal.
- (4) On making of a determination under subsection (1), any delivery determination that relates to either parcel of land is deemed to have effect in accordance with the transfer of the volumes and periods.
- (5) For the purposes of a transfer under subsection (1), the Authority may—
 - (a) where a delivery determination ceases to apply to a parcel of land, declare that the land ceases to be a serviced property, or where the case so requires, that the land is a serviced property; or

- (7) The owners of parcels of land in the irrigation district of an Authority may apply to the Authority for a determination under subsection (1).

Division 4—Conditions and Ministerial directions as to delivery

227 Authority to fix terms and conditions for the service of delivering water

**S. 227
substituted by
No. 99/2005
s. 61.**

- (1) An Authority may determine—
 - (a) in addition to any power to make determinations under Division 3, the terms and conditions on which it provides a service under section 222(1); and
 - (b) any conditions required to be determined for the purposes of Division 3.
- (2) A determination under subsection (1) must be—
 - (a) published by the Authority; or
 - (b) made available at the offices of the Authority.
- (3) A determination under subsection (1)—
 - (a) may be amended or revoked by the Authority in the same manner as that in which it is made; and
 - (b) remains in force until such time as it is so revoked.

- (4) The conditions specified in the determination may deal with all or any of the following matters—
- (a) the circumstances in which an approval to a variation under section 224 is conditional on the payment of an amount under section 224(5); and
 - (b) rules for restricting delivery as a result of insufficient capacity in the works of the Authority; and
 - (c) the circumstances in which the Authority will agree with an owner to provide a different level of service to a serviced property; and
 - (d) the circumstances in which the Authority will make a determination under section 224, 225 or 226; and
 - (e) the circumstances in which a declaration that a property is no longer a serviced property is conditional on the payment of an amount under section 229(6); and
 - (f) matters to be taken into account in determining the amount to be payable under sections 224(5) and 229(6); and
 - (g) methods by which disputes as to the interpretation or operation of the determination may be settled; and
 - (h) any other matter or thing that is, in the opinion of the Authority, necessary for the service to be delivered.

228 Ministerial directions

- (1) The Minister may, from time to time, by notice in writing, give directions to Authorities on any matter about which a condition may be specified under section 227(4).
- (2) The Minister must cause a notice under subsection (1) to be published in the Government Gazette.

Division 5—Miscellaneous

229 Declaration that property not to be serviced property

- (1) An owner of a serviced property in an irrigation district may apply to the Authority for that district for a declaration under subsection (2).
- (2) On receiving an application under subsection (1), the Authority may, by notice in writing, declare the serviced property to which the application relates to cease to be a serviced property.
- (3) An Authority must refuse an application under subsection (1) if the consent of any one of the recorded mortgagees of the serviced property has not been obtained to the application.
- (4) A notice under subsection (2) must be given to the owner of the property.
- (5) The notice must—
 - (a) specify the serviced property to which it applies; and
 - (b) fix a date on and from which the land must be taken to not to be a serviced property for the purposes of this Act.

S. 229
substituted by
No. 99/2005

231 Authority may reduce, restrict or discontinue delivery of water

- (1) An Authority may reduce or restrict the period over which water is to be delivered to any serviced property, or discontinue the delivery of water to any serviced property, if—
 - (a) the Authority is, because of insufficient capacity unable to deliver water to the property; or

- (b) any private works for the delivery of water to the property—
 - (i) are, in the opinion of the Authority, inadequate or not properly constructed or maintained and a notice to repair has been issued under section 150 and not complied with by the time specified or allowed under that section; or
 - (ii) do not, in the opinion of the Authority, comply with the regulations; or
 - (c) the owner of the serviced property has contravened this Act, the regulations or the Authority's by-laws in relation to the taking of water; or
 - (d) the owner of the serviced property has refused entry to an authorised water officer, or an officer of an Authority, who intended to exercise powers conferred by or under this Act to investigate any suspected contravention of this Act, the regulations or the Authority's by-laws in relation to the taking of water; or
 - (e) the owner of the serviced property has refused or failed to pay any money due to the Authority for the delivery of water to the serviced property.
- (2) An Authority must reduce the delivery of water under subsection (1)(a) to all serviced properties in the same proportion.
 - (3) An Authority that reduces, restricts or discontinues the delivery of water to a serviced property may reduce or waive any amount of money payable to it for the delivery of water to the serviced property.

**S. 231(1)(d)

- (4) An Authority may reduce or restrict the quantity of water delivered to a serviced property or discontinue the supply of water to a serviced property under subsection (1)(b), (c), (d) or (e) if it decides that the required circumstances exist, whether or not it has been proved to the satisfaction of a court that those circumstances do exist.
- (5) A person may apply to the Tribunal for review of the Authority's decision to discontinue the delivery of water to the serviced property under subsection (1)(c).
- (6) An application for review must be made within 28 days after the later of—
 - (a) the day on which the decision is made;
 - (b) if, under the **Victorian Civil and Administrative Tribunal Act 1998**, the person requests a statement of reasons for the decision, the day on which the statement of reasons is given to the applicant or the applicant is informed under section 46(5) of that Act that a statement of reasons will not be given.

232A Functions and powers of the Minister as to salinity mitigation

- (1) The Minister has the following functions in relation to salinity mitigation—
 - (a) to carry out works and measures to mitigate or offset salinity impacts of irrigation;
 - (b) in relation to actions described in paragraph (a)—
 - (i) to carry out research, investigation and assessment into those actions or the need for those actions; or
 - (ii) to meet the State's obligations under the Murray-Darling Basin Agreement in relation to those actions;
 - (c) to operate and maintain works carried out under paragraph (a) or other works to mitigate or offset salinity impacts of irrigation;
 - (d) to monitor groundwater, surface water and irrigation development for salinity impacts of irrigation;
 - (e) to develop and manage programs—
 - (i) to mitigate or offset salinity impacts of irrigation; and
 - (ii) to improve irrigation, drainage and other salinity mitigation or offsetting practices;
 - (f) to monitor, evaluate, report on and account for programs or other actions to mitigate or offset salinity impacts of irrigation;

- (g) in relation to actions described in paragraphs (c), (d), (e), and (f)—
 - (i) to carry out research, investigation and assessment into those actions or the need for those actions; or
 - (ii) to meet the State's obligations under the Murray-Darling Basin Agreement.
- (2) The Minister has all the powers that are necessary to carry out the functions set out in subsection (1).

Division 3—Imposition of salinity impact charges

232B Fixing salinity impact charges

**S. 232B
inserted by
No. 23/2019

- (1) The Minister may, by determination under this Division, fix—
 - (a) a charge for the carrying out of the functions set out in section 232A(1)(a) and (b); and
 - (b) a charge for the carrying out of the functions set out in section 232A(1)(c), (d), (e), (f) and (g).
- (2) In the determination under subsection (1)(a), a capital works salinity impact charge may be fixed by reference to—
 - (a) a fixed amount; or
 - (b) an amount fixed by reference to all or any of the following—
 - (i) the salinity impact zone in which land subject to the charge is situated;
 - (ii) the class of change in use of water on land subject to the charge;
 - (iii) annual use limits for water-use licences subject to the charge;
 - (iv) any other relevant matter; or

- (c) an amount fixed by reference to a formula calculated having regard to the matters set out in paragraph (b); or
 - (d) any combination of amounts referred to in paragraphs (a), (b) and (c).
- (3) In the determination under subsection (1)(b), an annual salinity impact charge may be fixed by reference to—
 - (a) a fixed amount; or
 - (b) an amount fixed by reference to all or any of the following—
 - (i) the salinity impact zone in which land subject to the charge is situated;
 - (ii) the class of change in use of water on land subject to the charge;
 - (iii) annual use limits for water-use licences subject to the charge;
 - (iv) any other relevant matter; or
 - (c) any combination of amounts referred to in paragraphs (a) and (b).
- (4) A capital works salinity impact charge or annual salinity impact charge may be fixed by reference to one case or a class of cases.
- (5) Subject to this Act, a determination under this section may make provision for or with respect to any of the following—
 - (a) persons or classes of persons who are excepted from paying a charge;
 - (b) the method of payment of a charge, including payment by instalments;
 - (c) any other necessary matter or thing.

- (6) A determination under this section must—

Part 12—Access over lands

233 Definitions and application

- (1) In this Part, a reference to the owner of land includes a reference to—
 - (a) a person who acts with the consent of the owner; and
 - (b) a committee as defined in section 244; and
 - (c) a person who holds the land as executor or administrator or trustee.
- (2) An agreement entered into under this Part by a person acting with the consent of the owner of land must be taken to have been entered into by that owner.
- (3) An agreement entered into by a committee must be taken to have been entered into by each participating landowner.
- (4) Nothing in this Part empowers an Authority to seek or obtain a right of access in favour of land, whether or not that land is owned by the Authority.
- (5) In this Part, a reference to an agreement under section 234 includes a reference to a declaration under section 234(5).

- (a) wilfully obstruct any person carrying out any works under this Part; or
- (b) wilfully damage or obstruct any such works.

Penalty: 20 penalty units.

241 Notice that right of access is sought over public land

- (1) If land in respect of which a right of access is sought is owned by the Crown, the notice required under section 234(1) must be served on the Minister administering the **Conservation, Forests and Lands Act 1987**, and the Minister may enter into an agreement under section 234 with the person seeking the right of access.

- (2) If land in respect of which a right of access is sought is owned by the Public Transport Corporation, the notice required under section 234(1) must be served on that Corporation, and the Corporation may enter into an agreement under section 234 with the person seeking the right of access.
- (2A) If land in respect of which a right of access is sought is owned by Victorian Rail Track within the meaning of section 3 of the **Transport Integration Act 2010**, the notice required under section 234(1) must be served on Victorian Rail Track, and Victorian Rail Track may enter into an agreement under section 234 with the person seeking the right of access.
- (3) If the Minister or Victorian Rail Track publishes, within 8 weeks after service of the notice, a notice of dissent in the Government Gazette, the right of access is denied, despite any other provision in this Part.
- (4) If the Minister or Victorian Rail Track publishes a notice in the Government Gazette stating that an agreement under this section—
- (a) is revoked; or
- (b) is varied as specified in the notice—
- the agreement is, on the date of publication of the notice, revoked or varied as specified in the notice.
- (5) The owner of land in favour of which a right of access is created by an agreement under this section has the rights and obligations that are specified in the agreement in relation to the construction, maintenance and alteration of works in the land over which the right of access is created.

(d) any combination of amounts referred to in paragraphs (a), (b) and (c) and in the case of Melbourne Water Corporation, amounts referred to in paragraph (ca).

(3) In fixing the fees imposed under a tariff that is based on the valuation of a property an Authority may use a valuation equalisation factor.

- (4) An Authority that imposes fees under a tariff or development tariff (other than fees of a fixed amount) may, by resolution, fix a minimum amount or no amount payable under the tariff for any property or class of property in respect of which a fee is imposed.
- (5) An Authority that imposes fees under a tariff or development tariff may, by resolution, fix different fees payable for different properties or for different periods on the basis of any criteria specified in the resolution.
- (6) A resolution under subsection (4) or (5) has no effect until the day on which notice of the making of the resolution is published in a newspaper circulating generally in the area concerned.
- (7) An Authority may impose fees under a tariff or development tariff for any particular purpose specified in the Authority's by-laws.
- (8) An Authority may, in respect of a property that becomes liable during a financial year to a fee imposed under a tariff, impose a proportion of—
- (a) the fee imposed under the tariff for that part of the year during which the property is liable to a fee under the tariff; and
 - (b) the fee imposed under a development tariff for that part of the year during which the property was liable to a fee under a development tariff.
- (9) An Authority may, in respect of a property, separately impose fees under a tariff or development tariff in respect of each separate occupancy on that property.

260 Setting a tariff

- (1) An Authority that sets a tariff must do so by resolution.
- (2) A resolution under subsection (1) has no effect until the day on which notice of the making of the resolution is published in a newspaper circulating generally in the area concerned.
- (3) An Authority that sets a tariff must specify in the notice under subsection (2)—
 - (a) the district to which the tariff applies; and
 - (b) the method of calculating fees imposed under the tariff; and
 - (c) the period for which the tariff is set; and

made by the Essential Services Commission
under section 4D of the **Water Industry
Act 1994** and section 33 of the **Essential
Services Commission Act 2001**;

relevant valuation, in relation to a price
determination, means the valuation which
forms the basis of the tariffs submitted by
Melbourne Water Corporation to the
Essential Services Commission and which is
approved in the price determination.

263 Supplementary valuations

(1) An Authority may alter the amount of a fee
imposed under a tariff in respect of a property if a
supplementary valuation of the property is made
in accordance with section 13DF of the **Valuation
of Land Act 1960**.

- (2) An Authority may request a municipal council to arrange for a supplementary valuation to be made at the Authority's expense.
- (3) The **Valuation of Land Act 1960** applies, with any necessary modifications, to a supplementary valuation made at the request of an Authority as if it were a supplementary valuation made in accordance with section 13DF of that Act.
- (4) If a supplementary valuation is made because of an event that happens during a financial year, a proportion of the amount of the fee imposed under the tariff, as altered, is payable for the part of the financial year after the supplementary valuation, and a proportion of the original amount of the fee imposed under the tariff is payable for the part of the financial year before the supplementary valuation.

263A Liability of owners corporation or lot owners for fees for services supplied to subdivision

S. 263A
inserted by
No. 17/2012
s. 40.

- (1) An owners corporation of a subdivision to which a service of water supply or sewage disposal is supplied under this Act is liable to pay any fees imposed by an Authority under a tariff for the provision of that service being any fee imposed—
 - (a) in respect of the land affected by the owners corporation; and
 - (b) in respect of the common property, or any part of the common property, affected by the owners corporation.
- (2) Instead of requiring an owners corporation to pay any fee imposed under a tariff referred to in subsection (1), an Authority may apportion the amount for which the owners corporation would otherwise be liable between the lots affected by it, on the basis of—
 - (a) the number of lots affected by it; or

(d) a combination of the methods set out in
paragraphs (a), (b) and (c)—

and the owners of each lot to which an amount is
apportioned are liable to pay it accordingly.

S. 263A(3)
amended by
No. 24/2013
s. 35(2).

specify each lot to which the request relates.

S. 263A(5)
amended by
No. 24/2013
s. 35(4).

(5) An owners corporation that makes a request under
subsection (3) for an Authority to apportion
amounts under subsection (2) on the basis of lot
liability must give written notice to an Authority
of any change in lot liability of any lot affected by
it as soon as possible after the change occurs.

S. 263A(6)

(6) If requested to do so in accordance with this
section, an Authority must use the method, or
combination of methods, specified in the request,
in apportioning an amount to which an owners

corporation would otherwise be liable in respect of amounts payable for the year following the year in which the request is made and each subsequent year, and may base the apportionment on information given to it by the owners corporation under this section.

- (7) If a subdivision has more than one owners corporation and the Authority considers it impracticable to determine how much water is supplied to the land affected by each owners corporation it may—
- (a) under subsection (1), treat one of those owners corporations as being the only owners corporation for the subdivision; and
 - (b) under subsection (2)(a), apportion the amount for which that owners corporation would otherwise be liable between all the lots in the subdivision.
- (8) Any fee imposed under a tariff on the owner of a lot affected by an owners corporation (other than a lot used primarily for residential purposes) must be offset against the amount for which the owners corporation is liable under subsection (1).
- (9) Any amount for which an owner of a lot is liable under subsection (2) must be offset against the amount for which the owners corporation affecting that lot is liable under subsection (1).
- (10) The liability imposed by subsection (1) does not relieve any other person from liability to pay the fee imposed under a tariff on, and the charges payable by, that person.
- (11) Terms used in this section have the same meaning as in the **Subdivision Act 1988**.

266 Application for review

- (1) A person who is aggrieved by the setting of a tariff, or the imposing of a fee under a tariff, by an Authority may, within 1 month after receipt of the demand for payment, object in writing to the Authority on any of the following grounds—
 - (a) where the fee imposed under the tariff is based on valuation of the land, that the land is not rateable;
 - (b) that the person is not liable for the tariff;
 - (c) that the tariff was not set in accordance with an Order under section 4D(1)(a) of the **Water Industry Act 1994** or in accordance with the **Essential Services Commission Act 2001**;
 - (d) that the Authority did not give the required notice that the property is a serviced property;
 - (e) that the fee imposed by the Authority is not a correct application of the tariff as set.
- (2) An Authority must, within 2 months after receipt of an objection from a person, notify the person of its decision on the objection.
- (3) If an Authority has not notified the person of its decision within 2 months after the objection was made, the Authority must be taken to have notified the person of its decision to overrule the objection at the expiry of the 2 month period.
- (4) A person who has objected may apply to the Tribunal for review of the Authority's decision on the objection on any of the grounds specified in subsection (1).

Division 6—Owner finance

S. 266A
inserted by
No. 85/2006
s. 114.

266A Definition

In this Division a reference to ***Authority*** does not include a reference to Melbourne Water Corporation, except where Melbourne Water Corporation is acting under section 196 or 197.

267 Operation of Division

The provisions of this Division are in addition to any provisions empowering an Authority to enter agreements and provide works in the exercise of its functions.

268 Authority may require payment⁴⁴

- (1) An Authority that intends to provide services which will benefit a property may, by notice in writing, require the owner of the property to meet or contribute to the present day cost of any works that are used or will be able to be used directly or indirectly for the provision of those services, and any fireplugs attached to those works.

- (2) If a proposal for the subdivision of land is referred to an Authority under the **Planning and Environment Act 1987**, the Authority may, by notice in writing, require the owner of the property to meet or contribute to the present day cost of any works that are used or will be able to be used directly or indirectly for the provision of services that will benefit the property, and any fireplugs attached to those works.
- (3) The amount of payment required from an owner must be assessed by the Authority to be fair and reasonable, taking into account the benefit to that property relative to the benefit to other properties.
- (4) The notice must specify—
 - (a) the amount of the payment required; and
 - (b) the reason why the payment is required; and
 - (c) any works or services that have been or will be provided; and
 - (d) the property in relation to which payment is required; and
 - (e) if payments are required in relation to a group of properties, the amounts required in relation to each property; and
 - (f) the right of the owner to object and apply for a review under section 271; and
 - (g) in the case of a notice under subsection (1), that details of the proposed services and the costs are available for inspection, free of charge, at the Authority's office during normal business hours.
- (5) In the case of a notice under subsection (1), the Authority must make sure that details of the proposed services and the costs are available for inspection, free of charge, at the Authority's office during normal business hours.

- (6) An Authority must bear any cost that would otherwise, under this section, be borne by the Crown in respect of land that—
 - (a) is used or reserved for a public purpose which specifically benefits the area; and
 - (b) does not require the service which is being provided.

269 Contributions for increased services⁴⁵

- (1) An Authority that provides services to a property may, by notice in writing, require the owner of the property to contribute to the present day cost of any works referred to in section 268(1) if the use of any service for which those things are used increases, or will increase, because of development of the land or any other change, or proposed change, in the use of the land.
- (2) The amount of the payment required from an owner must—
 - (a) be assessed by the Authority to be fair and reasonable in all the circumstances; and
 - (b) take into account any payment that the owner has made or is liable to make under section 268 or 270 in relation to that property.
- (3) The notice must specify the things set out in section 268(4)(a) to (f).
- (4) An owner of land who changes, or proposes to change, the use of the land in such a way that the use of any service provided by an Authority increases, or will increase, must notify the Authority of the change, or the proposed change.

Penalty: 10 penalty units.

- (5) Failure of an owner to give notice as required by subsection (4) does not prevent an Authority from requiring a payment under this section.

270 Payments on connection⁴⁶

- (1) An Authority may, by notice in writing, require the owner of a property which becomes a serviced property to meet or contribute to the present day cost of any works that are used or will be able to be used directly or indirectly for the provision of services to that property.
- (2) The amount of the payment must—
- (a) be assessed by the Authority to be fair and reasonable in all the circumstances; and
 - (b) take into account any payment that the owner has made or is liable to make under section 268 in relation to that property.
- (3) The notice must specify the things set out in section 268(4)(a) to (f).

271 Review of required payments

- (1) An owner who is required to make a payment under section 268, 269 or 270 may, within 1 month after receipt of the notice (or any longer time allowed by the Authority and specified in the notice), object in writing to the Authority on any of the following grounds—
- (a) in the case of a notice under section 268, that the property of the owner will not benefit from the provision of the services;
 - (b) if there are several properties that will benefit, that the basis of distribution of the cost between the owners of those properties is unreasonable;
 - (c) that the amount is excessive;

S. 271(1)(ea)
inserted by
No. 85/2006
s. 115.

- (d) if there are several properties that will benefit, that any owner who has been required to pay should not be required to do so, or that any owner who has not been required to pay should be required to do so;
- (e) in the case of a notice under section 269, that the use of the services has not increased, or will not increase, as the case requires;
- (ea) that the payment was not set in accordance with an Order under section 4D(1)(a) of the **Water Industry Act 1994** or in accordance with the **Essential Services Commission Act 2001**;
- (f) in the case of a notice under section 268(1), any other grounds.

S. 271(3)
substituted by
No. 52/1998
s. 311(Sch. 1

272 Authority may require further payment

- (1) An Authority that has required payments under section 268, 269 or 270 from the owners of any properties may—
- (a) if the total amount collected is not enough to meet the costs in respect of which the payments were required, require further payments from the owners of those properties; and
 - (b) if the total amount collected is more than enough to meet those costs, refund the excess to the owners of those properties.
- (2) The provisions of sections 268(4), 268(5), 271 and 273 apply in relation to any further payments required, as if they were payments originally required under section 268, 269 or 270, except that in the case of payments required by a notice under section 268(1)—

- (a) the Authority may require further payments of not more than 20 per cent of the amount specified in that notice, if those further payments are necessary to meet the cost of the works; and
- (b) the cost of those further payments must be fairly distributed over the group of properties that is to receive the service, if there is such a group.

273 When payment is due

- (1) The date by which payment must be made is—
 - (a) if there have been no objections, any date that is set by the Authority and that is after the expiry of 1 month after the receipt of the notice, or of any longer time allowed by the Authority and specified in the notice; or
 - (b) if each person to whom a notice was issued agrees in writing not to object, any date that is set by the Authority and that is after the date of the last of those agreements; or
 - (c) if there are objections, or if any person to whom a notice was issued does not agree in writing not to object, any date that is set by the Authority and that is after each person who objected, or who did not agree in writing not to object, has been notified by the Authority of its decision on any objections made.
- (2) The due date for payment of any further payments required under section 272(1)(a) is the date (not earlier than 14 days after the date of the notice) that is specified in the notice requiring the further payment.

This Division does not apply—

- (a) to Melbourne Water Corporation; or
- (b) in relation to salinity impact charges.

S. 273AA
inserted by
No. 85/2006
s. 116,
substituted by
No. 23/2019
s. 86.

273A Liability of occupier

- (1) The occupier of property is liable for any water usage charge or sewage disposal charge imposed in respect of the property if—

- (a) the property is—
 - (i) within the meaning of the **Residential Tenancies Act 1997** let to a tenant under a tenancy agreement; or
 - (ii) within the meaning of the **Residential Tenancies Act 1997**, a site in a caravan park occupied by a resident of the caravan park; or
 - (iii) within the meaning of the **Residential Tenancies Act 1997**, a Part 4A site occupied by a site tenant; and
- (b) the quantity of water supplied to the property is measured by a meter provided or installed by an Authority that only measures that quantity; and
- (c) the owner has notified the Authority that the property is so occupied or is such a site and has given the Authority the particulars of the occupier required by the Authority; and
- (d) the Authority has recorded the reading on the meter measuring the quantity of water supplied to the property as a result of a notice under paragraph (c).

- (2) The Authority must ensure that the reading on the meter measuring the quantity of water supplied to the property is recorded—
 - (a) within 48 hours after the Authority is given notice under subsection (1)(c); or
 - (b) as soon as practicable after the Authority is given notice under subsection (1)(c)—whichever occurs last.
- (3) If the cost of water supplied to a property during the time the occupier occupies the property is only partly based on the amount of water supplied to the property, the occupier of the property is liable for that part of the cost that is based on the amount of water supplied to the property.

273B Vacation of property

- (1) A vacating occupier may—
 - (a) notify the Authority of his or her vacation or intended vacation of the property; and
 - (b) request the Authority to read the meter supplying water to the property.
- (2) The Authority must ensure that the reading on the meter measuring the quantity of water supplied to the property is recorded—
 - (a) on the day the vacating occupier vacates the property; or
 - (b) as soon as practicable after that day; or
 - (c) within 48 hours after the Authority is given a notice under subsection (1); or
 - (d) as soon as practicable after the Authority is given notice under subsection (1)—whichever occurs last.

- (3) The vacating occupier is taken to cease to be the occupier of the property for the purposes of section 273A(1) on the reading of the meter under subsection (2).
- (4) If a vacating occupier does not notify the Authority under subsection (1), the vacating occupier is liable for the cost of all water supplied to the property and all sewage disposed from the property until—
 - (a) the Authority next records the reading on the meter; or
 - (b) the end of the billing period in which the vacation occurred—whichever happens first.
- (5) The owner of a property is liable for any water usage charge or sewage disposal charge imposed in respect of the property for the period beginning when the vacating occupier ceases to be liable under this section and ending when a new notice is given under section 273A(1)(c).
- (6) In this section—

property owner includes an owner of a property who has disposed of that property if the Authority has not been notified of that disposition in accordance with section 159;

vacating occupier means a person whose particulars have been given to an Authority under section 273A(1)(c) who vacates or intends to vacate the property in respect of which the particulars have been given.

274A Application of payments made to metropolitan water corporations

- (1) Any money paid to a metropolitan water corporation by or on behalf of a person or body must be applied by the metropolitan water corporation as follows—
- (a) first towards any amount owing to the corporation by the person or body in respect of any water usage charge or any other fee or charge imposed by that corporation;
 - (b) secondly, towards any amount owing to the rating authority by that person or body that is being collected by the corporation on behalf of the rating authority;
 - (c) thirdly, towards any amount owing to the Melbourne Water Corporation by that person or body that is being collected by the corporation on behalf of the Melbourne Water Corporation.

- (2) Any dispute arising between a metropolitan water corporation and the rating authority or Melbourne Water Corporation over the application of any money under subsection (1) may be referred to the Treasurer by any party to the dispute and the decision of the Treasurer on the matter is binding on the parties.
- (3) In this section *rating authority* means the Minister administering Part 4 of the **Water Industry Act 1994**.

275 Person who acquires property is liable

- (1) A person who becomes the owner of a property must pay to the Authority at the time the person becomes the owner of the property any amount that is, under section 274(4A), a charge on that property.
- (2) In subsection (1), *Authority* includes the Minister.

- (1) Fees imposed under a tariff set by Melbourne Water Corporation under this Part are payable by, and recoverable from, the owner for the time being of the property in respect of which the fee is imposed.
- (2) A fee imposed under a tariff set by Melbourne Water Corporation under this Part is due and must be paid by the date specified in a notice issued by Melbourne Water Corporation requiring payment, being a date at least 14 days after the date of issue of the notice.
- (3) Any amount due to Melbourne Water Corporation under a tariff is a debt due to Melbourne Water Corporation by the owner for the time being of the property in respect of which the amount is due.
- (4) If a person liable to pay an amount due to Melbourne Water Corporation under subsection (3) in relation to a property owns the property, the amount due is a charge on the property, whether or not Melbourne Water Corporation has agreed to defer the payment of the whole or any part of that amount.

281C Inspection of rate records

**S. 281C
inserted by
No. 85/2006
s. 118.**

- (1) A person authorised by Melbourne Water Corporation may, at any reasonable time and without charge, inspect, and take a copy of an entry in or make an extract from, any valuation or rate records of any Council the municipal district of which is wholly or partly within the waterway management district of Melbourne Water Corporation.
- (2) A person having custody of the valuation or rate records of a Council must not, when required to do so by an authorised person exercising a power under subsection (1), fail to produce those records

for inspection or fail to allow the authorised person to take a copy of or make an extract from those records.

Penalty: 1 penalty unit.

Division 8—Concessions and exemptions

282 Deferred payment

- (1) On application by a person who is liable to pay an amount to an Authority, the Authority may, by notice to the person, defer payment of the whole or a specified part of that amount, for the time, and subject to any conditions, specified in the notice.
- (2) A person who receives a notice and complies with any conditions specified in it is not liable to pay the amount until—
 - (a) the time specified in the notice; or
 - (b) the time specified in a notice given to the person under subsection (3)—whichever is sooner.
- (3) An Authority may, by notice to a person, require the person to pay, by a specified date, all or a specified part of any deferred amount, together with any specified interest (at the appropriate rate referred to in section 281(1)) on the outstanding amount from the date of the notice.
- (4) An Authority must not issue a notice under subsection (3) unless—
 - (a) the person never owned or no longer owns the property in respect of which the amount was payable; or
 - (b) it considers that the circumstances because of which payment was deferred have changed.

S. 282(4)(a)
amended by
No. 25/1993
s. 14(f).

- (5) A person must not—
- (a) give false or misleading information to an Authority in or in relation to an application under subsection (1); or
 - (b) fail to advise the Authority of any change in circumstances which is material to the application.

Penalty: 10 penalty units.

283 Waiver

- (1) On application by a person who is liable to pay an amount to an Authority, the Authority may, by notice to the person, waive the whole or a specified part of the amount, together with any interest for late payment.
- (2) An Authority may require an applicant to give more details, or to verify any matter, in relation to the application.
- (3) An Authority must, in accordance with the regulations, waive all or part of any amount or interest due to it—
 - (a) from a prescribed person; or
 - (b) from an owner if—
 - (i) the occupier is liable to pay the amount, whether under an agreement with the owner or for any other reason; and
 - (ii) the occupier is a prescribed person; or
 - (c) from the owner of retirement village land if—
 - (i) the owner has an agreement with the holder of a residence right in the village that the holder is to pay—
 - (A) the amount; or

S. 283(3)
substituted by
No. 25/1991

(3C) An Authority must, on the application in the form approved by the Authority of a person entitled by an Order under subsection (3B) to so apply, in accordance with that Order, waive all or part of any amount due to it.

S. 283(3D)
inserted by
No. 110/1997
s. 25(1).

(3D) An Order under subsection (3B) must not be inconsistent with any regulations made for or with respect to waivers under subsection (3).

- (3E) An Authority, on the application of a person entitled to so apply under a concession order within the meaning of the **State Concessions Act 2004** in relation to any amount due to it under this Act, must, in accordance with that concession order, waive all or part of that amount. **S. 283(3E) inserted by No. 82/2004 s. 13(Sch. item 7.1).**
- (3F) If a concession order within the meaning of the **State Concessions Act 2004** is made, a regulation made for or with respect to waivers under subsection (3) or an Order made under subsection (3B) must not— **S. 283(3F) inserted by No. 82/2004 s. 13(Sch. item 7.1).**
- (a) be inconsistent with the concession order; or
 - (b) be applied to provide a less advantageous waiver to a person than that to which the person is entitled under the concession order.
- (4) A person must not—
- (a) give false or misleading information to an Authority in or in relation to an application under subsection (1), (3), (3C) or (3E); or **S. 283(4)(a) amended by Nos 110/1997 s. 25(2), 82/2004 s. 13(Sch. item 7.2).**
 - (b) fail to advise the Authority of any change in circumstances which is material to the application.
- Penalty: 10 penalty units.
- (5) The Governor in Council may make regulations for or with respect to waivers under subsection (3), including but not limited to regulations for or with respect to—
- (a) the person or class of person to which a waiver or class of waivers applies; **S. 283(5)(a) amended by No. 25/1991 s. 4(2)(a).**
 - (b) the extent of a waiver applying to any person or class of persons; **S. 283(5)(b) substituted by No. 25/1991 s. 4(2)(b).**

- (c) the making of applications for waivers;
- (d) limitations and restrictions on applications for, or the granting of, any waiver;
- (e) any other matter or thing necessary or convenient to be prescribed for the purposes of this section.

- (2) An Authority must provide any information that the Minister or the Minister administering Part 7 of the **Financial Management Act 1994** or the Commissioner of State Revenue may require for the purposes of subsection (1) or (1A).

Division 9—Contributions from councils and other Authorities

285 Pre-requisites for requirement of contribution

- (1) An Authority that intends to require a contribution under section 286(1) or a special contribution under section 287(1) must publish notice of its intention in a newspaper circulating in the area affected.
- (2) The notice must state that submissions may be made within 60 days after the publication of the notice.

- (3) Any submission that is received within 60 days after the publication of the notice must be considered by the Authority.
- (4) If the Authority decides to require the contribution it must notify the Minister and send to the Minister all submissions received by it.
- (5) If the Minister approves the proposed requirement, the Authority may proceed under section 286 or 287.
- (6) The Minister must not approve a requirement for a contribution to be made by a council unless he or she has first consulted with the Minister for the time being administering the **Local Government Act 1989**.
- (7) This section only applies to a contribution required from another Authority or a council under section 286 if the Authority has not previously required a contribution for that purpose from the other Authority or the council under that section.

286 Authorities may require contributions from councils and other Authorities

- (1) An Authority (the *first Authority*) that is responsible for a water management scheme or that has a waterway management district may, subject to section 285, by notice in writing require—
 - (a) any council whose municipal district is wholly or partly within—
 - (i) an area covered by that water management scheme; or
 - (ii) that waterway management district; or

- (b) any Authority whose district is wholly or partly within—
- (i) an area covered by that water management scheme; or
 - (ii) that waterway management district—
- to contribute to the revenue of the first Authority.
- (2) The contribution payable by a council or an Authority is, subject to subsection (3), calculated as follows—

$$C = \frac{X}{Y} \times Z$$

where—

C is the amount of the contribution;

X is the value of all rateable land under section 154 of the **Local Government Act 1989** that is common to—

- (a) the municipal district and the area covered by the scheme or waterway management district; or
- (b) the district and the area covered by the scheme; or
- (c) the two districts—

as appropriate;

Y is the total value of all rateable land under section 154 of the **Local Government Act 1989** that is within—

- (a) the area covered by the scheme; or
- (b) the waterway management district of the first Authority;

Z is the estimated revenue of the first Authority for that year in relation to that area or district.

- (3) The contribution payable by a council or an Authority must not be more than 2% of X.
- (4) A council or an Authority that receives a notice under subsection (1)—
 - (a) may rate the properties that are common to both districts or the district and the area, or set a tariff for them (as the case requires); and
 - (b) must pay to the first Authority the contribution required, less a charge of not more than 5% for collecting the money.
- (5) The first Authority may charge the council or Authority interest (at the rate for the time being fixed under section 2 of the **Penalty Interest Rates Act 1983**) if the contribution is not paid by the date specified in the notice to be the due date.
- (6) The provisions of the **Local Government Act 1989** about rates apply to a rate made under subsection (4)(a), and the council is authorised to make the payment required under subsection (4)(b).
- (7) A council may prepare a separate budget to allow for contributions under this section.
- (8) In this section, *water management scheme* means a scheme approved under section 216.

287 Authorities may require special contributions

- (1) An Authority (the *first Authority*) that has a waterway management district may, subject to section 285, by notice in writing require—

- (a) any council whose municipal district is wholly or partly within the area of the first Authority's waterway management district to which the special contribution applies; or
- (b) any other Authority whose district is wholly or partly within the area of the first Authority's waterway management district to which the special contribution applies—

to make a special contribution to the first Authority's revenue for the purposes, related to that area, specified in the notice.

- (2) The special contribution payable by a council or an Authority is calculated as follows—

$$S = \frac{X}{Y} \times A$$

where—

S is the amount of the special contribution;

X and Y have the same meanings as in section 286(2);

A is the amount to be spent by the first Authority in the area of the first Authority's waterway management district to which the special contribution applies.

- (3) Section 286(4), (5), (6) and (7) applies to a special contribution with any necessary changes.
- (4) An Authority must not spend the money received under this section for any purposes other than those specified in the notice.

287AE Interest on unpaid salinity impact charges

(1) Any unpaid salinity impact charge bears interest at the rate set from time to time for the purposes of this section by the Minister from the date specified in the notice under section 287A by which the person must pay the charge to the date that it is paid.

(2) The rate set by the Minister must not be more than the rate fixed from time to time for the purposes of subsection (1) by the Essential Services Commission under a Code under section 4F of the **Water Industry Act 1994**.

- (3) If the Minister sets a new rate, the new rate takes effect on the date set by the Minister and applies from that date to all salinity impact charges (other than interest) owing to the Minister on that date.
- (4) No interest is payable if the person liable to pay the amount has arranged with the Minister for payment by instalments of the amount due, and any instalments that have become due have been paid by the date specified in the notice under section 287A for the instalments.
- (5) The Minister may exempt any person from paying the whole or any part of any interest either generally or specifically.

- (1) An Authority may sell, or cause to be transferred to itself, any water share in relation to which any fee imposed under Division 9 of Part 3A has been due to the Authority and unpaid for at least 3 years.

- (2) Subsection (1) does not apply if—
- (a) the fee has been waived; or
 - (b) the fee has been deferred for the period for which it is unpaid; or
 - (c) the person liable to pay has arranged with the Authority for payment by instalments of the amount due, and any instalments that have become due have been paid; or
 - (d) the person liable to pay is not the owner of the water share.
- (3) An Authority must not sell the water share or cause it to be transferred unless it has, at least once in the 3 years, tried to recover the money due to it.
- (4) An Authority must pay, for a transfer of a water share under subsection (1), an amount equal to or greater than a valuation of the water share that is made by a valuer not more than 6 months before the date of the proposed transfer.
- (5) An Authority must in selling a water share under subsection (1) sell the share for an amount equal to or greater than a valuation of the share that is made by a valuer not more than 6 months before the date of the proposed sale.
- (6) At least 4 weeks before selling any share, or causing it to be transferred, under subsection (1), the Authority must—
- (a) give public notice of its intention to do so; and
 - (b) serve, on any person who appears from the water register to be the share owner or a mortgagee or a holder of a limited term transfer recorded on the water share, a notice requiring payment of any outstanding amounts referred to in subsection (1).

- (a) first, in payment of all expenses incurred in connection with the sale or transfer;
 - (b) secondly, in payment of the outstanding fees, including interest;
 - (c) thirdly, in discharging any recorded mortgages of which the Authority has notice, according to the priority of those mortgages.
- (2) The Authority must, if the owner of the water share can be traced, refund to the owner any surplus after all payments have been made that subsections (1)(a), (b) and (c) apply to.
- (3) If the owner cannot be traced, the Authority may, subject to subsection (5), retain and use any surplus after all payments have been made that subsections (1)(a), (b) and (c) apply to.
- (4) A person who claims to be the mortgagee of a recorded mortgage over a water share may apply to the Authority for payment of the value of that mortgage from any surplus retained by the Authority.
- (5) If the Authority is satisfied that an applicant is entitled to any payment it must make that payment.

287E Definitions

(1) In this Part—

allocation statement means an allocation
statement under section 287F;

former transferor instrument means an
instrument (including a legislative
instrument other than this Act) or an oral
agreement subsisting immediately before the
relevant date—

(a) to which the transferor was a party; or

(b) that was given to, or in favour of, the
transferor; or

(c) that refers to the transferor; or

(d) under which—

(i) money is, or may become, payable
to the transferor; or

(ii) other property is to be, or may
become liable to be, transferred to
or by the transferor;

former transferor property means property, rights
or liabilities of the transferor that, under this
Part, have vested in, or become liabilities of,
a transferee;

instrument includes a document and an oral
agreement;

liabilities means all liabilities, duties and obligations, whether actual, contingent or prospective;

property means any legal or equitable estate or interest (whether present or future and whether vested or contingent) in real or personal property of any description;

relevant date, in relation to an allocation statement or property, rights or liabilities allocated under such a statement, means the date fixed by the Minister under subsection (2) for the purposes of that statement;

rights means all rights, powers, privileges and immunities, whether actual, contingent or prospective;

transferee means a person to whom property is, or rights or liabilities are, allocated under an allocation statement;

transferor means a person from whom property is, or rights or liabilities are, transferred under an allocation statement.

- (2) The Minister, by notice published in the Government Gazette, may fix the relevant date for the purposes of an allocation statement.

287F Requirements for preparation of allocation statement

- (1) If two or more Authorities jointly propose that property, rights or liabilities of any or all of those Authorities that is of a specified kind be transferred from an Authority making the proposal to another Authority making the proposal, the

Authorities may submit the proposal to the Minister for his or her approval.

- (2) A proposal must be in the form required by any guidelines issued by the Minister and be accompanied by a statement containing the information required by the guidelines relating to the property, rights or liabilities to be transferred.
- (3) A statement under this section—
 - (a) must give the value of the property, rights or liabilities of the transferor that are to be transferred, to the extent to which it is practicable to determine that value; and
 - (b) must allocate to the transferee the property, rights or liabilities of the transferor shown in the statement; and
 - (c) must be signed by the chief executive officer (however described) of the transferee and the transferor.
- (4) The Minister may refuse the proposal or approve it, with or without any changes.
- (5) If a proposal is approved by the Minister—
 - (a) the Minister must sign the statement; and
 - (b) the statement is an allocation statement for the purposes of this Part.

287G Amendment of allocation statement

- (1) An allocation statement under section 287F may be amended by a document in writing signed by the Minister and the managing director of the transferee and the transferor.
- (2) An amendment under subsection (1) to an allocation statement made after the relevant date in relation to that statement may be made with effect from that relevant date if the Minister is satisfied that the amendment does not adversely

affect any property, rights or liabilities of a person other than the transferor or the transferee in relation to that statement but must not otherwise be so made.

- (3) In this Part, a reference to an *allocation statement* includes (where the case so requires) a reference to such a statement as amended under this section.

287K Certificate of managing director

- (1) A certificate signed by the managing director of the transferor certifying that property, rights or liabilities of the transferor specified in the certificate have been allocated under an allocation statement is, unless revoked under subsection (2), admissible in evidence in any proceedings and, in the absence of evidence to the contrary, is proof—
 - (a) that the property, rights or liabilities so specified are the property, rights and liabilities to which the allocation statement applies; and
 - (b) that the allocation statement is an allocation statement for the purposes of this Part.
- (2) The managing director may revoke a certificate given under subsection (1) by issuing another certificate in place of the first certificate.

(3) The managing director of a transferor—

- (a) must keep a register of allocation statements and of certificates relating to them that are issued under this section; and
- (b) must make the register reasonably available for inspection by a transferee or other interested person.

287L Value of transferred property

If the relevant allocation statement gives the value of property, rights or liabilities of the transferor that are allocated to the transferee, the value to the transferee of the property, rights or liabilities is the value so given.

287ZI Making and giving of notice of making

- (1) On the Minister approving a proposed by-law for making under section 287ZH(4), the Authority may make the by-law.
- (2) The Authority must give notice of the making of the by-law—
 - (a) in the Government Gazette; and
 - (b) in a newspaper circulating generally in the area in which the by-law will apply.
- (3) A notice under subsection (2) must set out—
 - (a) the title of the by-law; and
 - (b) the purpose and general purport of the by-law; and
 - (c) that a copy of the by-law may be inspected, free of charge, and the places and times at which and the means by which a copy of the by-law may be inspected under section 287ZK; and

- (d) the address of the Authority (including any electronic address) and the site of any electronic publication of information by the Authority about its operations.

Division 4—General

287ZJ Effect of by-laws

- (1) A by-law made under Division 2 has no effect until notice of its making under section 287ZC is published in the Government Gazette.
- (2) A by-law made under Division 3 has no effect until it is approved by the Minister and notice of its making under section 287ZI is published in the Government Gazette.

297 Offences by corporations and partnerships etc.

- (1) In this section, *officer*—
- (a) in relation to a corporation within the meaning of the Corporations Act, has the same meaning as in section 9 of that Act; and
 - (b) in relation to a corporation that is not a corporation within the meaning of that Act, means any person (by whatever name called) who is concerned or takes part in the management of the corporation—
- but does not include an employee of the corporation.
- (2) If a corporation is guilty of an offence against this Act or against any regulation or by-law made under this Act, any officer of the corporation who was in any way, by act or omission, directly or indirectly, knowingly concerned in or party to the commission of the offence is also guilty of that offence and liable to the penalty for that offence.
- (3) If in a proceeding for an offence against this Act or against any regulation or by-law made under this Act it is necessary to establish the intention of a corporation, it is sufficient to show that a servant or agent of the corporation had that intention.
- (4) A statement made by an officer of a corporation is admissible as evidence against the corporation in any proceeding against the corporation for an offence against this Act or against any regulation or by-law made under this Act.
- (5) If this Act or a regulation or by-law made under this Act provides that a person is guilty of an offence, that reference to a person must—
- (a) if the person is a partnership, be read as a reference to each member of the partnership; and

relevant, evidence of the amount of water recorded by a water meter as having passed through the meter to the property during that period is, in the absence of evidence to the contrary, proof that that amount of water was delivered to that property during that period.

S. 301(2)
substituted by
No. 23/2019
s. 95(2).

- (2) Subsection (3) applies if, in any proceeding under this Act or the regulations or by-laws under this Act in which the amount of water taken to, supplied to, delivered to, or used on, a property is relevant and—

- (a) as a result of a water meter having malfunctioned or having been destroyed, damaged, altered or in any way interfered with, the Authority considers that the water meter did not accurately record the amount of water taken to, supplied to, delivered to, or used on the property; or
- (b) there is no accurately working meter on the property.

S. 301(3)
substituted by
No. 23/2019
s. 95(2).

- (3) In any proceeding described in subsection (2), evidence may be given of the amount of water estimated by the Authority in accordance with section 142A and any relevant regulations, to have been taken to, supplied to or delivered to, or used on the property, during the relevant period and, in the absence of evidence to the contrary, the evidence is proof that that amount of water was taken to, supplied to, delivered to, or used on that property during that period.
- (4) A document purporting to contain a copy of any by-law, regulation, order or notice made or issued by an Authority (whether before or after the commencement of this subsection) and purporting to be signed by an authorised person is admissible in evidence in any proceeding under this Act or the regulations or by-laws made under this Act

and, in the absence of evidence to the contrary, is proof that a by-law, regulation, order or notice in the words written in that document was duly made or issued by the Authority.

- (5) In any proceeding under this Act or the regulations or by-laws made under this Act the production of a copy of the Government Gazette purporting to contain a by-law, regulation, order or notice made or issued by an Authority (whether before or after the commencement of this subsection) is, in the absence of evidence to the contrary, proof that a by-law, regulation, order or notice in the words appearing in the Government Gazette was duly made or issued by the Authority.

- (6) The provisions of subsection (5) are additional to and do not take away from the provisions of section 153 of the **Evidence Act 2008**.

S. 301(6)
amended by
No. 69/2009
s. 54(Sch. Pt 1

- (7) A document purporting—

- (a) to be a map or plan made or issued by an Authority (whether before or after the commencement of this subsection); and
- (b) to show the location of any land or works or other thing or the physical features of any area; and
- (c) to be verified by an authorised person—

is admissible in evidence in any proceeding under this Act or the regulations or by-laws made under this Act and, in the absence of evidence to the contrary, is proof of the matters shown in the map or plan.

- (8) In any proceeding under this Act or the regulations or by-laws made under this Act—
- (a) evidence that a person is subject to a fee imposed under a tariff set under this Act in respect of any land; or
 - (b) evidence that a person's name appears in any records kept by an Authority as the owner or occupier of any land; or
 - (c) evidence by the certificate of the Registrar of Titles or any Deputy Registrar of Titles or Assistant Registrar of Titles and authenticated by the seal of the Office of Titles that a person's name appears in the Register kept under the **Transfer of Land Act 1958** as the proprietor of an estate in fee simple or of a leasehold estate held of the Crown in any land; or
 - (d) evidence by the certificate of the Registrar-General or any Deputy Registrar-General that a person appears from a memorial of registration of any deed, conveyance or other instrument to be the owner of any land—
- is, in the absence of evidence to the contrary, proof that that person is the owner or occupier (as the case requires) of that land.
- (9) In any proceeding for the recovery of a fee imposed under a tariff by an Authority, the entry in the rate records of a council or a copy of that entry verified by the statutory declaration of the person making it is admissible in evidence in the proceeding and, in the absence of evidence to the contrary, is proof of the ownership or occupation of the property rated by the person named in the entry or copy of the entry.

- (10) In any proceeding under this Act or the regulations or by-laws made under this Act, the statement of any person that on a particular date he or she was an officer of a corporation is admissible in evidence and, in the absence of evidence to the contrary, is proof that on that date he or she was an officer of that corporation.

No. 24/2013
s. 38.

(1) Any instrument or monitoring, recording or other equipment or installation used by an officer of the Authority, an authorised water officer, an authorised person or an analyst in connection with any evidence given in a proceeding under this Act, the regulations or by-laws made under this Act relating to the discharge of anything into the works of an Authority or a sewerage system under the control and management of an Authority must be presumed, unless evidence to the contrary is presented, to be accurate and precise.

(2) Despite the rule against hearsay, the results of any analysis based on analytical techniques which by their nature infringe that rule are admissible in evidence in any proceeding referred to in subsection (1).

S. 303A(3)
amended by
No. 24/2013
s. 38.

(3) Each attribute of a sample taken under this Act, the regulations or by-laws made under this Act must, for the purpose of any proceeding referred to in subsection (1), be presumed, unless evidence to the contrary is presented, not to be materially affected by its method of storage or preservation.

(4) A finding by a court that an attribute of a sample referred to in subsection (3) was materially affected by its method of storage or preservation does not rebut the presumption created by that subsection in relation to the other attributes of the sample.

(5) If—

- (a) a corporation has entered into a trade waste agreement with an Authority; and
- (b) that corporation shares premises with a corporation that is a subsidiary of that corporation within the meaning of the Corporations Act; and
- (c) there occurs on the premises an act or omission that is capable of constituting a contravention of the trade waste agreement—

the corporation that entered into the trade waste agreement must be presumed, for the purpose of any proceeding under this Act, the regulations or by-laws made under this Act relating to that contravention, to have caused that act or omission until the contrary is proved.

- (6) For the purpose of any proceeding under this Act, the regulations or by-laws made under this Act, anything found in a sewer on a property or which exclusively services a property or in any drain or other works on a property connected to such a sewer, must be presumed, in the absence of evidence to the contrary, to have been discharged into that sewer, drain or other works by the occupier of that property.

304 Service of documents on an Authority

- (1) Any document required or permitted to be served on an Authority may be served—
 - (a) by being left at its principal office with a person authorised in writing by the Authority to accept service of documents on behalf of the Authority; or

S. 304(1)
substituted by
No. 85/2006
s. 122.

(b) by sending it by certified mail addressed to the managing director at the principal office of the Authority.

(2) The provisions of this section are additional to and do not take away from the provisions of any rules of court concerning service of documents.

S. 305
amended by
No. 25/1991
s. 5(1).

305 Service of documents by an Authority

- (1) If by or under this Act a document is required or permitted to be served by an Authority on a person then, unless otherwise expressly provided by this Act, the document may be served—
- (a) by delivering it personally to the person to be served; or
 - (b) by leaving it at that person's usual or last known place of residence with a person apparently over the age of 16 years and apparently residing there; or
 - (c) by sending it by post addressed to the person to be served at that person's usual or last known place of residence; or
 - (d) in the case of service on an owner of any land or premises whose name and address are not known to the Authority, by delivering it personally to the occupier of the land or premises concerned or leaving it at the land or premises with a person apparently over the age of 16 years and apparently residing there or, if there is no occupier, by putting it up on a conspicuous part of the land or premises; or
 - (e) in the case of service on an occupier of any land or premises whose name and address are not known to the Authority, by putting it up on a conspicuous part of the land or premises.

- (2) A document that is to be served on the owner or occupier of any land or premises may be addressed by the description of "the owner" or "the occupier" of the land or premises concerned (naming it or them), without further name or description.
- (3) An occupier of any land or premises to whom under subsection (1)(d) there is personally delivered a document that is intended to be served on the owner of that land or those premises must immediately send that document by registered post addressed to the owner at the owner's usual place of residence (if known to the occupier) or the owner's place of residence last known to the occupier.

Penalty: 10 penalty units.

- (4) The provisions of this section are additional to and do not take away from the provisions of sections 109X and 601CX of the Corporations Act.
- (5) If a document is properly served on the owner or occupier of any land or premises, that service is binding on every subsequent owner or occupier to the same extent as if it had been served on that subsequent owner or occupier.

307A Reimbursement of cost of complying with directions

- (1) If the Minister is satisfied that an Authority has suffered financial detriment as a result of complying with a direction of the Minister under section 307, the Minister may direct that an Authority be reimbursed the amount determined by the Minister to be the amount of the financial detriment.
- (2) The Minister must not make a determination under subsection (1) unless the Minister has first—
- (a) obtained the approval of the Minister administering the **Financial Management Act 1994**; and

- (b) consulted with the board of directors of the Authority.
- (3) On making a determination under subsection (1), the Authority becomes entitled to the payment of the amount so determined.
- (4) A reference in subsection (1) to suffering financial detriment includes a reference to—
 - (a) incurring costs that are greater than would otherwise have been incurred; or
 - (b) foregoing revenue that would otherwise have been received.
- (5) A determination under subsection (1) must be made in writing.

- (1) For the purposes of Parts 3A, 4, 4B and 5, the Minister—
 - (a) has the powers given by section 133 to an officer of an Authority; and
 - (b) may authorise a person in writing to exercise the powers given by section 133.
- (2) Section 134 applies to the Minister in the exercise of those powers as if he or she were an officer of an Authority.
- (3) For the purposes of ensuring that Parts 4 and 5 are complied with, the Minister has the powers given by section 151 to an Authority.
- (4) This Act applies to a notice of contravention issued by the Minister as if it were issued by an Authority under section 151.

310 Establishment of Drillers' Licensing Board

S. 310(2)(b)
substituted by
No. 62/1995
s. 39,
amended by
No. 76/1998
s. 29(f).

- (1) There is established a Board called the Drillers' Licensing Board.
- (2) The Board consists of 3 members appointed by the Minister, of whom—
 - (a) one is nominated by the Department Head; and
 - (b) one is a person with specialist knowledge in areas relevant to the functions of the Board nominated by the Department Head; and

- (c) one is appointed from a panel of 3 names submitted by the Victorian Branch of the Australian Drilling Industry Association.
- (3) The person appointed under subsection (2)(a) is the chairperson of the Board.
- (4) If the body referred to in subsection (2)(c) fails to submit a panel of 3 names on or before the date specified by the Minister when requesting a panel, the Minister may appoint as a member of the Board another person as representing well-drillers.

311 Application for licence

- (1) A person may apply to the Drillers' Licensing Board in writing for a driller's licence.
- (2) An application must be accompanied by the prescribed fee.

312 Board may grant licence

- (1) Subject to the regulations, the Drillers' Licensing Board may grant a driller's licence to an applicant entitling the applicant to use the method of drilling or bore construction endorsed on the licence.
- (2) The Board must advise each applicant in writing of the outcome of the application and, if the application has been refused, must give the applicant the reasons for the refusal.

313 Licences may be revoked or suspended

- (1) If in the opinion of the Drillers' Licensing Board the licensee has—
 - (a) contravened any provision of Part 5 or the regulations made for the purposes of that Part; or
 - (b) used a method of drilling or bore construction not endorsed on the licence; or

(c) contravened a condition of a licence issued under section 67—

the Board may, by written notice served on the licensee, revoke the driller's licence or suspend it for the period specified in the notice.

(2) A notice served under subsection (1) must specify the reasons for the revocation or suspension.

314 Register of licences

The Drillers' Licensing Board must keep a register of licences granted under section 312 and must record in the register any revocation or suspension of those licences.

S. 315
amended by
No. 62/1995
s. 40.

315 Term of licence

Unless sooner revoked, a driller's licence remains in force for 10 years and, subject to the regulations, may be renewed from time to time on application to the Drillers' Licensing Board and on payment of the prescribed fee.

316 Requirement that licensed driller carry out work

(1) If it is a condition of a licence issued under section 67 that all or any part of the work authorised by the licence must be carried out by, or under the direction of, a licensed driller, a person must not carry out that work unless he or she is—

- (a) a licensed driller; or
- (b) an employee or agent of a licensed driller and the work is carried out under the direct supervision of a licensed driller.

Penalty: 20 penalty units.

- (2) If it is a condition of a licence issued under section 67 that all or any part of the work authorised by the licence must be carried out using a specified method of drilling or bore construction, then subsection (1) applies as if the references to a licensed driller were references to a licensed driller whose licence is endorsed so as to entitle him or her to use the specified method of drilling or bore construction.
- (3) If it is a condition of a licence issued under section 67 that all or any part of the work authorised by the licence must be carried out by, or under the direction of, a licensed driller, the licensed driller must ensure that the work, or that part of the work, carried out by, or under the direction of, the licensed driller complies with the conditions of the licence.

S. 316(3)

317 Appeals

- (1) Any person who is aggrieved by the refusal of the Drillers' Licensing Board to grant him or her a driller's licence or to endorse the licence with respect to a particular method of drilling or bore construction or by any revocation or suspension of his or her licence or by any endorsement on his or her licence may within 30 days after the refusal, revocation or suspension appeal to the Minister.
- (2) The Minister must hear and determine the appeal and his or her decision is final and must be given effect to by the Board.
- (3) The Minister may in writing designate any person (other than an officer or employee of the public service or of any public statutory body) to—
- (a) hear the whole or any part of an appeal under this section; and
 - (b) report to him or her on that hearing; and

- (c) make any recommendation on the appeal.
- (4) A hearing by a person designated by the Minister under subsection (3) is for the purposes of this section to be taken to be a hearing by the Minister but in every case the final determination of the matter must be made by the Minister himself or herself.

may, subject to those Acts, elect in writing, within 6 months after commencing duties as an officer of the Authority, to continue to be an officer or permanent employee for the purposes of the appropriate Act for the period of his or her appointment.

- (3) A person appointed as an officer of an Authority (other than a person referred to in subsection (2)) who, immediately before that appointment, was a member of or contributor to a scheme of superannuation may, subject to the rules governing that scheme, elect in writing, within 6 months after commencing duties as an officer of the Authority, to continue as a member of or contributor to that scheme for the period of his or her appointment.
- (4) A person referred to in subsection (2) or (3) who has not, 6 months after commencing duties as an officer of the Authority, made an election under subsection (2) or (3) must, on and after the end of that period, be taken to be an employee within the meaning of the **Local Authorities Superannuation Act 1988** and, despite anything to the contrary in that Act, must be taken to have become such an employee as from the end of that period.
- (5) A person appointed as an officer of an Authority who makes an election under subsection (2) or (3) must be taken not to be an employee within the meaning of the **Local Authorities Superannuation Act 1988**.
- (6) Until an officer referred to in subsection (2) or (3) makes an election under those subsections, or 6 months after the date on which he or she commences duties as an officer of the Authority (whichever is earlier) the officer must—
 - (a) in the case of an officer referred to in subsection (2), be taken to continue to be an officer within the meaning of the **State Superannuation Act 1988** or any corresponding previous enactment, or a permanent employee within the meaning of

the **State Employees Retirement Benefits Act 1979**, as the case requires; and

- (b) in the case of an officer referred to in subsection (3), continue as a member of or contributor to the scheme of superannuation.

330 Transitional provisions for removal of power to set fees under tariffs

(1)	Subject to this section, any notice by a Catchment Management Authority declaring any land to be a serviced property for the purposes of this Act ceases to have effect on the commencement of the Water (Waterway Management Tariffs) Act 1999 .				S. 330 inserted by No. 65/1999 s. 5.
-----	--	--	--	--	---

- (2) The commencement of the **Water (Waterway Management Tariffs) Act 1999** does not affect any right a Catchment Management Authority had before that commencement to set a tariff and impose a fee under Division 5 of Part 13 for any period before 1 July 1999, and the Authority may continue to collect any unpaid fee under a tariff which has been imposed in respect of a property before that commencement for any such period.
- (3) If a Catchment Management Authority has, before the commencement of the **Water (Waterway Management Tariffs) Act 1999**, set a tariff and imposed a fee under Division 5 of Part 13 for the period beginning on 1 July 1999 and ending on 30 June 2000, then—
- (a) if that fee or any part of that fee has been paid to the Authority, the Authority must repay the amount so paid to the person who paid it; and
 - (b) if that fee or any part of that fee has not been paid to the Authority, the Authority is not entitled to collect it.
- (4) Any amount required to be repaid to a person under subsection (3)(a) is a debt due to the person by the Authority and may be recovered in a court of competent jurisdiction.
- (5) In this section *Catchment Management Authority* has the same meaning as in section 260A.

S. 331
inserted by
No. 5/2002
s. 56 (as
amended by
No. 6/2002
s. 4(4)).

- (1) A groundwater supply protection area declared by Order under section 27(1) that is in force immediately before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002** is deemed, on and from that commencement, to be a water supply protection area for the protection of the groundwater resources in the area concerned and may be abolished, or its boundaries amended, in accordance with Division 3 of Part 3 accordingly.
- (2) A management plan approved by the Minister under section 30(4) that is in force immediately before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002** is deemed, on and from that commencement, to be an approved management plan for groundwater resources for the relevant water supply protection area and may be amended or revoked in accordance with Division 3 of Part 3 accordingly.
- (3) A notice of an application for the declaration of an area to be a groundwater supply protection area—
 - (a) that was published under section 27(3)(b)(i) as in force at any time before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002**; and

- (b) in relation to which an Order declaring the area to be a groundwater supply protection area had not been made before that commencement—

is deemed, on that commencement, to be a notice published under section 27(4)(a)(i).

- (4) A notice to amend the boundaries of, or abolish, a groundwater supply protection area—

- (a) that was published in accordance with section 28(2) as in force at any time before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002**; and

- (b) in relation to which an Order amending the boundaries of, or abolishing, the groundwater supply protection area (as the case requires) had not been made before that commencement—

is deemed, on that commencement, to be a notice published under section 28(2) (as substituted by section 10 of the **Water (Irrigation Farm Dams) Act 2002**).

- (5) A consultative committee appointed under section 29(1), as in force before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002**, and existing immediately before that commencement is deemed, on that commencement, to be a consultative committee appointed under section 29(1) (as substituted by section 10 of the **Water (Irrigation Farm Dams) Act 2002**).

- (6) A draft management plan that—

- (a) had been prepared under Division 3 of Part 3 at any time before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002**; and

- (b) had not been approved by the Minister under section 30(5) before that commencement—
- is deemed, on that commencement, to be a draft management plan prepared under Division 3 of Part 3 (as substituted by section 10 of the **Water (Irrigation Farm Dams) Act 2002**).
- (7) An Authority that immediately before the commencement of section 10 of the **Water (Irrigation Farm Dams) Act 2002** had the duty of administering and enforcing an approved management plan under section 30 as in force immediately before that commencement must—
- (a) prepare a report in respect of its activities in carrying out its duties for the period beginning on that commencement and ending on 30 June next; and
 - (b) give a copy of that report to the Minister and any relevant Catchment Management Authority in accordance with section 32C(2); and
 - (c) release and make available the report in accordance with section 32D.
- (8) A person who—
- (a) at any time during the period of 10 years immediately before the commencement of section 32 of the **Water (Irrigation Farm Dams) Act 2002** was taking and using water from a spring or soak or water from a dam (other than water supplied to the dam from a waterway or a bore), for a use other than domestic and stock use; and

- (b) before 1 July 2003 applies for a licence under section 51(1)(ba) in relation to the spring or soak or dam—

is not liable to pay an application fee in respect of the application.

- (9) A licence issued under section 67 to abandon any works, private dam or a bore that is in force immediately before the commencement of section 35 of the **Water (Irrigation Farm Dams) Act 2002** is, on and from that commencement, deemed to be a licence to decommission those works, or that private dam or bore.

339 Meaning of validation date

In this Division—

validation date means 19 March 2019.

S. 340
inserted by
No. 23/2019
s. 99.

340 Validation provision in respect of section 287A

(1) Subject to section 342—

- (a) a requirement to make a payment or a number of payments, or a purported requirement to make a payment or a number of payments, under section 287A(1) as in force at any time before the validation date is to be taken to be, and always to have been, a

- valid requirement, despite a failure by any person to comply with that section; and
- (b) any payment collected or received, or purportedly collected or received, under or for the purposes of section 287A(1) as in force at any time before the validation date is to be taken to be, and always to have been, validly collected or received, despite a failure by any person to comply with that section; and
 - (c) any action, matter or thing taken, arising or done as a result or consequence of, or in reliance upon, such a requirement, collection or receipt or purported requirement, collection or receipt, whether under this Act or otherwise, is taken to be, and to always have been, valid and effective.
- (2) Without limiting subsection (1), that subsection applies with respect to the following—
- (a) a failure to consider either of the following matters in making a decision under or for the purposes of section 287A(1) as in force at any time before the validation date—
 - (i) a change in use (however described) as specified in section 287A(1)(a) as in force at any time before the validation date;
 - (ii) whether particular works or measures carried out, or to be carried out, offset the impact of change in use on the environment;
 - (b) a failure to comply with section 287A as in force at any time before the validation date in respect of one or more of the following matters—

- (i) the nature or location of particular works or measures carried out, or to be carried out, including but not limited to whether the particular works or measures are capital works or measures, or relate to operation and maintenance;
 - (ii) the person or body that carried out, or is to carry out, particular works or measures;
 - (iii) the giving of, or failure to give, notices;
 - (iv) the matters specified, or not specified, in notices;
 - (c) a failure to comply with section 287A as in force at any time before the validation date in respect of the property to which a requirement to make a particular payment or a number of particular payments purported to relate, including but not limited to the following—
 - (i) that the person imposing the requirement did so on the basis that the person was satisfied that particular environmental impacts were a result of a change in use in respect of that property and other properties, rather than a change in use in respect of that property only;
 - (ii) otherwise in relation to the ownership or location of the property;
 - (d) compliance, or lack of compliance, with a policy direction issued by the Minister.
- (3) To avoid doubt, a reference in this section to particular works or measures to be carried out includes a reference to particular works or

measures to be carried out after the
commencement of this section.

Schedule 2—Transitional provisions applying on restructuring or abolition of water corporations

1 Definitions

In this Schedule—

old corporation means a water corporation from whom powers, duties or functions are being transferred under a determination of the Minister under section 87 or 88;

new corporation means a water corporation to whom powers, duties or functions are being transferred under a determination of the Minister under section 87 or 88.

2 Membership of board of directors on restructuring or abolition

- (1) The Minister may, in the case of an old corporation or a new corporation, specify, in the determination under section 87 or 88 (as the case requires), an alteration to the membership of the board of directors of the corporation either by—
 - (a) the appointment of additional members to the board of directors; or
 - (b) the removal of members from the board of directors.
- (2) Division 3 of Part 6 applies to an appointment of a member to a board of directors under subclause (1) as if it were an appointment under that Division.

3 Transfer of assets on restructuring or abolition

On the making of a determination under section 87 or 88—

- (a) any rights, property and assets of the old corporation that are specified in the determination are deemed to be vested in the new corporation; and
- (b) any debts, liabilities and obligations of the old corporation arising out of any vesting under paragraph (a) are deemed to be the debts, liabilities and obligations of the new corporation; and
- (c) the new corporation is substituted as a party to any arrangement or contract entered into by or on behalf of the old corporation arising out of any vesting under paragraph (a).

4 Transfer of staff

- (1) On the making of a determination under section 87 or 88, all specified officers of the old corporation become officers of the new corporation and each such officer—
 - (a) holds an office that is equivalent to that previously held by the person in the old corporation; and
 - (b) holds the office on terms and conditions no less favourable than those of the office in the old corporation and with the benefit of all rights accrued in respect of the office so held.
- (2) In this section *specified officer* means a person who holds an office that is specified in the determination, or is of a class of offices that is specified in the determination.

5 Amendment of Register

The Registrar of Titles must make any recordings in or amendments to the Register under the **Transfer of Land Act 1958** that are necessary because of the operation of this Schedule.

6 Continuation of by-laws on restructuring or abolition

Any by-law made by an old corporation, being a by-law that—

(a) relates to property, rights or liabilities that are transferred under clause 3 to a new corporation; and

(b) is in force immediately before that transfer—

is deemed, on the happening of the transfer to be a by-law made by the new corporation and may be amended or revoked accordingly.

Schedule 3—Particular powers of Melbourne Water Corporation

Corporation to maintain certain roads in Corio and Werribee

- (1) The **Road Management Act 2004** applies to any road or portion of a road—
- (a) that is within the municipal district of the City of Wyndham; and
 - (b) that is abutted on both sides by land owned by Melbourne Water Corporation; and
 - (c) that is not a freeway or arterial road, within the meaning of the **Road Management Act 2004**—

as if the road or the part of the road is a road within the meaning of that Act.

- (2) For the purposes of the **Road Management Act 2004**, the relevant road authority for the land to which subsection (1) applies is Melbourne Water Corporation, subject to any regulations for the purposes of section 37(1)(c) of that Act.

Schedule 12A—Recording mortgages of water shares

1 Recording of mortgages

(1) If the owner of a water share mortgages it, a person may lodge with the Registrar a document for the recording of the mortgage to be made in the water register in respect of that share.

(2) The owner of a water share must not mortgage an undivided portion of the water share.

(2A) The holder of a limited term transfer of a water share must not mortgage the limited term transfer of the water share.

(3) A document lodged for the recording in the water register of a mortgage under subclause (1) must be in the approved form.

(4) When the Registrar records a mortgage in the water register under this clause, that mortgage—

(a) has effect as a security;

(b) does not operate as a transfer of the water share to which it applies.

Note to
Sch. 12A cl. 1
inserted by
No. 24/2013
s. 39.

Note

Sections 33W and 33X apply to mortgages recorded under this clause.

2 Variation of recorded mortgage of water share

(1) The parties to a recorded mortgage of a water share may agree, in writing, to vary—

(a) the terms of the mortgage; or

- (b) the principal sum or interest secured by the mortgage.
- (2) If the water share is subject to any subsequent recorded mortgage of a water share, the agreement in writing to the variation referred to in subclause (1) must be obtained from that subsequent mortgagee.
- (3) If a recorded mortgage of a water share is varied under this clause, the mortgagee may lodge with the Registrar a document for the recording of the variation to be made in the water register.
- (4) A document for the recording of a variation under subclause (3) must be in the approved form.
- (5) When the Registrar records a variation of a recorded mortgage of a water share under this clause in the water register, that mortgage has effect as varied from the time the document for the recording of the variation is lodged with the Registrar.

3 Variation of priority of recorded mortgages

- (1) The priority between or amongst themselves of the recorded mortgages of a water share may be varied from time to time, if each of those mortgages affects that water share only.
- (2) A variation under subclause (1) must—
 - (a) be in the approved form; and
 - (b) set out in the order in which the recorded mortgages of a water share affecting the water share concerned are to rank in priority; and
 - (c) subject to this Act, be executed by the holder of each mortgage to be postponed to a mortgage over which it previously had priority.

- (3) On the recording of a variation referred to in subclause (1), the recorded mortgages of a water share—
- (a) have priority between or amongst themselves in the order set out in the approved form of variation; and
 - (b) are deemed to have been recorded in that order.

4 Transfer of recorded mortgage

- (1) If a mortgagee of a water share transfers it to another person, the person transferring the mortgage may lodge with the Registrar a document for the recording of the transfer of the mortgage to be made in the water register in respect of that share.
- (2) A transfer of mortgage lodged under subclause (1) must be in the approved form.

5 Procedure in case of default in payment of money secured or covenant

- (1) If—
- (a) default is made in the payment of the principal sum or the interest secured by a recorded mortgage of a water share or in the performance of any express or implied covenant in that mortgage; and
 - (b) that default continues for one month or any other period expressly fixed in the instrument of mortgage—

the mortgagee may serve notice in writing to pay the money owing or perform and observe the covenant (as the case requires) on—

- (c) the mortgagor; and

- (d) any other person who has a recorded mortgage of that water share; and
 - (e) any person who is recorded in the water register as having a limited term transfer.
- (2) If money secured by a recorded mortgage of a water share is made payable on demand, a demand in writing under the mortgage is, for the purposes of this Act, equivalent to serving a notice under subclause (1).

6 Power of sale under a recorded mortgage

- (1) The mortgagee of a recorded mortgage of a water share, in good faith and having regard to the interests of the mortgagor or other persons specified in clause 5(1)(d) and (e), may sell the water share that is subject to the mortgage if the mortgagor or those other persons do not comply with that notice or demand—
- (a) within one month after the service of a notice or demand under clause 5; or
 - (b) any other period fixed in the instrument of mortgage.
- (2) A mortgagee who exercises a power of sale under this clause may, in accordance with this Act—
- (a) sell the water share subject to any terms and conditions that the mortgagee thinks fit; and
 - (b) make and sign any transfers; and
 - (c) do any acts or things necessary for effectuating a sale.
- (3) In the case of a mortgage to which clause 26 of Schedule 15 applies, where the mortgage is over one or more persons' undivided portion in a share—

- (a) the mortgagee can exercise a power of sale under this clause in relation to that part of the share; and
- (b) the exercise of that power of sale does not divide the water share.

7 Notifying the Registrar

- (1) Subject to this Schedule, if a mortgagee of a recorded mortgage of a water share exercises a power of sale under clause 6, a person may lodge with the Registrar a transfer for the recording of that sale in the water register.
- (2) A transfer under subclause (1) must be in the approved form.
- (3) If transfer under this clause is in the approved form and is expressed to be in exercise of a power of sale under clause 6, the Registrar may accept that transfer as sufficient evidence that the power has been duly exercised.

8 Application of purchase money

The purchase money received arising from a sale under clause 6 must be applied as follows—

- (a) firstly, in payment of all costs, charges and expenses properly incurred in relation to the sale;
- (b) secondly, in payment of the money due or owing on the mortgage;
- (c) thirdly, in payment of the money owing under or in respect of subsequent recorded mortgages of the water share in the order of their respective priorities;
- (d) fourthly, in payment of the residue (if any) to the mortgagor.

9 Vesting of water share in purchaser

- (1) On the recording in the water register of a transfer under clause 7 pursuant to the exercise of a power of sale under clause 6, the interest of the mortgagor in the water share vests in the purchaser as owner by transfer, freed and discharged from all liability on account of—
 - (a) the mortgage; and
 - (b) except where the mortgagor is the purchaser, of any subsequent recorded mortgage of a water share; and
 - (c) any subsequent recorded limited term transfer, except for a transfer to which the mortgagee gave consent.
- (2) Subclause (1) does not apply to a mortgage that is for any reason binding on the mortgagee.
- (3) The title of a purchaser of a water share is not impeachable on the ground that no case had arisen to authorise the sale under clause 6 or that due notice was not given or that the power of sale under clause 6 was otherwise improperly or irregularly exercised but any person affected by that sale may seek a remedy in damages in a court of competent jurisdiction against the person exercising the power.

10 Recording of discharge of recorded mortgage

- (1) A person may lodge with the Registrar a discharge of mortgage signed by the mortgagee, for the Registrar to record in the water register the discharge of the recorded mortgage from the water share.
- (1A) On a discharge being lodged under subsection (1), the Registrar—
 - (a) may make a recording in the water register discharging the mortgage; and

- (b) on the making of that recording, the water share ceases to be subject to, or liable for, the money secured by the mortgage.
- (2) A discharge of mortgage under subclause (1) must be in the approved form.
- (3) The Registrar may record in the water register that a recorded mortgage of a water share is discharged despite no discharge of mortgage being produced if—
 - (a) a mortgagor submits to the Registrar evidence of that person's ownership of the water share; and
 - (b) proof to the satisfaction of the Registrar that—
 - (i) all the principal and interest due in respect of the mortgage have been paid to the person entitled to receive them; and
 - (ii) that the person entitled to receive the amounts referred to in subparagraph (i) is dead, cannot be found or in the case of a body corporate, has ceased to exist.
- (4) On the recording of a discharge of a recorded mortgage of a water share by the Registrar under subclause (3), the water share ceases to be subject to, or liable for, that mortgage or any money due in respect of it.

Schedule 12B—Electronic transactions in the water register

inserted by
No. 99/2005
s. 70,
amended by
No. 17/2014
s. 160(Sch. 2
item 109).

1 Registrar may provide electronic lodgement network

- (1) The Registrar may provide or cause to be provided an electronic lodgement network for the purpose of lodging electronic documents for recordings to be made in the water register in respect of water shares.
- (2) The Registrar, from time to time, may determine requirements for the electronic lodgement network which may include—
 - (a) conditions of access to the electronic lodgement network;
 - (b) requirements for the retention of documents supporting or authenticating electronic documents, including periods for retention;
 - (c) insurance requirements;
 - (d) any other prescribed matter.
- (3) The Registrar must publish notice in the Government Gazette of any requirements determined under this clause.

2 Restriction on lodgement of electronic instruments

- (1) The Registrar is not required to accept an electronic document for recording in the water register in respect of a water share unless—
 - (a) the electronic document contains the information required by the Registrar and is in the form (if any) approved by the Registrar; and
 - (b) the electronic document complies with the prescribed requirements (if any); and

- (c) the electronic document is lodged in the electronic lodgement network established under clause 1 in the manner required by the Registrar; and
 - (d) any relevant certificate required under clause 9 is lodged in the electronic lodgement network; and
 - (e) the parties to the electronic document have specified the person who is to be the responsible party under this Schedule (the ***responsible party***) for the recording of the electronic document.
- (2) If the Registrar refuses to register an electronic document and the parties to the electronic document wish to proceed with the relevant recording in the water register, the Registrar may require the relevant documents to be executed and lodged for recording in a form other than an electronic communication.
- (3) The Registrar must publish notice in the Government Gazette of any information, form or manner of lodgement required by the Registrar under this clause.

3 Agents for lodging electronic documents must be eligible persons

- (1) A person (the ***agent***) must not lodge an electronic document for recordings to be made in the water register on behalf of any person (the ***principal***) unless—
- (a) the agent is an eligible person; and
 - (b) the principal has authorised the agent in writing signed by the principal to execute the electronic document and lodge it with the Registrar for a recording to be made in the water register on the principal's behalf.

- (2) For the purposes of this clause *eligible person* means—
- (a) an Australian legal practitioner; or
 - (b) a person who holds insurance of a kind and amount acceptable to the Registrar; or
 - (c) a person who complies with any other eligibility requirements determined by the Registrar.
- (3) The Registrar may at any time require evidence of a person's eligibility or authority to act as agent under subclause (1).
- (4) The Registrar may from time to time publish details of—
- (a) the kinds and amounts of insurance that are acceptable for the purposes of this clause;
 - (b) the criteria for a person to be an eligible person under subclause (2)(c).

4 Registrar may deal exclusively with responsible party

If an electronic document is lodged in the electronic lodgement network for recording in the water register, the Registrar is only required to deal with the person nominated under clause 2(1)(e) as the responsible party for the purposes of—

- (a) requiring the person to submit any documents or provide any information in relation to the electronic document and the relevant water share;
- (b) returning any documents lodged with the Registrar in respect of the relevant water share or the electronic document;
- (c) Part 5A or this Schedule in relation to the electronic document.

5 Notification of recording

If the Registrar makes a recording in relation to a water share in the water register pursuant to an electronic document under this Schedule, the Registrar must cause a notification of that recording to be given to—

- (a) the owner of the water share or that person's agent (if any); or
- (b) the person nominated under clause 2(1)(e) as the responsible party in respect of the electronic document or a person nominated by that responsible party.

6 Evidence of recording of electronic document

- (1) On the application of any person, the Registrar must produce a document in writing recording information that was recorded in the water register as a result of an electronic document.
- (2) A document produced under subclause (1) must be certified by the Registrar as a true representation of the record or information in the water register.
- (3) A document produced under this clause is evidence of the matters contained in the document.
- (4) An application under this clause must be in the approved form.

7 Electronic lodgement network malfunction

- (1) The Registrar may amend the water register to correct errors in the water register and supply entries or recordings omitted to be made in the water register if the error or omission resulted from a malfunction of the electronic lodgement network.

- (2) The Registrar must keep a record of every correction under subclause (1).
- (3) Every correction under subclause (1) is to have the same validity and effect as if the error or omission had not occurred.

8 Registrar may require production of documents

- (1) For the purposes of Part 5A and this Schedule, the Registrar, by notice in writing, may require any person who has lodged, or proposes to lodge, an electronic document in the electronic lodgement network to produce any document supporting or authenticating an electronic document that is required to be retained under any requirement determined by the Registrar under clause 1(2)(b).
- (2) A person who has received a notice under subclause (1) must comply with a requirement in that notice within the period specified in the notice, being not less than 14 days.
- (3) If a person fails to comply with a notice under subclause (1), the Registrar may terminate that person's access to the electronic lodgement network.

9 Registrar may specify matters to be certified

The Registrar, by notice published in the Government Gazette, may specify—

- (a) any matters relating to an electronic document that must be certified under this Schedule; and
- (b) the method of electronic certification required for those matters; and
- (c) the class or classes of person who may certify those matters.

10 Evidence of electronic documents

- (1) On the application of any person, the Registrar must produce a document in writing recording information contained in an electronic document that has been lodged for recording in the water register.
- (2) A document produced under subclause (1) must be certified by the Registrar as a true representation of the information in the electronic document.
- (3) A document certified under subclause (2) is evidence of the matters contained in the document.
- (4) An application under this clause must be in the approved form and be accompanied by the prescribed fee (if any).

11 Electronic certification of electronic documents

- (1) The Registrar may produce in an electronic form a representation of any electronic document lodged in the electronic lodgement network.
- (2) The Registrar may certify the electronic representation in any manner determined by the Registrar.
- (3) A representation of an electronic document certified in accordance with this clause is evidence of the contents and nature of the electronic document.

(2) In this Schedule (unless otherwise specified in the Schedule) a reference—

- (a) to section 222(1)(a), in relation to a declared water system, is a reference to section 222(1)(a) as in force immediately before the appointed day for that water system; and
- (b) to section 222(1)(b), in relation to a declared water system, is a reference to section 222(1)(b) as in force immediately before the appointed day for that water system; and

- (c) to section 222(1)(c), in relation to a declared water system, is a reference to section 222(1)(c) as in force immediately before the appointed day for that water system; and
 - (d) to section 222(1)(d), in relation to a declared water system, is a reference to section 222(1)(d) as in force immediately before the appointed day for that water system.
- (3) For the purposes of Part 3, where the holder of a take and use licence is recorded to be—
- (a) a partnership, each partner in the partnership is deemed to be a holder of the licence; or
 - (b) an unincorporated body (however described), each member of the body is deemed to be a holder of the licence.

2 Non-application of certain provisions to non-declared water systems

The amendment of this Act by sections 38(2), 61 and 62 of the **Water (Resource Management) Act 2005** does not apply to a water system until the water system becomes a declared water system under a declaration under section 6A.

Part 2—Conversion of Part 11 rights

3 Definition

In this Part—

managing Authority, in relation to a holding, means the Authority responsible for managing the irrigation district in which the holding is situated.

4 Conversion of water right and domestic and stock right (prior joint right)

- (1) On and from the appointed day for a water system, the following subclauses apply to each prior joint right within the water system, that does not relate to Crown land.

Sch. 15 cl. 4(1)
amended by
No. 85/2006
s. 139.

Entitlement to water share

- (2) The holder of each prior joint right is deemed to be the owner of a water share, deemed to be issued under section 33F—
- (a) that authorises water to be taken at the maximum volume that is the sum of—
 - (i) the volume for the part of the prior joint right that is the prior water right; and
 - (ii) the volume for the part of the prior joint right that is the prior domestic and stock right—as shown in the relevant prior holdings register (immediately before the appointed day); and
 - (b) that has a class of reliability that is determined in accordance with the conversion rules.

Entitlement to water-use licence

- (3) The holder of each prior joint right is deemed to be, the holder of a water-use licence, deemed to be granted under section 64L, for each combined parcel of land that comprised the holding and for each other parcel of land that comprised the holding, that authorises water to be used—
- (a) on that land; and
 - (b) subject to the same conditions as those that applied to the use of water immediately before the appointed day; and

- (c) subject to an annual use limit determined in accordance with the conversion rules.

Delivery entitlement

- (4) The holder of each prior joint right is deemed to be entitled to the service of having water delivered by the managing Authority under section 222(1) (as in force on and from the appointed day)—
 - (a) to the place or places determined by the Authority in accordance with the conversion rules;
 - (b) at the volume that is the proportion (as specified in the conversion rules) of the volume that is the sum of the volume of the prior water right and prior domestic and stock right immediately before the appointed day, or any other method that is set out in the conversion rules; and
 - (c) during the periods determined by the Authority in accordance with the conversion rules—

and for the purposes of Part 11, the matters determined under paragraphs (b) and (c) are deemed to have been determined under section 223.

Ownership of water share

- (5) If a prior joint right is held by more than one person, the proportions of ownership of the water share by each holder of the right are to be determined in the manner set out in clause 17.

5 Conversion of water right only (prior water right)

- (1) On and from the appointed day for a water system, the following subclauses apply to each prior water right within the water system, that does not relate to Crown land.

Sch. 15 cl. 5(1)
amended by
No. 85/2006
s. 140.

Entitlement to water share

- (2) The holder of each prior water right is deemed to be the owner of a water share, deemed to be issued under section 33F—
- (a) that authorises water to be taken at the maximum volume that is the same as that shown for the prior water right in the relevant prior holdings register (immediately before the appointed day); and
 - (b) that has a class of reliability that is determined in accordance with the conversion rules.

Entitlement to water-use licence

- (3) The holder of each prior water right is deemed to be, the holder of a water-use licence, deemed to be granted under section 64L, for each combined parcel of land that comprised the holding and for each other parcel of land that comprised the holding, that authorises water to be used—
- (a) on that land; and
 - (b) subject to the same conditions as those that applied to the use of water immediately before the appointed day; and
 - (c) subject to an annual use limit determined in accordance with the conversion rules.

Delivery entitlement

- (4) The holder of each prior water right is deemed to be entitled to the service of having water delivered by the managing Authority under section 222(1) (as in force on and from the appointed day)—
- (a) to the place or places determined by the Authority in accordance with the conversion rules;

Sch. 15 cl. 5(4)
amended by
No. 85/2006
s. 141.

- (b) at the volume that is the proportion (as specified in the conversion rules) of the prior water right immediately before the appointed day, or that is determined in accordance with any other method that is set out in the conversion rules; and
- (c) during the periods determined by the Authority in accordance with the conversion rules—

and for the purposes of Part 11 of this Act, the matters determined under paragraphs (b) and (c) are deemed to have been determined under section 223.

Ownership of water share

- (5) If a prior water right is held by more than one person, the proportions of ownership of the water share by each holder of the right are to be determined in the manner set out in clause 17.

6 Conversion of domestic and stock allowance (prior domestic and stock right)

Sch. 15 cl. 6(1)
amended by
No. 85/2006
s. 142.

- (1) On and from the appointed day for a declared water system, the following subclauses apply to each prior domestic and stock right within the water system, that does not relate to Crown land.

Entitlement to water share

- (2) The holder of each prior domestic and stock right is deemed to be the owner of a water share, deemed to be issued under section 33F—
 - (a) that authorises water to be taken at the maximum volume that is the same as that shown for the prior domestic and stock right in the relevant prior holdings register (immediately before the appointed day); and

- (b) that has a class of reliability that is determined in accordance with the conversion rules.

Entitlement to water-use registration

- (3) The holder of each prior domestic and stock right is deemed to be, the holder of a water-use registration, deemed to be granted under section 64AP, for each combined parcel of land that comprised the holding and for each other parcel of land that comprised the holding, that authorises water to be used—
 - (a) on that land; and
 - (b) subject to the same conditions as those that applied to the use of water immediately before the appointed day; and
 - (c) subject to an annual use limit determined in accordance with the conversion rules.

Delivery entitlement

- (4) The holder of each prior domestic and stock right is deemed to be entitled to the service of having water delivered by the managing Authority under section 222(1) (as in force on and from the appointed day)—
 - (a) to the place or places determined by the Authority in accordance with the conversion rules;
 - (b) at the volume that is the proportion (as specified in the conversion rules) of the prior domestic and stock right immediately before the appointed day, or that is determined in accordance with any other method that is set out in the conversion rules; and

Sch. 15 cl. 6(4)
amended by
No. 85/2006
s. 143.

- (c) during the periods determined by the Authority in accordance with the conversion rules—

and for the purposes of Part 11, the matters determined under paragraphs (b) and (c) are deemed to have been determined under section 223.

Ownership of water share

- (5) If a prior domestic and stock right is held by more than one person, the proportions of ownership of the water share by each holder of the right are to be determined in the manner set out in clause 17.

7 Prior 222(1)(c) sales water agreements

- (1) On and from the appointed day for a water system, the following subclauses apply to each prior 222(1)(c) sales water agreement entered into by the Authority responsible for managing the water system.

Entitlement to water share

- (2) The owner of the holding in respect of which the agreement was entered into is deemed to be the owner of a water share, deemed to be issued under section 33F—
 - (a) that authorises water to be taken at the maximum volume that is the proportion (as specified in the conversion rules) of the volume of the prior water right shown in the prior holdings register (immediately before the appointed day); and
 - (b) that has a class of reliability that is determined in accordance with the conversion rules.

Ownership of water share

- (3) If a prior 222(1)(c) sales water agreement has been entered into in respect of a holding owned by more than one person, the proportions of ownership of the water share by each owner of the holding are to be the same as the proportions determined for each such owner for the prior joint right or prior water right (as the case requires) applying to the holding.

8 Holdings to which no rights apply

- (1) A managing Authority must provide to an applicant under subclause (2), the service of delivering to the land specified under subclause (2), the volumes of water during the periods determined in accordance with the conversion rules applying to the water system.
- (2) A person who was, immediately before the appointed day for a declared water system, the owner of a holding that was serviced by the water system, being a holding in respect of which there was no prior water right or prior joint right, may, within 6 months or any other period (not being more than 12 months) specified in the conversion rules of the appointed day for the water system, apply to the managing Authority for the provision of a service under subclause (1) to the land that comprised the holding immediately before the appointed day.

Sch. 15 cl. 8(2)
amended by
No. 85/2006
s. 144.

9 Other interest holders

- (1) On the appointed day for a water system, if the registered proprietor of land in a holding in the water system is a life tenant, the life tenant is deemed to be the holder of a limited term transfer of the water share, in respect of the land, that the owner of the land is deemed to be the holder of under this Schedule.

Sch. 15
cl. 9(2A)
inserted by
No. 32/2010
s. 75.

- (2) A limited term transfer under subclause (1) continues in force, despite any other provision of this Act, until the cessation of the life tenancy.
- (2A) Section 33AV(4) does not apply to a limited term transfer under subclause (1).
- (3) If, immediately before the appointed day for a water system—
 - (a) a purchaser under a terms contract of a holding in the water system is—
 - (i) in occupation of the holding; and
 - (ii) entitled to water, on or after that day under the terms of the contract; and
 - (b) the vendor under the contract is on and from the appointed day deemed to be the holder of a water share in respect of the holding under this Schedule—

on and from the appointed day, the purchaser is deemed to be the holder of a limited term transfer, if the Minister, on application, so approves before the appointed day.
- (4) A limited term transfer under subsection (3) continues in force for so long as the purchaser is entitled to receive water under the contract.
- (5) The vendor or purchaser under a terms contract of a holding in a water system may apply to the Minister for approval under subsection (3), before the appointed day, in the form approved by the Minister.

10 Water share deemed to be associated water share

On and from the appointed day for a water system, a water share in the system that is deemed to be owned by a person—

- (a) under clause 4, 5 or 6, is deemed to be determined to be an associated water share under Division 10, that is associated with the land specified in the water-use licence or water-use registration (as the case requires) that that person is deemed to be the holder of under that section; and
- (b) under clause 7 is deemed to be determined to be an associated water share under Division 10, that is associated with the land specified in the water-use licence that that person is deemed to be the holder of under clause 4, 5 or 6, as the case requires.

11 Application of section 64AE

For the purposes of Division 6 of Part 4B, a condition that a water-use licence is deemed to be subject to by clause 4, 5 or 6—

- (a) is deemed to be a particular condition imposed under Division 5 of Part 4B; and
- (b) is deemed to have been imposed before any standard water-use condition applying to that licence.

12 Properties deemed to be serviced properties

Where, under this Part, an owner of a parcel of land is deemed to be entitled to the service of having water delivered to a place or places determined by a managing Authority for the purposes of use on the parcel of land, the parcel of land is deemed to be serviced property within the meaning of section 220.

Part 3—Conversion of other rights

13 Conversion of take and use licences

Sch. 15
cl. 13(1)
amended by
No. 29/2007
s. 23.

- (1) On and from the appointed day for a water system, the following subclauses apply to each take and use licence in force immediately before the appointed day within the water system that is not a licence under which—

Sch. 15
cl. 13(1)(a)
inserted by
No. 29/2007
s. 23.

- (a) the water to be taken and used is subject to a condition that a proportion of the water so taken and used is returned to the water system; or

Sch. 15
cl. 13(1)(b)
inserted by
No. 29/2007
s. 23.

- (b) the water is to be taken and used for a purpose prescribed for the purposes of section 51(1AA).

Entitlement to water share

- (2) The holder of each take and use licence is deemed to be the owner of a water share, deemed to be issued under section 33—
- (a) that authorises water to be taken at the maximum volume that is the same as the volume shown on the take and use licence immediately before the appointed day; and
- (b) that has a class of reliability that is determined in accordance with the conversion rules.

Entitlement to water-use licence

- (3) The owner of the land to which each take and use licence relates is deemed to be the holder of a water-use licence, deemed to be granted under section 64L, that authorises water to be used—
- (a) on that land; and

- (b) subject to the same conditions as those that applied to the use or drainage of water under the take and use licence immediately before the appointed day; and
- (c) subject to an annual use limit determined in accordance with the conversion rules.

Entitlements to works licences

- (4) The holder of each take and use licence that, immediately before the appointed day, authorised the construction, alteration or operation of works, is deemed to be the holder of a licence under section 67 that authorises the construction, alteration or operation of any such works, subject to—
 - (a) any conditions as to the maximum amounts of water which may be taken in any particular periods or circumstances—
 - (i) that applied under the licence immediately before the appointed day; or
 - (ii) as determined in accordance with the conversion rules—whichever is the greater; and
 - (b) any conditions of the take and use licence as to—
 - (i) the installation and use of measuring devices and pumps; and
 - (ii) the operation of any bores or works for extracting water from waterways.

Ownership of water share

- (5) If a take and use licence is held by more than one person, the proportions of ownership of the water share by each holder of the licence are to be determined in the manner set out in clause 18.

14 Prior 222(1)(d) sales water agreements

- (1) On and from the appointed day for a declared water system, the following subclauses apply to each prior 222(1)(d) sales water agreement entered into by an Authority to supply water to land from the water system.

Entitlement to water share

- (2) The owner or occupier of the land with whom the agreement was entered into is deemed to be the owner of a water share, deemed to be issued under section 33F—
- (a) that authorises water to be taken at the maximum volume that is the proportion (as specified in the conversion rules) of the volume that is the same as that shown in the licence, immediately before the appointed day; and
- (b) that has a class of reliability that is determined in accordance with the conversion rules.

Ownership of water share

- (3) If the prior 222(1)(d) right is held by more than one person, the proportions of ownership of the water share by each holder of the right are to be determined in the manner set out in clause 17.

15 Water share deemed to be associated water share

On and from the appointed day for a water system—

- (a) if a water share is deemed to be issued under clause 13 in relation to a take and use licence, the water share is deemed to be determined to be an associated water share under Division 10, that is associated with the land to which the take and use licence applied, in so far as a water-use licence is

deemed to be issued under clause 13 in respect of that land;

- (b) if a water share is deemed to be issued under clause 14 in relation to a prior 222(1)(d) sales water agreement, the water share is deemed to be determined to be an associated water share under Division 10, that is associated with the land to which the agreement applied, in so far as a water-use licence is deemed to be issued under clause 13 in respect of that land.

16 Conversion of temporary transfers

- (1) On and from the appointed day for a declared water system, the following subclauses apply where a prior water right has been transferred (whether in whole or in part) under section 224 (as in force before the appointed day) for a consecutive period of 3 years immediately preceding the appointed day, where the owner of the land to which the right has been transferred is not the holder of—

- (a) a prior joint right or prior water right; or
- (b) a take and use licence.

Entitlement to water-use licence

- (2) The owner of the land to which such a right has been transferred is deemed to be the holder of a water-use licence that authorises water to be used—
 - (a) on the land to which the right had been transferred; and
 - (b) subject to the same terms and conditions relating to the use of water as those that applied to the use of the water under the transferred rights, immediately before the appointed day; and

- (c) subject to an annual use limit determined in accordance with the conversion rules.

Part 4—Determination of portions of ownership of water shares

17 Determination of portions generally

- (1) For the purposes of Part 2, the ownership of the persons' water share is deemed to be the same as the ownership of the land that comprised the holding unless—
 - (a) parcels of land in the holding are owned by different persons or in a different manner; or
 - (b) different mortgages apply to different parcels of land in the holding; or
 - (c) in the opinion of the Minister, ownership of the whole or a part of the water share cannot be clearly established.
- (2) Subject to Part 2, where subclause (1)(a) or (b) applies, the ownership of the water share is to be determined as agreed between all entitled persons.
- (3) If—
 - (a) an agreement has not been reached under subclause (2); and
 - (b) 18 calendar months have expired since the appointed day for the water system and an application for arbitration under clause 19 has not been made—

ownership of the water share is to be determined as follows—

- (c) the owner of each parcel of land that comprised the holding—

- (i) is deemed, in respect of the ownership of that parcel, to hold the water share as a tenant in common, in equal undivided portions with the owner of each other parcel of the land that comprised the holding; and
 - (ii) if there is more than one owner for a portion of the water share those persons own that portion in the same manner as that in which, they hold the parcel of land that entitles them to ownership of that portion of the share.
- (4) Where subclause (1)(c) applies ownership of the water share is to be determined—
 - (a) as agreed between all entitled parties; or
 - (b) if agreement cannot be reached under paragraph (a), in accordance with the conversion rules.
- (5) For the purposes of this section, *mortgage* in relation to land under the **Transfer of Land Act 1958**, means a recorded mortgage under that Act.

18 Determination of portions on conversion of take and use licences

- (1) If a take and use licence to which clause 13 applies is held by more than one person, the holders of the licence are deemed to own the water share as tenants in common in equal undivided portions (unless subclause (2) applies).
- (2) If a take and use licence to which clause 13 applies is held by an unincorporated association, the ownership of the share is to be determined as agreed between all persons who are members of the association.

19 Arbitration

Sch. 15
cl. 19(1)
amended by
No. 50/2011
s. 46(Sch.
item 15.1).

- (1) If, within—
- (a) a period of 6 calendar months from the appointed day for a water system; or
 - (b) where the conversion rules so provide, any later date determined in accordance with the rules—

the entitled persons have not reached agreement under clause 17 on the proportions of ownership, any of the entitled persons may refer the matter to arbitration in accordance with the **Commercial Arbitration Act 2011**.

Sch. 15
cl. 19(2)
amended by
No. 50/2011
s. 46(Sch.
item 15.2).

- (2) If—
- (a) within a period of 6 calendar months from the appointed day for a water system; or
 - (b) where the conversion rules so provide, any later date determined in accordance with the rules—

the members of an unincorporated association have not reached agreement under clause 18(2), any member of the association may refer the matter to arbitration in accordance with the **Commercial Arbitration Act 2011**.

Sch. 15
cl. 19(3)
amended by
No. 50/2011
s. 46(Sch.
item 15.3).

- (3) An arbitration under this section must be conducted before a sole arbitrator selected by agreement by all the entitled persons, or, in the absence of such an agreement, by the Secretary-General of the Australian Centre for International Commercial Arbitration Limited ACN 006 404 664.
- (4) The costs of the arbitration are to be borne by all the entitled persons equally, unless otherwise awarded by the arbitrator.

20 Procedure and findings of arbitration

- (1) The arbitrator must make an award in the matter within 9 calendar months of his or her appointment, unless—
 - (a) the arbitrator believes there are exceptional circumstances which require a longer period; or
 - (b) all the entitled persons agree to a longer period.
- (2) The arbitrator may determine the procedures that apply to the arbitration, having regard to the commercial value of the subject matter of the dispute.

21 Matters to be taken into account in making finding

In making an award the arbitrator must—

- (a) in the case of a dispute under clause 17(3), relating to an amalgamated holding that comprises several parcels of land, have regard to the volume of prior water rights and prior domestic and stock rights of each parcel of land in the holding, before the parcels became part of the holding, and, if the arbitrator considers that the consideration set out above would lead to an unfair or unjust result, have regard to—
 - (i) any relevant agreements; and
 - (ii) any transfers under section 226 (as in force before the appointed day), entered into after the parcels of land were amalgamated; and
 - (iii) any other relevant matters;

(b) in any other case, have regard to—

- (i) any relevant agreements; and
- (ii) any transfers under section 226 (as in force before the appointed day); and
- (iii) any other relevant matters.

22 Notification of award of arbitration

The arbitrator must give a copy of his or her award in the matter to each entitled person and to the Registrar.

23 Registrar to register ownership in accordance with the award of the arbitrator

On receiving a copy of an award under clause 21, the Registrar must record the ownership of the water share in the Water Register in accordance with the award of the arbitrator.

Part 5—Mortgages

24 Application of Part

This Part does not apply to a water share in a declared water system if the volume of water that is to be made available under the water share is 5 megalitres or less.

25 Mortgagee notices and agreements

- (1) In the case of a mortgage over the whole or a part of any parcel of land where the owner of the whole or a part of the parcel is deemed to be the owner of a water share by the operation of Part 2, the Authority, responsible for managing the irrigation district in which the water system from which the water share is derived is situated, must notify the owner, in the form and manner specified in the conversion rules, of the existence of the mortgage over the land and advise the owner that clause 26 will apply to the mortgage.

Sch. 15
cl. 25(1)
amended by
No. 85/2006
s. 146(1).

- (1A) A notice under subclause (1) must be given by the Authority before the appointed day for the water system, when it is practicable to do so.

Sch. 15
cl. 25(1A)
inserted by
No. 85/2006
s. 146(2).

- (2) For the purposes of this section, *mortgage* in relation to land under the **Transfer of Land Act 1958**, means a recorded mortgage under that Act.

26 Conversion of mortgages

- (1AA) On and from the appointed day for a water system, the following subclauses apply to each mortgage over the whole or a part of any parcel of land where, the owner of the whole or the part of the parcel, by virtue of that ownership, is deemed by the operation of Part 2, to be the owner of a water share in respect of the water system.

Sch. 15
cl. 26(1AA)
inserted by
No. 85/2006
s. 146(3).

- (1) The mortgage is deemed to become, in addition to being a mortgage over the whole or the part of the parcel of land specified in the mortgage, a mortgage over the water share to secure the debt secured by the mortgage, immediately before the appointed day, and amounts that may be advanced under the mortgage on or after that day, subject to the same terms and conditions as those that applied to the mortgage immediately before the appointed day.

Sch. 15
cl. 26(1)
amended by
No. 85/2006
s. 146(4).

- (2) For the purposes of subclause (1)—
- (a) where the whole or part of the parcel of land is owned by one person only, and that person owns the water share as a tenant in common with other persons, the mortgage is deemed to be over that person's undivided interest in the water share; or
 - (b) where the whole or the part of the parcel of land is owned by more than one person, and those persons own the water share as tenant

in common with other persons, the mortgage is deemed to be over those persons' undivided interest in the water share.

- (3) For the purposes of this Act, Schedule 12A applies to a mortgage that, under subclause (1), is deemed to be over a water share.
- (4) Mortgages that are deemed to be over a water share under subclause (1) that were previously over the one parcel of land are deemed to rank in the same priority to each other as that in which they were ranked when over the parcel of land.
- (5) In the case of land not under the **Transfer of Land Act 1958**, over which there is a mortgage where the mortgagee is the owner of the legal estate, where that mortgage is deemed to become (under subclause (1)) (in addition to being a mortgage over the land) a mortgage over a water share, the mortgage over the water share does not take effect as a transfer of the ownership of the mortgage, but takes effect in accordance with the provisions of this Act.

Part 6—Miscellaneous conversion issues

27 Works licences

On and from the appointed day for a declared water system, a licence under section 67 that is in force immediately before the appointed day and that relates to a bore or works for extracting water from a waterway in that system where conditions relating to that bore or those works are set out in a take and use licence, is deemed to be subject to—

- (a) any conditions as to the maximum amounts of water which may be taken in any particular periods or circumstances from that bore or through those works—

Sch. 15 cl. 27
amended by
No. 85/2006
s. 147.

- (i) under the take and use licence, as applying immediately before the appointed day; or
 - (ii) as determined in accordance with the conversion rules—
- whichever is the greater; and
- (b) any conditions as to—
 - (i) the installation and use of measuring devices and pumps; and
 - (ii) the operation of any bores or works for extracting water from waterways—
- under the take and use licence, as applying immediately before the appointed day.

28 Continuing operation of registration licences

Despite a water system becoming a declared water system, any registration licence issued in the declared water system is deemed to continue in force.

Sch. 15 cl. 28
amended by
No. 24/2013
s. 40.

29 References to rights

On and from the appointed day for a declared water system, a reference in any document to—

- (a) a prior domestic and stock right (however described in the document) in the water system;
- (b) a prior water right (however described in the document) in the water system;
- (c) a prior joint right (however described in the document) in the water system;
- (d) a prior 222(1)(c) sales water agreement (however described in the document) in the water system;

(e) a prior 222(1)(d) sales water agreement
(however described in the document) in the
water system;

(f) take and use licence (however described in
the document) in the water system—

is to be taken to be a reference to the water share
the holder of that right is deemed to own by the
operation of this Schedule.

30 Amendment of bulk entitlements

- (1) The Minister, by notice in writing, may make any amendments to a bulk entitlement that are necessary as a consequence of a water system becoming a declared water system.
- (2) A notice under this section must be made before the appointed day for the declared water system and must come into effect on that day.
- (3) Notice of the making of a notice under this section must be published in the Government Gazette before or on the appointed day for the water system.
- (4) A copy of a notice made under this section must be given to the holder of the bulk entitlement before or on the appointed day for the water system.

Part 7—Unconfirmed water shares

31 Unconfirmed water shares

- (1) Where on the appointed day for a declared water system the ownership of a water share is to be determined in accordance with clause 17 or clause 18 and—
 - (a) agreement has not been reached on the ownership of the share; or

(b) ownership of the whole or a part of the share cannot be clearly established—

the ownership of the share under this Schedule is capable of being registered in the Register, subject to the qualification that the details recorded as to the share are unconfirmed.

(2) A qualification that is in force under subclause (1) remains in force until the ownership is determined—

(a) in accordance with this Schedule; or

(b) in accordance with the conversion rules.

32 Dealings in unconfirmed water shares

(1) The following dealings are the only dealings that may take place in relation to unconfirmed water shares—

(a) transfer of ownership of the share under section 33S;

(b) limited term transfer of the water share;

(c) discharge of a mortgage over the water share;

Sch. 15
cl. 32(1)(c)
amended by

(f) surrender of limited term transfer under section 33T(5).

Sch. 15
cl. 32(1)(f)
inserted by
No. 32/2010
s. 76(1)(b).

- (2) In addition to any requirements applying to the transfer of water shares under Part 3A—
- (a) any transfer of ownership of an unconfirmed water share under section 33S does not have effect until the Authority (that is responsible for managing the irrigation district in which the water system in which the water share is issued) approves the transfer, in accordance with any relevant rules made under Part 3A, and notifies the Registrar of that approval; and
 - (b) any limited term transfer of an unconfirmed water share must not be recorded in the water register until the Authority (that is responsible for managing the irrigation district in which the water system in which the water share is issued) approves the transfer, in accordance with any relevant rules made under Part 3A, and notifies the Registrar of that approval.
- (3) In the case of an assignment of a water allocation under a water share to which subclause (1)(d) applies, all persons who own the water share, in whole or in part, and all persons who have limited term transfers under the water share, in whole or in part are to be taken to be the holder of the water share.

cl. 32(3)
inserted by
No. 32/2010
s. 76(2).

Part 8—Conversion procedures

33 Conversion Rules

- (1) Before the appointed day for a declared water system, the Minister may—
- (a) make a determination setting out the rules that are to apply to the conversion of rights in the water system; and

- (b) amend any determination made under paragraph (a).
- (2) A determination under subclause (1) may provide for—
 - (a) any procedures that an Authority is required to carry out to identify, verify, apportion and calculate information relating to rights to which Part 2, 3, 4, 5 or 6 applies and any matters that are to be determined under Part 2, 3, 4, 5 or 6; and
 - (b) any procedures that the Minister is required to carry out to identify, verify, apportion and calculate information relating to rights to which Part 2, 3, 4, 5 or 6 applies and any matters that are to be determined under Part 2, 3, 4, 5 or 6; and
 - (c) any submission procedures and dispute resolution procedures any Authority, the Minister or the Registrar is required to undertake for the purposes of performing functions under paragraph (a) or (b) (as the case requires); and
 - (d) any other matters that are required or permitted to be set out by this Schedule.
- (3) A determination under subclause (1) comes into operation on the day specified in the determination.
- (4) A determination under subclause (1) must be in writing and notice of the making of the declaration and of the day on which it comes into operation must be published in the Government Gazette.

- (5) A declaration under subclause (1)—
 - (a) must not be amended, unless to correct any clerical, factual or other inadvertent mistake in the declaration; and
 - (b) must not be revoked.
- (6) Before making a determination under subclause (1), the Minister must consult with—
 - (a) the Authority or Authorities responsible for the supply of water from the water system to which the determination relates; and
 - (b) the Registrar.

34 Disclosure of information for purposes of conversion

- (1) The Registrar of Titles must ensure that all records and information for which the Registrar of Titles is responsible which are necessary to enable—
 - (a) an Authority to carry out its functions under this Schedule or to give effect to this Schedule; or
 - (b) the Minister to carry out the Minister's functions under this Schedule or to give effect to this Schedule; or
 - (c) the Registrar to carry out the Registrar's functions under this Schedule or to give effect to this Schedule—are disclosed to the Authority, Minister or Registrar, as the case requires, for those purposes.
- (2) An Authority must ensure that all records and information for which the Authority is responsible which are necessary to disclose to the Registrar of Titles for the purposes of this Schedule are disclosed to the Registrar of Titles, for those purposes.

- (3) The Minister must ensure that all records and information for which the Minister is responsible which are necessary to disclose to the Registrar of Titles for the purposes of this Schedule are disclosed to the Registrar of Titles, for those purposes.
- (4) The Registrar must ensure that all records and information for which the Registrar is responsible which are necessary to disclose to the Registrar of Titles for the purposes of this Schedule are disclosed to the Registrar of Titles, for those purposes.

35 Offence to provide false or misleading information

A person must not knowingly give false or misleading information to an Authority in the course of claiming that that person has a right to which Part 2 or 3 of this Schedule applies.

Penalty: 60 penalty units or 6 months imprisonment.

Part 9—Tariffs, fees and charges

Division 1—Fees under tariffs

36 Definitions

In this Division—

fee means the fee imposed under a tariff under Part 13 of this Act;

prior right means any of the following—

- (a) a prior joint right;
- (b) prior water right; or
- (c) prior domestic and stock right.

37 Power of Authority to require payment after appointed day

The declaration of an appointed day for a water system, is to be taken not to affect the power of an Authority under Part 13 of this Act to obtain payment on or after the appointed day for that part of a fee, imposed by an Authority on a property in respect of a prior right in the water system, that applies to any period before the appointed day.

38 Application of fees by Authorities after the appointed day

- (1) If, before the appointed day for a water system, the holder of a prior right in the water system, has made a payment of money to which this section applies to an Authority, the Authority may apply that money, on and after the appointed day, to satisfy any fee imposed for any service provided by the Authority on or after the appointed day to the holder of the prior right in respect of any—

- (a) water share; or
- (b) water-use licence; or
- (c) delivery service under Part 11—

deemed to be issued, granted or provided in respect of that prior right under this Schedule.

- (2) In this section, *payment of money to which this section applies* means a payment in satisfaction of a part of a fee imposed by the Authority under a tariff under Part 13 on a property in respect of the prior right, being that part of the fee that applies to a period on or after the appointed day.

39 Evidentiary provision, fees under Part 13

- (1) If, in any proceedings under this Act or regulations or by-laws made under this Act, the amount of water supplied to a property from a water system during the fee period, is relevant,

evidence may be given of the amount of water computed by the Authority having regard to—

- (a) any quantity of water supplied to the property concerned before the appointed day; and
- (b) the total amount of water recorded by a water meter as having been supplied or delivered to that property in that period, both before the appointed day and after the appointed day—

and that evidence, in the absence of evidence to the contrary, is proof of the amount of water supplied or delivered to the property.

- (2) In this section, *fee period*, in relation to a prior water right, means the period for which a fee is imposed in respect of a property that has water supplied or delivered to it under the prior right and in which the appointed day for the water system from which the water is so supplied or delivered occurs.

Division 2—Charges under section 264

40 Power of Authority to require payment after appointed day

The declaration of an appointed day for a water system, is to be taken not to affect the power of an Authority under section 264 to obtain payment on or after the appointed day for that part of a fee, fixed by the Authority for a take and use licence in the water system, that applies to any period before the appointed day.

41 Application of fees under section 264 by an Authority after the appointed day

- (1) If, before the appointed day for a water system, the holder of a take and use licence in the water system, has made a payment of money to which this section applies to an Authority, the Authority may apply that money on and after the appointed day to satisfy any fee—
 - (a) payable on or after the appointed day in respect of any—
 - (i) water share; or
 - (ii) water-use licence—deemed to be issued or granted in respect of that take and use licence under this Schedule; and
 - (b) payable under section 74AA in respect of any works licence under section 67.
- (2) In this section *payment of money to which this section applies* means a payment in satisfaction of a part of a fee fixed by an Authority under section 264 for the licence, being that part of the fee that relates to any period on or after the appointed day.

42 Evidentiary provision, fees under section 264

- (1) If, in any proceedings under this Act or regulations or by-laws made under this Act, the amount of water taken under a take and use licence in a water system during the fee period for the purposes of the land specified in the licence, is relevant, evidence may be given of the amount of water computed by the Authority having regard to the total amount of water recorded by a water meter as having been taken during the fee period for the purposes of that land, and that evidence, in the absence of evidence to the contrary, is proof of

the amount of water taken for the purposes of the land.

- (2) In this section, *fee period*, in relation to a take and use licence, means the period for which a fee is fixed under section 264 in respect of the licence and in which the appointed day for the water system from which water is taken under the licence occurs.

Division 3—Fees under Part 4 of this Act

43 Power of Authority to require payment after appointed day

The declaration of an appointed day for a water system, is to be taken not to affect the power of the Minister under Part 4 of this Act to obtain payment on or after the appointed day for that part of a fee, fixed by the Minister for a take and use licence in the water system, that applies to any period before the appointed day.

44 Application of fees under Part 4 of this Act by the Minister after the appointed day

- (1) If, before the appointed day for a water system, the holder of a take and use licence in the water system, has made a payment of money to which this section applies to the Minister, the Minister may apply that money on and after the appointed day to satisfy any fee—
- (a) payable on or after the appointed day in respect of any—
- (i) water share; or
- (ii) water-use licence—
- deemed to be issued or granted in respect of that take and use licence under this Schedule; and

(b) payable under section 74AA in respect of any works licence under section 67.

- (2) In this section *payment of money to which this section applies* means a payment in satisfaction of a part of a fee fixed by the Minister under Part 4 of this Act for the licence, being that part of the fee that relates to any period on or after the appointed day.

45 Evidentiary provision, fees under Part 4 of this Act

- (1) If, in any proceedings under this Act or regulations or by-laws made under this Act, the amount of water taken under a take and use licence in a water system during the fee period for the purposes of the land specified in the licence, is relevant, evidence may be given of the amount of water computed by the Minister having regard to the total amount of water recorded by a water meter as having been taken during the fee period for the purposes of that land, and that evidence, in the absence of evidence to the contrary, is proof of the amount of water taken for the purposes of the land.
- (2) In this section, *fee period*, in relation to a take and use licence, means the period for which a fee is fixed under Part 4 of this Act in respect of the licence and in which the appointed day for the water system from which water is taken under the licence occurs.

Part 10—Miscellaneous provisions

46 Transitional provisions—Water (Resource Management) Act 2005

Despite the repeal of section 13 by section 7 of the **Water (Resource Management) Act 2005**, any qualification made by the Minister under that section before its repeal continues to apply.

Minister's second reading speech—

Legislative Assembly: 26 May 1989

Legislative Council: 15 November 1989

The long title for the Bill for this Act was "A Bill to re-state, with amendments, the law relating to water in Victoria, to repeal the **Dandenong Valley Authority Act 1963**, the **Drainage of Land Act 1975**, the **Geelong Waterworks and Sewerage Act 1958**, the **Groundwater Act 1969**, the **Latrobe Valley Act 1958**, the **Mildura Irrigation Trusts and Sunraysia Water Board Act 1958**, the **River Improvement Act 1958**, the **Sewerage Districts Act 1958**, the **Victorian Water and Sewerage Authorities Association Act 1981**, the **Water Act 1958**, the **West Moorabool Water Board Act 1968** and certain other Acts, to amend the **Land Act 1958** and for other purposes."

The **Water Act 1989** was assented to on 5 December 1989 and came into operation as follows:

Section 328 on 5 December 1989: section 2(2); section 329 on 6 July 1988: section 2(3); rest of Act (*except* Schedule 13 items 10, 23, 24) on 1 November 1990: Government Gazette 15 August 1990 page 2473; Schedule 13 items 10, 23, 24 on 1 September 1991: section 2(1).

INTERPRETATION OF LEGISLATION ACT 1984 (ILA)

Style changes

Section 54A of the ILA authorises the making of the style changes set out in Schedule 1 to that Act.

References to ILA s. 39B

Sidenotes which cite ILA s. 39B refer to section 39B of the ILA which provides that where an undivided section or clause of a Schedule is amended by the insertion of one or more subsections or subclauses, the original section or clause becomes subsection or subclause (1) and is amended by the insertion of the expression "(1)" at the beginning of the original section or clause.

Interpretation

As from 1 January 2001, amendments to section 36 of the ILA have the following effects:

- **Headings**

All headings included in an Act which is passed on or after 1 January 2001 form part of that Act. Any heading inserted in an Act which was passed before 1 January 2001, by an Act passed on or after 1 January 2001, forms part of that Act. This includes headings to Parts, Divisions or Subdivisions in a Schedule; sections; clauses; items; tables; columns; examples; diagrams; notes or forms. See section 36(1A)(2A).

- **Examples, diagrams or notes**

All examples, diagrams or notes included in an Act which is passed on or after 1 January 2001 form part of that Act. Any examples, diagrams or notes inserted in an Act which was passed before 1 January 2001, by an Act passed on or after 1 January 2001, form part of that Act. See section 36(3A).

- **Punctuation**

All punctuation included in an Act which is passed on or after 1 January 2001 forms part of that Act. Any punctuation inserted in an Act which was passed before 1 January 2001, by an Act passed on or after 1 January 2001, forms part of that Act. See section 36(3B).

- **Provision numbers**

All provision numbers included in an Act form part of that Act, whether inserted in the Act before, on or after 1 January 2001. Provision numbers include section numbers, subsection numbers, paragraphs and subparagraphs. See section 36(3C).

- **Location of "legislative items"**

A "legislative item" is a penalty, an example or a note. As from 13 October 2004, a legislative item relating to a provision of an Act is taken to be at the foot of that provision even if it is preceded or followed by another legislative item that relates to that provision. For example, if a penalty at the foot of a provision is followed by a note, both of these legislative items will be regarded as being at the foot of that provision. See section 36B.

- **Other material**

Any explanatory memorandum, table of provisions, endnotes, index and other material printed after the Endnotes does not form part of an Act. See section 36(3)(3D)(3E).
