Recalling also its resolutions 33/89 of 15 December 1978, 34/184 of 18 December 1979, 36/191 of 17 December 1981, 37/220 of 20 December 1982, 38/163 of 19 December 1983, 39/168 of 17 December 1984 and 40/198 of 17 December 1985, dealing with the implementation and financing of the Plan of Action to Combat Desertification,

Recalling further its resolution S-13/2 of 1 June 1986, by which it adopted the United Nations Programme of Action for African Economic Recovery and Development 1986-1990,

Noting with dismay and grave concern the continuing spread and intensification of desertification in developing countries, especially in Africa, and the unprecedented human suffering, economic losses and social disruption caused by that phenomenon,

Recognizing that problems such as desertification affect all countries through world aid and trade flows, food shortages and periodic famines, political instability and, most of all, the adverse effects on resources and world recovery,

Having considered the report of the Secretary-General on the implementation and financing of the Plan of Action to Combat Desertification⁶⁵ and the notes by the Secretary-General concerning desertification and drought,⁶⁶

Having also considered the report of the Governing Council of the United Nations Environment Programme on the work of its fourteenth session,⁴⁹ and Governing Council decision 14/15 of 18 June 1987 on desertification,⁴⁶

1. Takes note of decision 14/15 A of the Governing Council of the United Nations Environment Programme;

2. Urges Governments, organizations of the United Nations system and other intergovernmental bodies to intensify their efforts to combat desertification, to continue to give priority to measures recommended in the Plan of Action to Combat Desertification and by the Governing Council in decision 14/15, and to increase assistance to the countries concerned, with a view to the implementation of their national and regional programmes aimed at desertification control;

3. Notes the significant role that non-governmental organizations are continuing to play in efforts to combat desertification and calls upon Governments and organizations of the United Nations system and other intergovernmental bodies to explore all possibilities for increasing their participation in these efforts;

4. Urges the Governments of countries affected by desertification to accord sustained priority to medium-term and long-term strategies and programmes for combating desertification and to ensure that these are smoothly integrated with their national development

plans and the regional co-operative programmes to curb the spread of environmental degradation;

5. Requests the Governing Council to submit a report to the General Assembly at its forty-fourth session, through the Economic and Social Council, on the progress achieved in implementing the measures approved by the Governing Council to enhance the work of the Inter-Agency Working Group on Desertification;

6. Also requests the Governing Council to report to the General Assembly at its forty-fourth session, through the Economic and Social Council, on the progress made in the implementation of the Plan of Action.
